Motion to adjourn made by Mr. Van Etten, seconded by Mr. McAllister and duly carried.
The County Legislature of the County of Steuben convened in Regular Session in the Legislative Chambers, Bath, NY on Monday, the 25th day of January, 2010, at 10:00 a.m. and was called to order by the Chairman of the Legislature, Patrick F. Donnelly.

Roll Call and all members present except Legislator Swackhamer.

Mr. Nichols provided the Invocation and the Pledge of Allegiance was led by Mr. McAllister.

Chairman Donnelly asked Janette Kenyon to come forward. Ms. Kenyon is an employee in the Department of Social Services. He presented her with a Certificate of Appreciation and a pin in recognition of her 15 years of service to Steuben County.

The Clerk of the Legislature asked Tina Goodwin and Marcy Beyor to come forward. Ms. Beyor nominated Ms. Goodwin for Employee of the Month for the Month of February.

Ms. Beyor read the following nomination: Tina Goodwin joined the 911 Department in 2005 as a Supervising Dispatcher. She worked diligently to be the best Supervisor she could be. Tina and the rest of the group of Dispatchers and Supervising Dispatchers were a vital part of the 911 center becoming operational in May of 2005. Besides spending several weeks in training, which involved a tremendous amount of learning and role playing, this group also worked on various forms including the Policies and Procedures for the department. In January of 2008, Tina was promoted to Deputy Director. As is her nature, she worked diligently to give her best. She was actually doing double duty. While striving to learn her new duties and responsibilities, she filled in as Dispatcher and Supervising Dispatcher when needed, which was quite often during that transition. The Director resigned in August 2008 and Tina put on another “hat” and took on the duties of the Director, along with her duties as Deputy Director and filling in for Supervising Dispatchers. During this time, because of the huge responsibilities that seemed to keep piling up on her, she was unable to take any time off, including a yearly family vacation. She gave up untold hours of family time to keep the 911 Center running efficiently. Some relief came for her in December 2008 when David Hopkins returned to 911 as the Director. Tina continues to work diligently and faithfully for the 911 Center. She has done so from Day 1. While you are considering this request, ask yourself a few questions. If Tina was not so dedicated and jumped off the ship in August of 2008 when the responsibilities and duties became overwhelming, who would have stepped in? Who would the Supervising Dispatchers have called at all hours of the night for various problems? Who would have come into the center at 4am to work on the primary ops floor because there wasn’t enough staff? Who would have come in at 8am and stayed until midnight? Who would have sacrificed untold hours of family time to keep the 911 Center running as smoothly as possible? Tina Goodwin is a diligent, dedicated employee who deserves to be recognized for her outstanding commitment to the 911 Center as well as the residents of Steuben County.

Ms. Goodwin stated it is a privilege to work for 911. We have a wonderful team there and I’m very proud to serve as Deputy Director of that department. Thank you all very much. CONGRATULATIONS TINA!

Chairman Donnelly opened the floor for comments by members of the public. There being none, he declared the public comment portion of the meeting closed.

*Motion approving the minutes of the previous meetings made by Mr. Farrand, seconded by Mr. McAllister and duly carried.*
Mr. Ryan thanked Dan McRae for providing him with a list of men and women of Steuben County actively serving in the military. As such, I would like to read into the record the names of those individuals, ten at a time, at each monthly meeting.

RESOLUTION NO. 013-10

Introduced by J. Hauryski. Seconded by D. Farrand.

AUTHORIZING AN AMENDMENT OF THE MASTER AGREEMENT BETWEEN COUNTY OF STEUBEN AND STEUBEN RURAL ELECTRIC COOPERATIVE, INC. TO CONSENT TO CONVEYANCE OF THE LEASEHOLD INTEREST IN THE PROPERTY FOR THE GAS TO ENERGY PROJECT TO THE STEUBEN COUNTY INDUSTRIAL DEVELOPMENT AGENCY.

WHEREAS, by Resolution No. 086-08 duly adopted April 28, 2008 Local Law No. Four for the Year 2008 authorizing the lease of a portion of the Steuben County Landfill together with gas assignments and other requisite documentation for such purposes to implement a Gas to Energy Project at said Landfill was enacted; and

WHEREAS, by Resolution No. 161-08 duly adopted September 22, 2008 Steuben Rural Electric Cooperative, Inc. (hereinafter “SREC”) was designated as the preferred developer pursuant to Local Law No. Four for the Year 2008 authorizing the lease of a portion of the Steuben County Landfill together with gas assignments and other requisite documentation for purposes of implementing a Gas to Energy Project (hereinafter “the Project”) at said Landfill; and

WHEREAS, following negotiations of SREC the parties entered into an agreement for purposes of implementing the Project, hereinafter referred to as “the Master Agreement” and a lease for the purposes of conveying the appropriate and necessary interests in real property upon which the project will be constructed, and hereinafter referred to as “the Master Lease Agreement”; and

WHEREAS, Article XII of the Master Agreement together with Article C Section 8 of the Master Lease Agreement require that the County approve and consent to any sublease or conveyance of the Project; and

WHEREAS, SREC has made application to the Steuben County Industrial Development Agency (hereinafter “SCIDA”) for an inducement resolution authorizing the Steuben County Industrial Development Agency to (i) take title to or a leasehold interest in approximately two acres of land located at the existing Steuben County Landfill on Turnpike Road, in the Town of Bath, Steuben County, New York (the “Land”); (ii) appoint Steuben Rural Electric Cooperative, Inc. as its agent to undertake a certain project; (iii) hold a Public Hearing with respect to the Project; (iv) negotiate and execute an agent agreement, lease agreement, leaseback agreement, payment-in-lieu-of-tax agreement and related documents; (v) provide financial assistance to the company in the form of (A) a partial real property tax abatement through the Pilot Agreement, (B) if necessary, a sales tax exemption for purchases and rentals related to the acquisition, construction and equipping of the Project, and (C) if necessary, a mortgage recording tax exemption for the financing related to the Project; and (vi) execute related documents; and

WHEREAS, the conveyance of such title or leasehold interest necessitates the County’s consent pursuant to the Master Agreement and Master Lease Agreement.

NOW THEREFORE, BE IT

RESOLVED, the County of Steuben does hereby consent to the aforementioned conveyance of title or leasehold interest to SCIDA subject to review of the Amendment to the Master Agreement by the Steuben County Law Department with advice and consent of the Public Works Committee and the execution of same by the County Administrator as the designated representative of the County of Steuben; and be it further

RESOLVED, nothing contained herein or the documentation implementing such consent shall diminish or alter any and all obligations under the Master Agreement between SREC and the County of Steuben; and be it further

RESOLVED, SREC shall continue to hold harmless the County of Steuben pursuant to the Master Agreement; and be it further

RESOLVED, certified copies of this resolution shall be forwarded to Richard A. Moyle, Consultant, Steuben Rural Electric Cooperative, Inc., 9 Wilson Avenue, Bath, New York 14810-1633; James P. Sherron, Executive Director,
Mr. Alger stated the agreement we have with SREC requires them to ask permission to enter into a sublease or agreement. Under this proposal SREC is requesting to place the third engine in the facility earlier. Part of the process would require them to work with SCIDA to do that. SCIDA will take leasehold ownership of the property to enter into a PILOT agreement for property taxes and then it will be leased back to them. It allows us to receive additional revenue from the engine being installed earlier. We are just allowing SREC to sublease the facility to SCIDA.

Mr. Van Etten asked when will the facility be put into operation? Mr. Alger stated we are looking at sometime this summer. Mr. Spagnoletti stated the end of July.

**Vote:** Roll Call – Adopted. (Nichols abstained)

Jeff Parker stated he would like to recognize Walter Freeman, who recently passed away. Walter Freeman was a board member of the Steuben County Soil and Water Conservation District. He served a total of 22 years with 15 of those years as the Chairman. Walt was the Pomona Grange representative and truly believed in the conservation of the land and the mission of the Steuben County Soil and Water Conservation District. He was the first individual who received the Cooperator of the Year award in 1963 before he became a member of the Soil and Water Conservation District Board. It was during his tenure that the District excelled in both the agricultural and non-agricultural arena delivering programs that protected Steuben County’s natural resources. Under Walt’s direction, the District has excelled in rural storm water activities as well as maintaining the traditional agricultural related programs offered federally and statewide. The District has grown tremendously under his direction. He proved that on his own farm, living and breathing conservation every day. His farm in Jasper can be seen from the nearby hillsides showing conservation at its best; practices from diversion ditches, strip cropping and ponds. His legacy is certainly seen in the landscape as conservation. At its best, protection of soils from agricultural erosion was his greatest love and for that we are thankful. While serving in a voluntary position to enhance agricultural and non-agricultural conservation programs, Walt’s attitude of service and protection for natural resources for Steuben County will never be forgotten and he will be missed greatly.

Motion to adjourn Regular Session and reconvene in Executive Session Pursuant to Public Officers' Law, Article 7§ 105.1.E. Collective Negotiations Pursuant To Article Fourteen Of The Civil Service Law made by Mr. Van Etten, seconded by Mr. Nichols and duly carried.

Motion to adjourn Executive Session and reconvene in Regular Session made by Mr. McAllister, seconded by Mr. Crossett and duly carried.

Motion to adjourn made by Mr. McAllister, seconded by Mr. Crossett and duly carried.
The County Legislature of the County of Steuben convened in Regular Session in the Legislative Chambers, Bath, NY on Monday, the 22nd day of February, 2010, at 10:00 a.m. and was called to order by the Chairman of the Legislature, Patrick F. Donnelly.

Roll Call and all members were present.

Mr. Swackhamer provided the Invocation and the Pledge of Allegiance was led by Mr. Farrand.

Chairman Donnelly asked Cynthia Jenkins to come forward. Ms. Jenkins is an employee in the Department of Social Services. He presented her with a Certificate of Appreciation and a pin in recognition of her 20 years of service to Steuben County.

Chairman Donnelly asked Shelly Bentley to come forward. Ms. Bentley is an employee in the Department of Social Services. He presented her with a Certificate of Appreciation and a pin in recognition of her 20 years of service to Steuben County.

Chairman Donnelly opened the floor for comments by members of the public.

Dennis Carlson, Wayne, stated I’m a Wayne Town Councilperson, Keuka Lake Association member, and Keuka Lake Association Board member. This morning I am speaking in representation of myself, although I know many area residents that feel similar to me on this particular issue. I wish to express concern regarding the proposed Waste Water Disposal Site in Pulteney that, until recently, was being pursued by Chesapeake/Appalachia. This concern stems from the fact that the area for this proposal is located in one of the most precious locations in New York State. Precious in the fact that it is in the heart of the wine country, a center for tourism and a location that is the basis for the economy in the area. The proposal for the site was less than one mile from Keuka Lake that is classified as a AA lake, making it the source of drinking water for 20,000 people. It would have been located in a watershed that not only feeds this lake but represents an additional source of household and agricultural moisture. There have been too many reports from other areas such as DISH, Texas and Harrisburg, PA, where a “story” was presented as to the safety of such activity only to be surprised after the fact. I ask that the Steuben County Legislature and appropriate County resources remain involved in this matter and like matters as they would relate to public health and safety, public works and the impact on roads, bridges and the negative economic impact this and like projects could have in regard to the Keuka Watershed. In 2009, Keuka Lake was ranked in the top five most desirable lakes in the country. We want to keep it that way. I am sure that everyone in this room is aware of the value that the three Steuben County towns that border Keuka contribute in the way of property taxes to Steuben County (16% of the total County tax levy). It would be devastating to the remaining towns within Steuben County if this level of contribution was lost. It is only a matter of time before other like requests come to the table and we need to be prepared. I ask that you take steps now that will not allow proposals of this nature to move forward. Thank you.

Chairman Donnelly thanked Mr. Carlson for his comments. There being no further comments, he declared the public comment portion of the meeting closed.

The minutes of the previous month’s meetings were approved upon the motion of Mr. Van Etten, seconded by Mr. McAllister and duly carried.

Mr. Ryan thanked the following active military service people: David Hunt, James Garafolo, Craig Boccia, Bill Kays, Daniel McAllister, Daniel Guthrie, Jonathon Van Durme, Joshua Steinhilber, Mathew Randazzo, Timothy Brownell and Kirk McManus.

WHEREAS, said Steuben County Hall of Fame Committee has solicited nominations from citizens of Steuben County for the induction of three (3) persons into the Hall of Fame, selected this year; and

WHEREAS, nominations were allowed to be made by anyone; there were no limits on the number of nominations; the nominees could be living or dead; male or female; could have been born elsewhere as long as they
enhanced the name of Steuben County; may have helped develop the County; may have been Steuben County natives who gained fame elsewhere, or those who should be especially remembered; and

WHEREAS, the Steuben County Hall of Fame Committee is authorized to be composed of ten (10) persons representative of the people of Steuben County, has reviewed the nominations submitted and has recommended the names of three (3) persons to be inducted into said Hall of Fame this year.

NOW THEREFORE, BE IT

RESOLVED, that this Steuben County Legislature does hereby receive, approve, ratify and confirm the selection and recommendation of the Steuben County Hall of Fame Committee for honoring and inducting into the Steuben County Hall of Fame the following named persons:

1. **Bill T. Jones** – He was born in 1952 in Bunnell, Florida, the 9th of 12 children of migrant farm workers. His parents moved from rural Florida when he was three years old and he grew up in Wayland, New York. After graduating from high school, he attended the State University of New York at Binghamton and took up movement and dance. While there, he met Arnie Zane, who became his partner in business as well as in life. In 1973, the two men, along with Lois Welk and Jill Becker, formed the American Dance Asylum and started choreography works that tested the boundaries of modern dance. Jones and Zane scandalized some by incorporating partnering between men and addressed subjects such as racism and AIDS. In 1982 Jones and Zane formed the Bill T. Jones/Arnie Zane & Company, now the Bill T. Jones/Arnie Zane Dance Company. In the wake of Zane’s death and the death of another member of the company, Jones, who himself is HIV-positive, crafted some of his most powerful works, including *Last Supper at Uncle Tom’s Cabin/The Promised Land* (1990) and *Still/Here* (1994). In 2007, Bill T. Jones received a Tony Award for best choreographer for his work in the musical *Spring Awakening*. In addition, he has received numerous awards in the performing arts, including the McArthur “Genius” Grant. His memoir, *Last Night on Earth* (1995 with Peggy Gillespie) was a compelling narrative of his life that revealed the issues that animated and motivated him.

2. **Francis Marion McDowell** – He was born on June 12, 1831 in Wayne, New York, eldest son of Matthew and Marie Mitchell McDowell. He was educated in the common schools of his native town and in the old institution in Alfred, NY which has since become known as Alfred University. After leaving Alfred he taught for a short time in the schools of his hometown, but at the age of 20 went to New York City where he became a partner in the banking and brokerage firm of Hallett & Company. During his connection with the firm he made several trips to Europe and while in London met and married Josephine Spang of Philadelphia, who died a few short years later. In the early 1860’s Francis McDowell returned to his native hometown of Wayne, NY and became engaged in grape growing on the shores of Keuka Lake. At a fruit fair in Hammondsport, he met William Saunders who had been sent by the Bureau of Agriculture in Washington, D.C. to investigate the grape industry. Mr. Saunders spoke to him of the Grange movement which was just beginning and Mr. McDowell expressed an interest to help. The following winter he went to Washington, D.C. and became one of the seven founders of the Order of the Patrons of Husbandry – The Grange. Francis McDowell suggested the order of the seven degrees on which The Grange was organized and wrote the Seventh Degree (National Grange). In 1873 he was elected the third Treasurer of the National Grange and served until 1893. Also in 1873 he was the Presiding Officer at the first session/organization of the New York State Grange. Francis met and married his second wife, Eva Sherwood in 1874 and they lived at the homestead in Wayne until his death. In 1887 he was selected to be the first High Priest of the Assembly of Demeter, the body that governs the Grange ritual. Francis McDowell attended every National Grange session from the first session until his death on March 24, 1894.

3. **Uri Mulford** – He was born in Lamb’s Creek, Pennsylvania, the 4th son of 7 sons and 1 daughter of Eleazer Perry and Sarah Jane (Davis) Mulford. He was the great-grandson of Colonel Eleazer and Mary (Miller) Lindsley, the founders of the Town of Lindley, New York in 1790. Uri’s family moved to Corning when he was five years old and he spent most of life in Corning. He was educated at the old Union School and at a boy’s school in Allentown, Pennsylvania. When Uri Mulford was 17 he became an apprentice in a newspaper and general printing office and at intervals also worked with his father who was the owner of a large farm and sawmill. In 1871 he worked as Assistant Superintendent with his father in constructing and operating sawmills in Louisiana. In 1872 at the age of 19, Uri moved back to New York and started a newspaper, *The Weekly News* in Moravia, NY and then moved that paper to Auburn, NY in 1874 where it became known as *The Auburn True Press*. The office and equipment was destroyed by fire
in 1875. From 1877 – 1878 he was the manager and editor of *The Corning Independent* a publication which supported the Grange and Labor Movement which became instrumental in forming the “Greenback Party”. Between 1878 and 1887 Uri worked for newspapers in Auburn, Syracuse and New York City before finally working for the *Bath, New York Courier*. In 1887 he resigned to join the Genesee Conference of the Methodist Episcopal Church and due to ill health resigned as Pastor in 1890 and moved back to Corning. Uri Mulford also worked for five years as a traveling agent for the New York and Pennsylvania Telephone and Telegraph Company where his territory encompassed 14 counties and he organized numerous auxiliary companies extending toll lines over 1,400 miles and establishing 19 exchanges. In 1904 he became the City Editor of the *Corning Daily Journal* until 1918 when he became Branch Manager of the *Elmira Advertiser*. Uri began his own business at 30 Jenning’s Street in Corning in 1923. Although Uri Mulford made many contributions, perhaps his greatest achievement was publishing the book *Pioneer Days and Later Times of Corning and Vicinity*.

**BE IT FURTHER RESOLVED**, the Agriculture, Industry and Planning Committee and the County Historian, for an on behalf of the Steuben County Legislature, shall take all necessary steps and ceremony to appropriately enroll and enshrine the names of the inductees into the Steuben County Hall of Fame; and be it further

*Motion to adjourn made by Mr. Farrand, seconded by Mr. Palmesano and duly carried.*
The County Legislature of the County of Steuben convened in Regular Session in the Legislative Chambers, Bath, NY on Monday, the 22nd day of March, 2010, at 10:00 a.m. and was called to order by the Chairman of the Legislature, Patrick F. Donnelly.

Roll Call and all members were present.

Mr. Nichols provided the Invocation and the Pledge of Allegiance was led by Mr. Crossett.

Chairman Donnelly asked James Warner to come forward. Mr. Warner is an employee in the Probation Department. He presented him with a Certificate of Appreciation and a pin in recognition of his 10 years of service to Steuben County.

Chairman Donnelly asked Joseph Baroody to come forward. Mr. Baroody is an employee in the Probation Department. He presented him with a Certificate of Appreciation and a pin in recognition of his 25 years of service to Steuben County.

Chairman Donnelly presented Sheriff Joel Ordway with the New York State Sheriffs’ Association’s Innovative Program Award for his Pharmaceutical Waste Collection Program. Sheriff Ordway stated it was a total team effort. Thank you.

Chairman Donnelly opened the floor for comments by members of the public.

John Benson, Beaver Dams, stated I would like to draw your attention to an issue in Hornby that has to do with hydrofracking and gas drilling. I conducted a survey of various people asking them what fracking is and I was amazed at the responses I received. Nobody knows what it is. Gas drilling is upon us and it is going to be bigger than life. I believe there is a lot of ignorance, confusion and deception out there regarding this issue. I’ve distributed a list of questions that I would like you all to think about. I would also like to know if there is a person or committee of this group that people like I can go to find out what is happening. The guidelines are from DEC and that strikes me. It makes me nervous. I think we are all going to be looking to you for guidance. We hope that you are ahead of this thing that is coming quickly. If you can’t answer some of those questions I gave to you, you might want to find out what is involved. Thank you. Chairman Donnelly thanked Mr. Benson for his comments.

Richard McCandless stated he would like to begin by thanking the department heads for giving their time to present information regarding their departments to the interns. We have had over 1,000 students participate in this program. This semester we have 20 students, consisting of 17 seniors and 3 juniors. He introduced the interns to the Legislature. Chairman Donnelly thanked Mr. McCandless for his presentation.

Janice Young, Partnership Specialist for the U.S. Department of Census, Elmira region, stated as all of you know the census is required by the Constitution to take a count every 10 years of all of the nation’s residents. It is used primarily for apportionment. New York State stands to lose one, possibly two, congressional seats. It also provides the data for funds that trickle down to local governments. We are using a mail-back enumeration to conduct the count. This year the mail-back enumeration has 10 short questions that are very simple and safe. In prior years there was a long form and it was by chance who received it. The long form is still in existence, but it is a random community survey that is done monthly. I can’t stress enough how important it is for you to return your form.
Mr. Ryan asked if you receive the short form, is there a chance you will also receive the long form? Ms. Young stated it is possible. You are required by law to fill out both of them. The good news is that if you receive the random long-form survey, you won’t receive it again for another 5 or 6 years. You must fill out every question but your data is held sacred by Article 13 of the Constitution, which means it is kept confidential for 72 years. It is a misunderstanding that your personal data is distributed to other agencies or to the President. It goes to the National Archives and is held there for 72 years. This is basically why the census isn’t done electronically. Additional information is very accessible on the census website.

Mr. Nichols asked are the Amish included in the census? Mrs. Young stated one of my jobs is to reach specific communities like that. We’ve reached out to all of the Amish schools and we’ve also been going to blood drives to collect information. The Amish are first to appear for blood drives and once they know that the census is a civic responsibility, they participate.

Mr. Weaver stated I have two kids in college. Do they get counted at college or on the survey sent to my home? Ms. Young stated they are counted where they live in college, if it is outside of Steuben County.

Mr. Donnelly asked do college students receive a questionnaire or are they counted en mass? Mrs. Young stated they receive their own questionnaire.

Mr. Van Etten stated there are also fraud perpetrators out there trying to get your information. Is your department actively monitoring that or is there a mechanism where we can notify you of that? Ms. Young stated it should be reported to the local police. Primarily in the fraud they are asking for bank account numbers or social security numbers. These are things that would never be asked on the form. Fraud should be reported to the police so they can do the follow up because we don’t have the capability at the Census Bureau to follow up on these complaints.

Mrs. Young noted that you should never let anyone in your door claiming to be a census employee unless they have a badge and an additional picture ID. You should also look for a sign in their car. Thank you very much for your time. Mr. Donnelly thanked Mrs. Young for her presentation.

**Motion approving the minutes of the previous month’s meeting made by Mr. Weaver, seconded by Mr. McAllister and duly carried.**

Mr. Creath stated in response to the gentleman who spoke under Public Comments, the Agriculture, Industry and Planning Committee has included the topic of Natural Gas Regulation on its April Agenda. We will be considering a proposal for a Natural Gas Advisory Board at our meeting on Monday, April 5th at 9:30 a.m. You are welcome to attend the meeting.

Mr. Creath announced that the Agriculture, Industry and Planning Committee has been invited to hold the June meeting at Gunlocke in Wayland. The June meeting will be held on Thursday, June 3rd.

Mr. Ryan recognized the following Steuben County residents: Stephen Galatio, Gregory Argentieri, Ryan O’Rourke, Chuck Coleman, Michael Ingham, Joe Testani, Fr. Patrick Van Durme, Michael Roberts, Patrick Duffy, Brandon Smith and Sopol Domm. These individuals are currently serving in the military on active duty. We thank them for their service.

Mr. Donnelly reminded the Legislators that they will be having lunch with the student interns immediately following the meeting.

WHEREAS, by Resolution dated March 11, 2010 the Steuben County Industrial Development Agency appointed Howard Wind LLC as its agent to undertake a certain project for the acquisition of leasehold interest in land in the Town of Howard and the construction and equipping on the Land of certain improvements consisting of twenty-five (25) wind turbines each with a generating capacity of 2.5 megawatts as well as related improvements; and

WHEREAS, the County is desirous of approving a Payment-In-Lieu-Of-Tax (“PILOT”) Agreement, which PILOT Agreement is to be approved by the various taxing jurisdictions; and

WHEREAS, the proposed PILOT Agreement calls for the payment to the taxing authorities of $8,300 per megawatt together with a 3% annual increase starting in 2013, compounded; and

WHEREAS, said PILOT Agreement calls for the proposed distribution of approximately 16½% to the County, 51½% to the Town, and approximately 32% to the school district.

NOW THEREFORE, BE IT

RESOLVED, that the County Administrator be and the same hereby is authorized and directed to execute the requisite documentation for approval and participation by and for the County in the aforementioned PILOT Agreement; and be it further

RESOLVED, certified copies of this resolution shall be forwarded to the Steuben County Industrial Development Agency, c/o Jack Benjamin, Acting Executive Director, 7234 Route 54 North, PO Box 393, Bath, NY 14810-0393; Donald F. Evia, Supervisor, Town of Howard, 3725 Mill Rd., Avoca, NY 14809; David Weyand, President Board of Education, Hornell City School District, 25 Pearl St., Hornell, NY 14843; Michael L. Nesbit, President Board of Education, Canisteo-Greenwood Central School District, 84 Greenwood St., Canisteo, NY 14823, the Steuben County Treasurer and the Director of the Real Property Tax Service Agency.

Mr. Alger stated this is payment in lieu of taxes (PILOT) agreement proposal for the wind project in Howard. The three taxing jurisdictions have agreed to this proposal. It will commence in 2011 for county tax purposes. After 2013, there is an escalator. The County will receive $2.3 million over the entire length of the agreement. The town receives the largest share. This particular split keeps with the agreement with the Town of Prattsburgh, if that project should ever be completed.

Mr. McAllister stated the PILOT amount is based upon capacity, not what is produced. Mr. Alger stated that is correct.

Mr. Van Etten stated if we don’t approve this PILOT and they were taxed normally, how much is the company saving? Mr. Ahrens stated they wouldn’t do the project if they didn’t have the PILOT. Mr. Van Etten asked will our IDA be taxed by the State for this project under the new IDA tax. Mr. Alger stated no. Discussion followed.

RESOLUTION NO. 061-10

Introduced by D. Creath. Seconded by S. Van Etten.

MEMORIALIZING THE GOVERNOR AND LEGISLATURE OF THE STATE OF NEW YORK IN OPPOSITION TO THE CLOSURE OF STATE PARKS.

WHEREAS, the Governor has proposed, as part of his budget plan, the closure of New York State Parks; and

WHEREAS, in these economically recessive times access to recreational opportunities which are cost affordable are desirable and necessary to the maintenance of the quality of life; and

WHEREAS, Steuben County is host to the Pinnacle, Indian Hills and Stony Brook State Parks, which parks are important components to citizens not only in Steuben County but throughout the Finger Lakes and Southern Tier regions; and
WHEREAS, in the event the State of New York should close these parks then the fairways, greens and infrastructure must be maintained to preserve the investment in these facilities.

NOW THEREFORE, BE IT

RESOLVED, this Legislature does hereby memorialize the Governor and the Legislature of the State of New York in opposition to the closure of State Parks, and in particular Pinnacle, Indian Hills and Stony Brook; and be it further

RESOLVED, certified copies of this resolution shall be forwarded to Governor David Paterson, Executive Chamber, State Capitol, Albany, NY 12224; Senate Minority Leader, Dean G. Skelos, 907 Legislative Office Building, Albany, NY 12247; Senate Majority Leader, Malcolm A. Smith, 909 Legislative Office Building, Albany, NY 12247; Assembly Speaker, Sheldon Silver, 932 Legislative Office Building, Albany, NY 12248; Assembly Majority Leader, Ron Canestrari, 926 Legislative Office Building, Albany, NY 12248; Assembly Minority Leader, Brian M. Kolb, 933 Legislative Office Building, Albany, NY 12248; Senator George H. Winner, Jr., Room 415, Legislative Office Building, Albany, NY 12247; and Assemblyman James G. Bacalles, 439 Legislative Office Building, Albany, NY 12248.

Mr. Ryan stated I can’t support this because we don’t have any information on how much it would cost to keep the parks open. Also, I know everyone here has complained about too much State spending and here they are making an offer to reduce spending but because it is in our own backyard, you are against it. I think it is hypocritical.

Mr. Swackhamer stated if we argue this, what are we going to do when they really start cutting? If we want the State to make cost reductions, we need to be ready to reduce expenses as well.

Mr. Nichols stated I brought this issue up because I was concerned that if they closed these, especially the golf courses, then they wouldn’t maintain the greens. If they let the greens go, the golf course is shot. They might better leave them open so they won’t have to spend considerable money to get them up and running again. I don’t want to see those resources go to waste.

Mr. Creath stated the parks are a service to the constituents and in times of economic downturn they provide a good opportunity for local “stay-cations”. They are valuable resources.

NOW THEREFORE, BE IT

RESOLVED, that the Steuben County Legislature does hereby oppose Governor Patterson’s proposal to dissolve the Genesee Valley Regional Market Authority; and be it further

RESOLVED, a certified copy of this resolution shall be forwarded to Governor David A. Paterson, State Capitol, Albany, NY 12224; Senator George W. Winner, Room 415, Legislative Office Building, Albany, NY 12247; Assemblyman James G. Bacalles, Room 439, Legislative Office Building, Albany, NY 12248; John Meyer, 9260 SR 21, Cohocton, NY 14826; William J. Mulligan, Jr., Administrator, Genesee Valley Regional Market Authority, 900 Jefferson Road, Rochester, NY 14623; Stephen J. Acquario, NYSAC Executive Director, 540 Broadway 5th Floor, Albany, NY 12207; InterCounty Association of Western New York, c/o Richard M. Calabrese, President, 20 Ontario Street, Canandaigua, NY 14424; and Patrick Hooker, Commissioner, NYS Agriculture & Markets, 10B Airline Drive, Albany, NY 12235.
Mr. Alger stated the Governor is proposing to eliminate the Genesee Valley Regional Market Authority. We have a representative that serves on the board of the authority. The authority provides an outlet for the distribution of agricultural products grown in Steuben County. Discussion followed.

Mr. Ryan noted that this resolution was approved by the InterCounty Association of Western New York last Friday.

**Vote:** Acclamation – Adopted.

*Motion to adjourn made by Mr. Hauryski, seconded by Mr. Weaver and duly carried.*
The County Legislature of the County of Steuben convened in Regular Session in the Legislative Chambers, Bath, NY on Monday, the 26th day of April, 2010, at 10:00 a.m. and was called to order by the Chairman of the Legislature, Patrick F. Donnelly.

Roll Call and all members were present except Legislators Roush and Ryan.

Mr. Creath provided the Invocation and the Pledge of Allegiance was led by Mr. Hauryksi.

Chairman Donnelly asked Darolene Grant to come forward. Ms. Grant is an employee in the Law Department. He presented her with a Certificate of Appreciation and a pin in recognition of her 10 years of service to Steuben County.

Chairman Donnelly asked George Sawyer to come forward. Mr. Sawyer is an employee in the Department of Social Services. He presented him with a Certificate of Appreciation and a pin in recognition of his 15 years of service to Steuben County.

Chairman Donnelly asked Lorraine Dwyer to come forward. Ms. Dwyer is an employee in the Department of Social Services. He presented her with a Certificate of Appreciation and a pin in recognition of her 10 years of service to Steuben County.

Chairman Donnelly asked Eric Robarge to come forward. Mr. Robarge is an employee in the Probation Department. He presented him with a Certificate of Appreciation and a pin in recognition of his 10 years of service to Steuben County.

Chairman Donnelly asked Cathy Hopkins to come forward. Ms. Hopkins is an employee in the Department of Social Services. He presented her with a Certificate of Appreciation and a plaque in recognition of her retirement following 31 years of service to Steuben County.

Teresa Deninger, Deputy DSS Commissioner, stated Cathy Hopkins started with the County as a Social Welfare Examiner and then transitioned to a Caseworker. She has investigated over 2,200 child investigative reports over the years. Congratulations on your retirement, you will be missed! Ms. Hopkins stated I had a lot of fun, great memories and bosses, but it is time to go. Thank you.

CONGRATULATIONS CATHY!

Chairman Donnelly stated it is with great pride and honor to find myself in the position to congratulate my brother, Martin Donnelly, on his retirement following 31 years of service to Steuben County.

Kathryn Muller, DSS Commissioner, stated Martin started with the County as a Social Welfare Examiner in 1979. Five years later a Caseworker, six years later, he became the department’s Staff Development Coordinator where he remained to complete his 30 + years of service. Martin’s retirement is certainly a loss of significance that will be felt by the Department of Social Services. He has been devoted to making Steuben County the lead in technology. With his experience in the various programs and his brilliant “techy” brain, Martin developed Steuben’s social service systems and computer operations beyond most counties across the State. Martin also prided his work in staff development. He promoted trainings and teamwork. His adage “happy to be here helping people” will be legendary. The concept of the “three p’s” evolved out of one of the trainings he coordinated. Standing for polite, professional, and positive, this motto was readily adopted by the department staff. Throughout his day, Martin incorporated his outrageous sense of humor. He is the translator of acronyms, carrying one of his own, B.S.M. “Big Strong Man”. He is a jack of all trades. He is the party planner, a professional photographer; he delivers babies, specializing in c-sections! He recently reminded us of the pied piper. When he cleaned out his office, the
mice started fleeing - and I mean fleeing! I have worked with Martin a short ten years. I will miss him for his expertise, his sense of humor and his commitment to advancing this county. I commend you for your service and thank you for your dedication. On behalf of the department and the county, congratulations on your retirement, Martin. CONGRATULATIONS MARTIN!

Mr. Donnelly thanked Commissioner Muller and the Legislature. Over the last 20 years, we’ve had a tremendous amount of latitude to pursue our own computer systems to make things more efficient. Because of that, we have become a leader in the State. Thank you.

Mrs. Kane asked Jeffery Haenisch to come forward. Mr. Haenisch was nominated for Employee of the Month by many different people. The original nomination came from Travis Waight and Che’ Martino, and received support from many of Jeff’s co-workers, supervisory staff and management. She read the following nomination: Jeff was nominated in the categories of outstanding job performance and commitment to the community through service to others. I’m sorry we don’t have enough time to tell you just how terrific Jeff is, but we’ll try to sum it up for you. Jeff puts in 100 percent every single day at work. It doesn’t matter what is going on, he is consistently “up”. He has taught us all just by his actions. He is the ultimate role model for both newer and more senior employees. He is the ultimate team player who never hesitates to pitch in helping others so that they can accomplish their goals. He is there not only as a co-worker, but a friend. One of the greatest compliments we could give him is to say that he is always there and that’s not a comment about his attendance. What we mean to say is that when you’re talking to Jeff, or working with Jeff, he is there – present in the moment – he is there for everyone. As far as Jeff’s community service – wow – Jeff was the chief organizer of the Lumber Jack & Jill Competition. He organized the “laps for life” at Camp Good Days; he has been a t-ball coach; Avoca Varsity Soccer Team Coach and he is a former business owner who is noted for his customer commitment. So many of us have “bucket lists” – lists of everything we want to do before we leave this life. Jeff is no exception – Jeff recently had the opportunity to cross off one of the items on his list – a trip to the Grand Canyon with his family. But you know something most of us don’t have – at the very top of Jeff’s list are some things that he strives for every single day – important priorities that he teaches everyone he comes into contact with on a daily basis through his actions and words. That is, spending time with your family, with your grandchildren. Enjoying your pursuits, in Jeff’s case, his farm, and being strong in one’s faith are most important. We are all better people having the opportunity to work and know Jeff and we are so pleased that you have selected him to be honored in this way. CONGRATULATIONS JEFF!

Commissioner Muller stated I’m here today on behalf of the Task Force for the Prevention of Child Abuse. In keeping with the National theme, Chairman Donnelly signed a Proclamation declaring April as Child Abuse Prevention Month. In our County alone, we receive approximately 1,800 reports each year. The Department of Social Services and the Steuben County Youth Bureau has maintained the task force for the past 20 years. We’ve held several activities throughout the month to increase awareness. Each year the task force determines the recipient of the Child Abuse Prevention Award based upon submitted nominations. This year’s award recipient is currently employed at the Steuben County Health Care Facility, but served many years as the County’s Public Health Educator in the Department of Public Health Nursing Services: Lorellie Evans. Lorellie has spent many years as a member of the task force. She was nominated by Beverly Butts the current Public Health Educator. Lorellie has a resume full of child safety prevention activities. Lorellie, it is because of your contributions to reduce child abuse and maltreatment that we present you with this award today. Mrs. Evans stated I can’t thank you enough for this. I’m extremely surprised by this. CONGRATULATIONS LORELLIE!

Chairman Donnelly opened the floor for comments by members of the public.

Mike Sweet, Bath, stated I’m here today to appeal to the Legislature to repeal an outdated Blue Book Law. This law creates unfair barriers for those who sell alcohol. There are only three counties in the State that still have this law. Steuben County’s industry is winery tourism. This law puts the wineries at an unfair disadvantage with Yates and Schuyler Counties. For a county whose businesses spend thousands of dollars each year advertising, they are handicapped by this law that is counter-productive to attracting visitors. To my knowledge, there is not a single business owner who sells alcohol that supports this law. It
is impossible to police and there are bigger issues for the Sheriff’s Department to deal with. Also, had it not been for Sheriff Ordway’s press release, many business owners would have forgotten. You have the opportunity to tell people that you support the tourism industry. Thank you.

Beth Miller, Wheeler, stated I applaud the decision of the AIP Committee to proceed with developing a Task Force on Marcellus Shale Drilling. I ask that you also consider a resolution requesting the State to withdraw the draft Supplemental Generic Environmental Impact Statement. It is fatally flawed. It doesn’t address radioactivity, the cumulative impact of the wells and the amount of staff needed to monitor the wells. We are creating a statewide coalition against hydraulic fracturing. Please ask the State for a moratorium until after their study is completed. DEC is not offering us any protection at this point. This is the most critical issue that our State has faced and it threatens our way of life. Thank you.

Elaine Swiler, Cameron, stated I heard that Corning is ranked number 7 and Elmira is ranked number 11 for cities with the cheapest homes. What this means is we don’t have an economic base. We need the drilling for the economy. I majored in Geology and I think it can be done appropriately. I’m in favor of it. The jobs in this county do not exist. I believe you as a Legislature should fight for responsible drilling. It may mean negotiations, not carte blanche, so you can keep your pristine tourism advantages. I believe you need to be able to dispose of the water and I believe there will be procedures to do this. Speak up to Albany and tell them we need this. People should be looking at the fact that our base in Steuben County is agriculture. I hope you will be proactive for us for drilling and increasing our economy. The money that comes back to us as farmers will be plowed back into the land. Thank you.

Rachel Treichler, Hammondsport, stated I’ve distributed a copy of a press release from DEC in which they announced that they will remove the New York City and Skaneateles (Syracuse) watersheds from the review because of the possible dangers to the watershed. If it is dangerous for their watershed, then it’s dangerous for our watershed. We need to follow suit with the Onondaga and Cortland County Legislatures and pass a resolution requesting the State to ban hydrofracking pending independent studies being completed. We need to understand the dangers of hydrofracking and the possible contaminants being released from the compressor stations. We need to take the time to make sure we understand it. Thank you.

Rosellen McFarland, Campbell, stated water is our most precious resource. Before we allow any kind of drilling in our area, we should be making sure that our water is tested. Please vote for a moratorium until we can find a way to get the gas out in a way that won’t hurt our water system.

Terry Gerych, Bath, stated it is nonsense that this can be done safely without environmental degradation. You will be well advised to think about it.

Dave Walczak, Bath, stated I’m here today to speak of our environment. We have a lot of water here and I think it is deserving of protection. The NYS environmental impact study is grossly inadequate. Even the EPA hasn’t given it good marks. On the DEC website, they have the statement “Everyone lives in a watershed, large or small, and all are part of the bigger environment.” I think DEC has lost their mark and it is time for local governments to step up to the plate. Please do an in-depth comprehensive study of this. Water pollution is irreversible. On the internet, you can find many cases in the country of problems caused from drilling. This will have a huge negative impact on our way of life. I listened to a sociologist from Athens, Pennsylvania, speak and you can’t believe how big this is when you have a boom town experience. It turns a County such as ours into something we won’t recognize after the fact. Less than 2 percent of the people will profit, but many will be negatively impacted. Thank you.

Gene Stolfi, Corning, stated I am a member of the Sierra Club and the Steuben County Environmental Management Council. Drilling through the groundwater causes pollution. The hole is pressurized exceeding 5000 psi. It will travel in all directions and there will be contamination and spills on the surface. The aquifer will be contaminated, the question is how much and where. There is no control. The taxpayers will be stuck forever to pay for something that up until now was free. Government agencies
must step up and be responsible for this. The only hope that our water supply remains safe is through our State and Federal agencies. Remember that groundwater moves slowly but continually. Thank you.

Lorin Cooper, Woodhull, stated I represent the Steuben County Landowners Coalition and I’m not here to badmouth people. Drilling has been done in New York State for 40 years and it has been done safely. Of all of the things investigated by the DEC, there have been no proven major problems. Hydrofracking can be done safely. DEC’s regulations are considered the best in the Country. I distributed a list of the top 30 taxpayers in Steuben County. You should note that ten of those on this list are companies related to gas drilling. The gas related agencies on this list provide about $3 million in County tax revenue right now. Taxpayers need to realize that without them, they will be paying more in taxes. The Steuben County Coalition of Landowners is going to be active in the political arena. There can be accidents, but they can be controlled. In Woodhull, there are people who can light their wells. That didn’t come from fracting, it came from drilling the well. There is methane in the wells already. The people who are overwhelmed with taxes can benefit from this. People have a right to earn income from their land. Our focus is going to be to support those politicians who support drilling. My guess is there are a lot more people in the county who are in favor of drilling than against it. Please contact your State representatives and tell them you support it. Thank you.

Jeff Heller, Bradford, stated I moved here just five years ago. I’m a conservationist, which by definition means: rational environmentalist. I would like you to try to view this issue as a cost versus benefit issue. Broome County alone estimates $6 billion in economic activity. Regarding the belief that there is radiation in the hydrofracking water; Penn State determined that the radiation is insignificant. Cornell University stated the concentration of the radiation in fracking water is less than the radiation found in a brick. Regarding the belief that drilling companies ruin the roads; yes, they ruin the roads but when they leave, the roads are better than when they first came. The 21st century is going to be the century of natural gas, whether Steuben County participates or not. Please let’s get moving with this. Thank you.

Mary Beth Gamba, Branchport, stated I’m very concerned about the impacts of drilling on our water, roads, tourism, wineries and farmers. The Yates County Legislature formed a task force in 2009 with the mission of addressing the environmental concerns. They developed a road use plan, reviewed the Environmental Impact Study and cited several concerns. Robert Multer, Chairman of the Yates County Legislature, sent a letter to DEC stating the importance of tourism to the area, the increase in farms in their area and the importance of agriculture in the area. They are protecting the Syracuse and New York City watersheds and they need to protect ours. You need to study the issues and protect the interests of the county residents.

Rita Petras, Cameron, stated I belong to the Steuben County Landowners’ Coalition. The unemployment figures are high in Steuben County. I think that it is in our best interest to drill. It will improve our tax base and we will have greater prosperity for the area. You need to take a look at the wells in Pennsylvania. Thank you.

Robert Dickinson, Hornellsville, stated I have an issue you might not be aware of and that is towing. My wife and I began a towing business five years ago in Hornellsville. We were extremely busy and received calls all the time. Since then, two larger towing companies moved into the area and I feel we are being pushed aside. Time wise, these other companies are making law enforcement wait an hour for a truck when I could be there in 5 minutes. There is no towing company rotation or towing districts in the County. I’ve spoken with E-911 and have been told they need direction from you. You need to regulate the towing so everybody gets a fair shake. Thank you for your time.

Tom Mackee, stated I’ve been a resident of the County for 26 years. I’ve watched Corning, Inc., reduce the amount of manufacturing jobs over those years. I own a farm now and have property elsewhere. After I retired I felt I needed to do some fighting for my rights in this County. My farm has gained very little in value over the years. So, I joined the Steuben County Landowners’ Coalition. There are two sides to every story. I support closed loop systems for drilling. Let them prove to you their technologies. Take a proactive stance on this. I haven’t seen improvement to this area in 26 years. Most of the kids are leaving
this area because they can’t find gainful employment. I think these companies can offer a lot, but in a way where we won’t feel stepped on. Thank you.

There being no further comments, Chairman Donnelly declared the public comment portion of the meeting closed.

The Clerk of the Legislature read the Official Notice of Public Hearing and submitted for filing Proofs of Publication and Proofs of Posting for the Public Hearing relative to land submitted for inclusion in certified agricultural districts 1, 2, 5, 13, 17, 22 and 23 during the 2010 annual thirty-day review period, to consider the recommendations of the Agricultural and Farmland Protection Board, and proposed modifications of said certified agricultural districts. Chairman Donnelly asked if there were any comments relative to the Public Hearing. There being none, he declared the public hearing closed.

The minutes of the previous month’s meeting were adopted upon the motion of Mr. Nichols, seconded by Mr. McAllister and duly carried.

RESOLUTION NO. 074-10

Introduced by P. McAllister.  
Seconded by S. Van Etten.

REMOVING THE RESTRICTIONS RELATIVE TO THE SALE OF WINE, BEER AND LIQUOR ON GOOD FRIDAY FROM 12 NOON TO 3 P.M.

WHEREAS, tourism is a major industry in Steuben County, a major component of which is related to the wine and grape industry; and

WHEREAS, it is the County’s desire to enable the tourism businesses to expand, flourish and effectively compete with all other areas of the State; and

WHEREAS, Steuben County is one of only three counties in the State which continues to restrict the sale of wine, beer and liquor on Good Friday from 12 Noon to 3 P.M.; and
WHEREAS, the current rules date to the previously abolished Steuben County Alcohol Beverage Control Board and have been carried forward.

NOW THEREFORE, BE IT

RESOLVED, restrictions relative to on premises wine, beer and liquor, off premises beer and off premises package liquor stores closing hours on Good Friday 12 Noon to 3 P.M. be and the same hereby are removed; and be it further

RESOLVED, a certified copy of this resolution shall be forwarded to the New York State Alcohol Beverage Control Board, Attn: Teri Weinheimer, Iskalo Electric Tower Bldg., Suite 303, Buffalo, NY 14203, and to the Steuben County Conference and Visitors’ Bureau, Attn: Peggy Coleman, 1 W. Market Street, Suite 301, Corning, NY 14830.

Mr. Walsh stated there 8,760 hours in a year and we are talking about 3 hours. How can those 3 hours make such a difference? If this affects their business that much, then the business probably isn’t in good shape to begin with. This proposal has another intention. Who would not believe that this is a direct assault against those with religious beliefs? If you had a good and decent mother that taught you to act ethically, vote no.

Mr. Farrand stated Jasper is one of the only towns in New York State that is a dry town. They have brought the vote to change it on 3 different occasions. I’ve received phone calls from several residents and church groups regarding this issue so I’m going to vote no.

Mr. Weaver stated why are religious groups against serving alcohol for 3 hours on Good Friday, but they allow the sale on Easter Sunday. It doesn’t make sense. We can’t legislate morality.

Mr. Van Etten stated I’m a Christian and do not drink. I receive no benefit from repealing this law. However, I think it is time this law is changed.

Mr. Palmesano stated I’m voting to repeal this law. From an economic perspective, our businesses have enough trouble competing in New York State. Since the ABC boards are no longer in existence, the enforcement falls to the Sheriff’s Department and they have better things to focus on. I understand the significance of the day but I think it should be a voluntary action. This is not an action against any particular faith. It is something that is outdated and if a business wants to restrict their sales that day, that is up to them. Free choice weighs more than the government telling them whether or not they can do it.

Mr. Swackhamer stated I’m going to vote against it. I do agree that it is a personal opinion because that is a special week.

Mr. Creath stated I’m supporting this action; regulation of alcohol is a State matter.

Mr. Nichols stated I’m going to vote against it to show respect for Good Friday and what it means.

Vote: Roll Call – Adopted. Yes: 5594; No: 2962; Absent: 1316

RESOLUTION NO. 075-10

REQUESTING THAT THE STATE OF NEW YORK DELAY THE IMPLEMENTATION OF THE IGNITION INTERLOCK PROVISIONS OF LEANDRA’S LAW.

WHEREAS, in late 2009 New York State enacted and passed into legislation “Leandra’s Law” which (a) added the category of “Child In Vehicle” to DWI Offenses, that has already been implemented; and (b) which added a section to
the Vehicle & Traffic Law requiring the installation and use of Ignition Interlock Devices as part of all DWI sentences in New York State, to be implemented effective August 15, 2010; and

WHEREAS, the legislation provided no direction or resources whereby the Ignition Interlock section of the legislation could be implemented; and

WHEREAS, in accord with the request of the Law, the New York State Division of Probation & Correctional Alternatives has prepared Proposed Regulations to direct implementation of this law; and

WHEREAS, the proposed regulations do not demonstrate how Counties are to organize and/or support the implementation of this program, and requires each County to demonstrate how the County will implement and fund this Program; and

WHEREAS, while Steuben County supports the intent of this legislation, it does not, in this time of severe fiscal crisis, have the resources to assume responsibility for yet another unfunded State mandate of this magnitude; and

WHEREAS, the State budget as proposed continues to reduce State Probation assistance to a historic low of 14% resulting in the Counties paying for the largest share of any new program.

NOW THEREFORE, BE IT

RESOLVED, that the Steuben County Legislature recommends and requests that the State of New York, delay implementation of the Ignition Interlock Program until appropriate resources can be identified and made available to the Counties for implementation of this Program; and be it further

RESOLVED, a certified copy of this resolution shall be forwarded to the Steuben County Probation Department; Steuben County Sheriff; Steuben County Treasurer; Governor David Paterson, Executive Chamber, State Capitol, Albany, NY 12224; Senate Majority Leader, Malcolm A. Smith, 909 Legislative Office Building, Albany, NY 12247; Assembly Speaker, Sheldon Silver, 932 Legislative Office Building, Albany, NY 12248; Assemblyman James G. Bacalles, 439 Legislative Office Building, Albany, NY 12248; Senator George H. Winner, Jr., Room 415, Legislative Office Building, Albany, NY 12247; Stephen Acquario, Esq., Executive Director, New York State Association of Counties, 540 Broadway, 5th Floor, Albany, NY 12207; and other appropriate organizations.

Mr. Alger stated the difficulty with this is the implementation and monitoring of the device. Currently the State is in the process of drafting regulations. They will require counties to submit a plan by the middle of May. We feel there isn’t enough time to put this into place by the August implementation date. More consideration needs to be given to the impact on local governments.

Mr. Swackhamer asked who would be installing this and what is the timeline? Mr. Alger stated the installation is done by a vendor. They are required to be within 50 miles of our area. At this point, there is one in the county that does provide the service. The cost typically is $100 for installation and $100 per month for monitoring.

Mr. Van Etten asked what is NYSAC’s stance on this issue? Mr. Alger stated they are in support of the delay in implementation.

Vote: Acclamation – Adopted.

RESOLUTION NO. 076-10

Introduced by P. McAllister.                Seconded by C. Ferratella.

MEMORIALIZING THE NEW YORK STATE ASSEMBLY AND SENATE IN SUPPORT OF ASSEMBLY BILL A-9919 AND SENATE BILL S-7338, ALLOWING FOR INCREASED REVENUE SHARING FOR ONLINE AND MAIL-BASED MOTOR VEHICLE TRANSACTIONS.
WHEREAS, the New York State Vehicle and Traffic Law places the responsibility of operating Department of Motor Vehicle ("DMV") offices to 51 counties across New York State through their respective County Clerks; and

WHEREAS, the County's current share of certain transaction fees is 12.7%, available only when the transaction is processed through a local County DMV office; and

WHEREAS, numerous time consuming, fee-exempt transactions are processed by local County DMV offices daily, resulting in a loss of funding for counties; and

WHEREAS, the Commissioner of Motor Vehicles has advised the New York State Association of County Clerks that 35 online transactions are currently available for customers via the NYS DMV website, with more virtual transactions expected in the near future, leaving the County with fewer revenue sharing opportunities.

NOW THEREFORE, BE IT

RESOLVED, the Steuben County Legislature supports New York State Assembly Bill A-9919 and Senate Bill S-7338, allowing County Clerks who operate DMV offices to retain a share of fees collected from county residents for motor vehicle transactions completed through the New York State DMV website and its mail-based service; and be it further

RESOLVED, certified copies of this resolution shall be forwarded to the Commissioner of the New York State Department of Motor Vehicles, 6 Empire State Plaza, Albany, NY 12228; Governor David A. Paterson, Executive Chamber, State Capitol, Albany, NY 12224; Senate Minority Leader, Dean G. Skelos, 907 Legislative Office Building, Albany, NY 12247; Senate Majority Leader, Malcolm A. Smith, 909 Legislative Office Building, Albany, NY 12247; Assembly Speaker, Sheldon Silver, 932 Legislative Office Building, Albany, NY 12248; Assembly Majority Leader, Ron Canestrari, 926 Legislative Office Building, Albany, NY 12248; Assembly Minority Leader, Brian M. Kolb, 933 Legislative Office Building, Albany, NY 12248; Senator George H. Winner, Jr., 105 E. Steuben Street, Bath, NY 14810; Assemblyman James G. Bacalles, 105 E. Steuben Street, Bath, NY 14810; Stephen Acquario, Esq., Executive Director, New York State Association of Counties, 540 Broadway, 5th Floor, Albany, NY 12207; and Richard Calabrese, President, InterCounty Association of Western New York, c/o Ontario County Board of Supervisors, 20 Ontario Street, Canandaigua, NY 14424.

Mrs. Hunter stated currently DMV offices do approximately 30 transactions for which we receive no fee. Several years ago the State redirected all of the mail transactions from the local DMV offices to the State offices. That impacted our revenues. We try to encourage people to come in locally to conduct their business. Now, with the introduction of online transactions, we are seeing more transactions being done online. While we would very much like to allow internet transactions through our County website, the State DMV will not allow it. Discussion followed.

Mr. Van Etten stated he would prefer memorializing the state requesting them to allow us to handle DMV transactions on our website. Mr. Alger stated this hopefully will raise awareness at the State level that if they keep siphoning off the fees from the county, it will result in our local DMV offices closing. Discussion followed.

Vote: Acclamation – Adopted.

Vote: Roll Call – Adopted.

Motion to adjourn Executive Session and Reconvene in Regular Session made by Mr. Farrand, seconded by Mr. Weaver and duly carried.

Motion to adjourn made by Mr. Van Etten, seconded by Mr. Swackhamer and duly carried.
The County Legislature of the County of Steuben convened in Regular Session in the Legislative Chambers, Bath, NY on Monday, the 24th day of May, 2010, at 10:00 a.m. and was called to order by the Chairman of the Legislature, Patrick F. Donnelly.

Roll Call and all members were present except Legislator Roush.

Mrs. Ferratella provided the Invocation and the Pledge of Allegiance was led by Mr. Weaver.

Chairman Donnelly asked Lise Reynolds to come forward. Ms. Reynolds is an employee in the Department of Social Services. He presented her with a Certificate of Appreciation and a pin in recognition of her 10 years of service to Steuben County.

Chairman Donnelly asked Mary Lisi to come forward. Ms. Lisi is an employee in the Sheriff’s Department. He presented her with a Certificate of Appreciation and a pin in recognition of her 25 years of service to Steuben County.

Chairman Donnelly asked Diana Marquez to come forward. Ms. Marquez is an employee in the Health Care Facility. He presented her with a Certificate of Appreciation and a watch in recognition of her retirement following 8 years of service with Steuben County. Nicole Walker, Assistant HCF Administrator, stated Ms. Marquez is a shy, honest, trustworthy and reliable employee who has worked the evening shift as a Certified Nursing Assistant. Thank you for your daily dedication and the tender touch you have given to the residents of the Health Care Facility and congratulations on your retirement.

Chairman Donnelly asked Paula Parker to come forward. Ms. Parker is an employee in the Department of Social Services. He presented her with a Certificate of Appreciation and a plaque in recognition of her retirement following 25 years of service with Steuben County. Ms. Parker stated it has been a pleasure; thank you very much.

Chairman Donnelly asked Ken Sherer to come forward. Mr. Sherer is the Steuben County Records Manager. He presented him with a Certificate of Appreciation and a plaque in recognition of his retirement following 25 years of service with Steuben County. Mr. Sherer stated it was a great ride. Thank you.

Chairman Donnelly asked Greg Heffner to come forward. Mr. Heffner is the Deputy County Administrator and Planning Director. He presented him with a Certificate of Appreciation and a plaque in recognition of his retirement following 25 years of service with Steuben County. Mr. Heffner stated when I came here, I didn’t know I was being interviewed by the person whose job I was going to take. That put the pressure on right away. As we were walking into my first budget meeting, he said to me, “Don’t be surprised if somebody makes a motion to eliminate the Planning Department; they do that every year.” It has been fun; sometimes a challenge and sometimes very rewarding. I’ll miss it but it is time to teach my grandchildren fly fishing.

Chairman Donnelly asked Helen Robinson to come forward. Ms. Robinson is an employee in the Department of Social Services. He presented her with a Certificate of Appreciation and a plaque in recognition of her retirement following 31 years of service with Steuben County.

Chairman Donnelly asked David Burgess to come forward. Mr. Burgess is an employee in the Department of Public Works. He presented him with a Certificate of Appreciation and a plaque in recognition of his retirement following 33 years of service with Steuben County. Mr. Burgess stated I
can’t believe I have worked that many years. I like working for Steuben County and doing what I’m doing. When I retire, I hope to play farmer.

Chairman Donnelly asked Joyce Pierson to come forward. Ms. Pierson is an employee in the Sheriff’s Civil Office. He presented her with a Certificate of Appreciation and a plaque in recognition of her retirement following 39 years of service with Steuben County.

Sheriff Ordway stated Joyce Pierson worked under three County Clerks and two Sheriffs. Her job is something you can’t teach to new employees. She drove the department’s accreditation program. Her work ethic is something you don’t see in the new generation. She was always in to work early and always stayed late. She will be missed.

Chairman Donnelly stated Sheriff Ordway is here to accept a Certificate of Appreciation and a plaque for Dale Campbell, Deputy Sheriff, in recognition of his retirement following 43 years of service with Steuben County.

Sheriff Ordway stated Dale went on road patrol in 1967. The longevity both of these employees have in our department is phenomenal. Dale has several irons in the fire and he never sleeps. I tried, but I couldn’t get him to come here today to accept this recognition.

Chairman Donnelly stated all of these retirements today represent 305 years of service to the County.

Chairman Donnelly stated one final retirement must be noted. Our Clerk, Christine Kane, will be retiring on June 25th following 22 years of service with Steuben County. He presented her with a Certification of Appreciation as well as a specially-commissioned plaque that was paid for from the Legislative Flower Fund.

Chairman Donnelly stated Mrs. Kane has served as our Clerk for 22 years. I thought she would have the claim to fame as being the first female Clerk of the Legislature but no, she wasn’t the first. Then I thought she’d be the longest-serving Clerk, but she missed that honor by 11 days. So, it was finally determined that she was the longest-serving living Clerk. Chris has done many things during her tenure as Clerk but there is one thing she has not done. She has never disappointed anyone in their expectations of her. She will be missed and we congratulate her on her retirement.

Mrs. Kane stated this is my last Legislative meeting as your Clerk of the Legislature. I have been privileged to sit in this chair for over 22 years. I have seen Legislators come and go. Some I have formed close personal friendships with, but all I have admired for varying reasons. I have admired you for your willingness to want to make changes for the better, for the people you represent in your districts, and for all people in the County. I thank you for the opportunity to work with all of you.

Chairman Donnelly opened the floor for comments by members of the public.

Brad Turner, Southeast Steuben County Library, thanked the County for the continued funding of the libraries. It has helped maintain and improve the books we provide the public and helps the communities we serve.

Karen Deutsch, Wayland Library, stated thank you for allowing us to be here. The residents come to the library for entertainment. It provides early literacy for children, computers for online classes and job hunting. Libraries contribute to the economic activity of the community. Thank you for your support.

Lorraine Nelson, Howard Library, stated through Steuben County’s generosity, the Howard Library has an internet connection. With your funding, a small town has equal opportunity to access information. Thank you.
Ristiina Wigg, Southern Tier Library System, stated part of the funding goes to collections and services in libraries. Just as it is important to Steuben County to have Routes 17 and 15 connected to the Federal Highway System, it is important to connect the residents to the internet and your funding to the libraries provides that service. Thank you.

Mark Schlechter, Bath, stated on behalf of the Citizens for Healthy Communities, we support your development of a Natural Gas Task Force. We need to review the full impact of the Marcellus shale drilling. I think it is important for the County to take a stand. I ask that you join the four other counties in memorializing the State to make sure strong regulations are in place. I also believe that to fully study the total impact, a subcommittee would be helpful. Groups like ours look forward to working with this task force. Thank you.

There being no further comments, Chairman Donnelly declared the public comment portion of the meeting closed.

The minutes of the previous month’s meeting were adopted upon the motion of Mr. Van Etten, seconded by Mr. Creath and duly carried.

Mr. Creath announced that the June AIP Committee meeting has been changed. He asked Mr. McAllister to provide the information. Mr. McAllister stated the June AIP Committee meeting will be held on Thursday, June 3rd at 9:30 a.m. at the Gunlocke Company in Wayland. Following the meeting, there will be a tour of the facility. After the tour, lunch will be on your own and then they will meet for a tour of the wind farm in Cohocton beginning at approximately 12:30 p.m. Please notify the Clerk of the Legislature’s office by Thursday, May 27th if you plan on attending. Mr. McAllister noted that when you get off at the Wayland exit, take a look around. That area next to the exit is what the Steuben County IDA has as an option to promote economic development. It is a great place for growth in the County.

Mr. Ryan recognized the following Steuben County residents who are currently serving in active duty:

- Joe Hornbeck
- Terry Leonard
- Robert Murray
- Joseph Murray
- Matt Zapata
- Kyle Stewart
- Stephen Lapek
- John Washington
- John Parks
- Adam Prouty

SECTION 1: All prospective (legally exempt) Day Care Providers pursuant to engagement by the Department of Social Services relative to Children in need of services, after the effective date of this Local Law, by virtue of such engagement, shall be subject to a criminal history record information (“CHRI”) investigation to determine the suitability of such applicant for such engagement.

No cause of action against the County or the Division of Criminal Justice Services for damages related to the dissemination of CHRI pursuant to this subdivision shall exist when the County or Division of Criminal Justice Services has reasonably and in good faith relied upon the accuracy and completeness of CHRI furnished to it by qualified agencies. The provision of such CHRI by the Division of Criminal Justice Services shall be subject to the provisions of subdivision sixteen of Section two hundred ninety-six of the Executive Law. (vi) been informed that pursuant to Correction Law §§701 – 703-b and §§751 – 753, his or her application for employment shall be denied by reason of the applicant’s having been previously convicted of one or more misdemeanors or felonies or by reason of a lack of “good moral character” when there is a direct relationship between one or more of the previous criminal convictions and the specific engagement sought or the granting of such engagement would involve an unreasonable risk to the safety or welfare of children in need of services, specific individuals or the general public.

(vii) been informed that in making a determination under paragraph (vi) the Steuben County Commissioner of Social Services shall consider the various factors set forth herein and in Correction Law §§701 – 703-b and §§751 – 753.

SECTION 6: When the Steuben County Commissioner of Social Services determines that engagement applied for should be denied by reason of information obtained from the applicant’s CHRI, the applicant shall be afforded written notice thereof, within 30 days of the request, and the right to be heard and offer proof in opposition to such determination.

SECTION 7: If any part or provision of this Local Law or the application thereof to any person or circumstance be adjudged invalid by any Court of competent jurisdiction, such judgment shall be confined in its operation to the part or provision or application directly involved in the controversy in which such judgment shall have been rendered and shall not affect or impair the validity of the remainder of this Local Law or the application thereof to other persons or
circumstances, and the Legislature of the County of Steuben hereby declares that it would have passed this Local Law or the remainder thereof, had such invalid application or invalid provision been apparent.

SECTION 8: All ordinances, local laws and parts thereof inconsistent with this Local Law are hereby repealed.

MEMORIALIZING THE GOVERNOR AND LEGISLATURE OF THE STATE OF NEW YORK TO ADOPT ASSEMBLY BILL A.9049 AND SENATE BILL S.6047 IN SUPPORT OF ELECTRONICS RECYCLING AND EXTENDED PRODUCER RESPONSIBILITY LEGISLATION FOR ELECTRONIC WASTES.

WHEREAS, the Steuben County Legislature wishes to express its support for New York State’s enactment of a user friendly and convenient Extended Producer Responsibility (“EPR”) based consumer electronic waste collection program through State legislation; and

WHEREAS, New York State Assembly Bill A.9049 and New York State Senate Bill S.6047 present such an approach to managing our consumer electronic waste by requiring manufacturer financed collection of such wastes, as recommended by the New York Product Stewardship Council.

NOW THEREFORE, BE IT

RESOLVED, that the Steuben County Legislature memorializes the New York State Legislature to adopt Extended Producer Responsibility legislation for consumer electronic waste recycling and management, such as Assembly Bill A.9049 and Senate Bill S.6047; and be it further

RESOLUTION NO. 092-10

Introduced by P. Donnelly. Seconded by C. Ferratella.

SUPPORTING A TEMPORARY EXTENSION OF ENHANCED FEDERAL MEDICAID MATCHING FUNDS PROVIDED UNDER THE AMERICAN RECOVERY AND REINVESTMENT ACT (ARRA).

WHEREAS, Medicaid is a federal, state, and local health care program whose costs and administration represents the largest component of the state and local fiscal relationship in New York, currently totaling over $51 billion annually; and

WHEREAS, since the program’s inception, counties across the state have struggled to fund the growth of the Medicaid local share and even with local budget austerity measures the programs cost has resulted in higher property taxes, higher sales taxes, and a decline in county services; and

WHEREAS, while a local government Medicaid “cap” has been implemented in New York in an effort to provide some budget stability and help shield local taxpayers from the impact of excessive Medicaid growth, counties remain concerned with the future sustainability of the Medicaid program, the effect on other state and local budget priorities, and the overall outlook for New York’s economic competitiveness; and

WHEREAS, Congress has provided an increase in Federal Medicaid matching funds, set to expire on December 31, 2010, to all states under the American Recovery and Reinvestment Act in recognition of the recent fiscal crisis; and

WHEREAS, in addition to providing fiscal relief to the State of New York, this increase also provides direct fiscal relief to local governments in New York State which helps ease the local property and sales tax burden for all New Yorkers; and
WHEREAS, the U.S. Senate, House and the President all support a six month extension of this critical temporary enhanced Medicaid assistance through June 30, 2011 because of the continued fiscal pressures experienced by state and local governments due to further declines in tax revenues and increased demand for public services stemming from the recession; and

WHEREAS, New York and twenty-three other states, have included a six month extension of this enhanced funding in their budgets for the coming year, it is imperative that Congress enact a six month extension of enhanced Medicaid assistance payments as soon as possible, to allow states to finalize their budgets without having to fill even larger budget holes with tax increases or service cuts that would be necessary in the absence of this federal funding; and

NOW THEREFORE, BE IT

RESOLVED, the Steuben County Legislature strongly supports a six month extension of the enhanced Federal Medical Assistance Percentage (FMAP) as established under the American Recovery and Reinvestment Act; and be it further

RESOLVED, Steuben County calls upon the Governor and the New York State Legislature to encourage the New York Congressional Delegation to support this six month extension; and be it further

RESOLVED, certified copies of this resolution shall be forwarded Governor David A. Paterson, Executive Chamber, State Capitol, Albany, NY 12224; Senate Minority Leader, Dean G. Skelos, 907 Legislative Office Building, Albany, NY 12247; Senate Majority Leader, Malcolm A. Smith, 909 Legislative Office Building, Albany, NY 12247; Assembly Speaker, Sheldon Silver, 932 Legislative Office Building, Albany, NY 12248; Assembly Majority Leader, Ron Canestrari, 926 Legislative Office Building, Albany, NY 12248; Assembly Minority Leader, Brian M. Kolb, 933 Legislative Office Building, Albany, NY 12248; Senator George H. Winner, Jr., 105 E. Steuben Street, Bath, NY 14810; Assemblyman James G. Bacalles, 105 E. Steuben Street, Bath, NY 14810; U.S. Senator Charles E. Schumer, 313 Hart Senate Building, Washington, DC 20510-3202; U.S. Senator Kirsten Gillibrand, 478 Russell Senate Office Building, Washington, DC 20510; Stephen Acquario, Esq., Executive Director, New York State Association of Counties, 540 Broadway, 5th Floor, Albany, NY 12207; and Richard Calabrese, President, InterCounty Association of Western New York, c/o Ontario County Board of Supervisors, 20 Ontario Street, Canandaigua, NY 14424.

Chairman Donnelly opened the floor for comments by members of the public. There being none, he declared the opportunity for public comment closed.

John Clifford stated that he is the representative of the Western Regional Off-Track Betting Corporation. The WROTBC was formed in 1974 and the Steuben County Board of Supervisors invested $22,000.00 into this new venture. That investment has netted $5.7 million to the County. There has been some coverage in the media about Off-Track Betting operations, mainly that New York City has filed for bankruptcy. The WROTBC also operates a casino at Batavia Downs. Since 1974 approximately $130 million has been bet on racing in the County. In 2005, 1.6 billion bets were placed at the casino in Batavia. The last quarter Steuben County received $13,000. Our region is unique because we have a casino and a racetrack and we continue to make money and hope to in the future.

Mr. Van Etten asked if our region is the only one that is doing well, does that make us a target? Mr. Clifford replied there was a movement for the State to take over all OTB’s. That has been resisted so far and there is currently no movement in that direction. The Western region owns $50 million in real estate and that is another unique feature. If the State takes over, that will stop the cash flow and you would only get a one-time payment. Chairman Donnelly thanked Mr. Clifford for his presentation.
The Deputy Clerk of the Legislature read the Official Notice of Public Hearing and submitted for filing Proofs of Publication and Proofs for Posting for the Public Hearing Authorizing and Directing the Steuben County Deputy Treasurer to Transfer $40,000.00 from the “Building Repair and Renovations Reserve” to a Capital Project Entitled “Sprinkler System Repairs”. Chairman Donnelly asked if anyone wished to address the Legislature relative to the Public Hearing. There being no comments, he declared the Public Hearing closed.

The Deputy Clerk of the Legislature read the Official Notice of Public Hearing and submitted for filing Proofs of Publication and Proofs for Posting for the Public Hearing Upon County of Steuben Local Law Tentatively No. One for the Year 2010, providing for criminal history record information investigations for Day Care Providers pursuant to engagement by the Department of Social Services relative to children in need of services. Mr. Ben Bruce stated that he is an Assistant New York State Attorney General. It is wonderful to represent Attorney General Cuomo, the highest ranking law enforcement official in the State, on a day when you are recognizing the service of law enforcement officials in your County. Mr. Bruce stated that he is here today to talk about the efforts our office is taking to move into the digital age and with consumer protection, particularly with regard to home improvement contractors. He stated that he has met with representatives from TRIAD and a number of senior groups to educate consumers to protect themselves from home improvement fraud. The website, www.nyknowyourcontractor.com, for each of the 62 counties in New York has copies of judgments that our office has in court against home improvement contractors involved in fraud and we have made that information available to your constituents. It is our feeling that the public who is well-informed is less likely to be victims of fraud. This website also includes the laws as well as a list of contractors by county that have had problems. Mr. Bruce stated the purpose of this website is to target contractors that are acting unacceptably and we have the name of the company as well as the principals and owners.

Mr. Bruce stated that he also would like to advise the Legislature that the Attorney General’s Office government consolidation talks are available for those groups that may have questions. If you are interested in having someone come and speak to you, please contact Jaden Sampson. You may also visit our website, www.ag.ny.gov for more information.

Mr. Creath requested that the Attorney General’s Office be invited to make a presentation regarding government consolidation.

RESOLUTION NO. 108-10
Introduced by P. McAllister. Seconded by G. Swackhamer.

PRESENTING LOCAL LAW TENTATIVELY NO FIVE FOR THE YEAR 2010, AMENDING LOCAL LAW NO. TWO FOR THE YEAR 1984 RELATING TO THE POWERS AND DUTIES OF THE COUNTY ADMINISTRATOR AND DESIGNATING THE COUNTY ADMINISTRATOR AS UNCLASSIFIED FOR CIVIL SERVICE PURPOSES.

Pursuant to Article 5 of the County Law and Sections 15 and 16 of the Civil Service Law of the State of New York.

WHEREAS, it is the intent of the Legislature to have a Deputy County Administrator serve as the alter ego to and for the County Administrator and in the absence of the County Administrator or at the County Administrator’s direction; and

WHEREAS, Local Law Tentatively No. Five for the Year 2010 amending Local Law No. Two for the Year 1984 is herewith presented so as to implement the legislature intent.

NOW THEREFORE, BE IT
RESOLVED, there is hereby presented to each member of this Steuben County Legislature Local Law Tentatively No. Five for the Year 2010, amending Local Law No. Two for the Year 1984, as follows:

COUNTY OF STEUBEN
LOCAL LAW TENTATIVELY NO. FIVE FOR THE YEAR 2010

A Local Law to amend Local Law No. Two for the Year 1984 to authorize the appointment of a Deputy County Administrator and define the scope and authority of the Deputy County Administrator within the Office of the County Administrator.

Be it enacted by the Legislature of the County of Steuben as follows:

Section 1. Subdivision 16 of Section 4. Powers and Duties, of Local Law No. Two for the Year 1984 is amended to read as follows:

16. Appoint a Deputy County Administrator, in the exempt class for the purposes of the Civil Service Law, who shall in the absence or inability of the County Administrator to act, or during a vacancy in the County Administrator’s Office, have the powers of the County Administrator provided herein, and serve as alter ego to and in the place of the County Administrator during absences of the County Administrator or at the County Administrator’s direction, and the County Administrator shall also appoint such assistants within the Office of County Administrator as may be authorized by the County Legislature.

17. The County Administrator shall have the authority to hire and fire any subordinate positions in the Department.

Section 2. It is hereby resolved that Civil Service be and the same hereby is requested to allocate the position of County Administrator as Unclassified Service in the Civil Service.

Section 3. This Local Law shall be effective immediately upon its adoption by the County Legislature.

NOTE GUIDE: Additions are underlined; deletions by strikethrough.

BE IT FURTHER RESOLVED, before said Local Law is adopted by the County Legislature, a Public Hearing shall be held on August 23, 2010 at 10:00 A.M. in the Steuben County Legislative Chambers, 3 East Pulteney Square in the Village of Bath, New York; and be it further

RESOLVED, the Clerk of the Legislature shall cause a notice of said Public Hearing to be posted at the Courthouses in the municipalities of Bath, Corning and Hornell, have said notice published for one insertion in the two official newspapers of the County, and shall cause such posting and publication to be completed at least five (5) days prior to the date heretofore set forth for the Public Hearing, with proof of posting and publication to be filed in the Office of the Clerk of the Legislature; and be it further

RESOLVED, certified copies of this resolution shall be forwarded to the Personnel Officer and the County Treasurer.

Mr. Alger stated this resolution has come about as a result of the retirement of Greg Heffner who acted as Deputy County Administrator. He stated that he would like to designate Jack Wheeler and we also need to change the civil service language and classification for the County Administrator to allow the deputy to be exempt.

Mr. Weaver stated that in Local Law No. 2 of 1984, Section 6 says that in the absence of the Administrator, that the Chairman becomes the acting authority. Does that need to be changed? Mr. Alger replied no. This Local Law anticipates ongoing day-to-day. The Chairman would become the acting
authority in the case of a long illness, for example. The Deputy will be able to pick up some day-to-day and is not intended to be a long-term solution. The distinction is in the event of a vacancy in the position, which would indicate the County Administrator is gone. In that case, the Chairman would assume the duties.

**Vote:** Acclamation – Adopted.

Mr. Weaver commented some of this money is funding the I Am Responding program and badge program. My concern is how these will be funded when there is no funding available? Hopefully this will not be an extra burden for the County. Mr. Sprague stated that he shares Mr. Weaver’s concerns. His intent is to keep funding these with grants. Once we implement the ID system, there will be annual maintenance and card replacement costs, and we may ask departments to pay for the updates. With regard to the I Am Responding program, if the grant goes away, he would look at other sources for funding. It will be easier to fund this program ongoing once it is implemented. A big part of this program addresses how we notify people.

Mr. Swackhamer commented the question of what happens when the funding goes away came up in the Finance Committee meeting. We cannot continue to pick up new programs and fund them with County dollars.

RESOLUTION NO. 122-10

Introduced by P. Donnelly. Seconded by All Legislators Present.

MEMORIALIZING THE GOVERNOR AND LEGISLATURE OF THE STATE OF NEW YORK TO SIGNIFICANTLY REDUCE UNFUNDED MANDATES THAT CAUSE LOCAL PROPERTY TAX INCREASES PRIOR TO IMPOSING A CAP ON LOCAL PROPERTY TAXES.

WHEREAS, Governor David A. Paterson and numerous State Legislators are supportive of a cap on local property tax levies of 4%, or 120% of inflation, whichever is less; and

WHEREAS, New York State has done little to control the costs of unfunded State mandates, which have been driving County property tax levels for decades; and

WHEREAS, without significant reform, such a cap would be impractical to implement as State mandates and fixed costs represent approximately 85% of County expenditures, and these State costs increase substantially each year, well over the proposed 4% cap. Some notable examples include:

- County payments to the NYS Retirement System are expected to rise 40% in 2011.
- The local cost of Medicaid increases 3% each year.
- The State continues to shift its costs to Counties in the 2009-10 and 2010-11 State budgets.
- New York State currently owes Steuben County over $7.2 million, overdue for State services rendered by the County.
- During the 2010 legislative session, the State shifted over $100 million in costs to Counties for delivering State services locally in child welfare and youth detention programs, representing yet another unfunded mandate; and

WHEREAS, Counties are mandated by the State to use local tax dollars to pay for State programs such as Medicaid, early intervention services, pre-school special education services, public assistance, child welfare, youth detention, jails and numerous other programs; and

WHEREAS, the property tax cap proposal does nothing to reduce or eliminate the current mandates; and

WHEREAS, the property tax cap proposal allows local boards to override the cap with a two-thirds majority vote, thereby not only shifting costs to local governments, but also unfairly shifting blame to local leaders for tax increases that are actually caused by the State; and

WHEREAS, the Steuben County Legislature has, through responsible financial and budgetary actions and policies, stabilized and decreased full-value property tax rates from $10.29 to $8.75 per thousand since 2005, without the “benefit” of a State-imposed property tax cap.

NOW THEREFORE, BE IT

178
RESOLVED, that the Steuben County Legislature urges the Governor and Legislature of the State of New York to reject a local property tax cap unless it is coupled with significant reductions in unfunded, State-mandated programs that cause local property tax increases; and be it further

RESOLVED, that copies of this Resolution be forwarded to Governor David A. Paterson, Executive Chamber, State Capitol, Albany, NY 12224; Senate Minority Leader, Dean G. Skelos, 907 Legislative Office Building, Albany, NY 12247; Senate Majority Leader, Malcolm A. Smith, 909 Legislative Office Building, Albany, NY 12247; Assembly Speaker, Sheldon Silver, 932 Legislative Office Building, Albany, NY 12248; Assembly Majority Leader, Ron Canestrari, 926 Legislative Office Building, Albany, NY 12248; Assembly Minority Leader, Brian M. Kolb, 933 Legislative Office Building, Albany, NY 12248; Senator George H. Winner, Jr., 105 E. Steuben Street, Bath, NY 14810; Assemblyman James G. Bacalles, 105 E. Steuben Street, Bath, NY 14810; Stephen Acquario, Esq., Executive Director, New York State Association of Counties, 540 Broadway, 5th Floor, Albany, NY 12207; and Richard Calabrese, President, InterCounty Association of Western New York, c/o Ontario County Board of Supervisors, 20 Ontario Street, Canandaigua, NY 14424.

Mr. Alger stated what is under consideration is a proposed cap on property taxes of 4 percent or 120 percent of inflation, whichever is less. With the current state of the economy, this equates to a cap of 1 percent this year. That would only allow us to raise taxes up to $400,000. Medicaid alone next year will see an increase of $500,000. What the State is saying is that while Medicaid will go up 3 percent each year, property tax will be capped at $400,000. They really need to take a second look at this. This is just shifting State costs to local government.

Vote: Acclamation – Adopted.

Motion to adjourn made by Mr. Farrand, seconded by Mr. Schu and duly carried.
The County Legislature of the County of Steuben convened in Regular Session in the Legislative Chambers, Bath, NY on Monday, the 23rd day of August, 2010, at 10:00 a.m. and was called to order by the Chairman of the Legislature, Patrick F. Donnelly.

Roll Call and all members present except for Legislator Ferratella.

Mr. Nichols provided the Invocation and the Pledge of Allegiance was led by Mr. Roush.

Chairman Donnelly asked Karen Monroe to come forward. She read the following nomination for Employee of the Month:

Mike Flint has worked closely with the Office of Community Services for the past four years, ensuring our IT technical needs are satisfied. His knowledge, attitude and creativity have been essential in ensuring that our electronic records in the Anasazi software system are maintained accurately and efficiently. While the Anasazi system is a comprehensive program, at times we have needs the program cannot handle. Mike has been able to write programs that access the Anasazi data in order to provide information or functionality needed in order to ensure compliance with regulatory agencies, or efficiency in operations. One example of this is a program he wrote that interfaces an appointment call reminder system with scheduled appointments within Anasazi. This kind of innovation has reduced no shows and enhanced client services. He has written programming that reminds clinicians of unresolved services or non-final approved progress notes in a timely manner. This ensures compliance with regulations and reduces the financial risk during site-reviews and audits. Mr. Flint is very active in his community and has coached his daughter’s Cinderella Softball team. He always goes above and beyond in everything he does and his efforts are noted by many other County departments. Mike always puts forth a positive, interested attitude and is a pleasure to work with. Mike is a valuable member of our Anasazi team and we are lucky to have him. CONGRATULATIONS MIKE!

He presented her with a Certificate of Appreciation and a Plaque in recognition of her retirement following 43 years of service to Steuben County. Mrs. Hatch stated that she has been saving County Directories ever since she started in 1967. She has worked with numerous Legislators over the years and thanked them for the opportunity to give service to the County. It has been a good time. She stated that in the years she has worked for the County there have been 12 Chairman of the Legislature, 4 County Treasurers, IT Directors and Clerks of the Legislature; 3 County Clerks and County Attorneys, 2 County Administrators and 1,000 town assessors. She thanked her staff; everyone has been a great team.

Chairman Donnelly commented that this month the total number of years of service for those people who came to the meeting totals 818 years. There were many others who were unable to attend today’s meeting, and their years of service total 507. Overall, total years of services for retirements for August are 1,325.

Chairman Donnelly opened the floor for comments by members of the public.

Ira Hale, Canisteo, stated that today he is here as Boy Scout Leader of the Five Rivers Boy Scout Council and Program Director for the Hornell Cub Scout Day Camp that was held the first week of August at Kanakadea Park in Hornell. Legislature relative to the Public Hearing. There being no comments, he declared the Public Hearing closed.

The Clerk of the Legislature read the Official Notice of Public Hearing and submitted for filing Proofs of Publication and Proofs of Posting for the Public Hearing Upon the Agricultural District within the Towns of Prattsburgh and Pulteney, New York, known as Agricultural District No. 3; the Agricultural District within the Towns of Bath, Wheeler and Urbana, New York, known as Agricultural District No. 4; and the Agricultural District within the Towns of Avoca, Bath, Howard, Prattsburgh and Wheeler, New York, known as Agricultural District No. 17, to consider the recommendations of the County Planning Board and the Agricultural and Farmland Protection Board, and any proposed modifications to the District. Chairman Donnelly asked if anyone wished to address the Legislature relative to the Public Hearing.

Brad Hall, Prattsburgh, stated that he lives in North Prattsburgh on the County line. What will this actually mean?

Mrs. Dlugos explained every eight years we canvass all of the members of the agricultural district and ask them to respond and indicate if they would like to continue to be in the agricultural district or if they have properties they would like to add or remove. There is a map of the agricultural district in the Planning Department available for review. There were only a few minor changes to the District and it, essentially, will remain the same for another eight years. These three districts are being consolidated into one large district that will be known as Agricultural District No. 3. This will be forwarded to the NYS Department of Agriculture and Markets.

There being no further comment, Chairman Donnelly closed the Public Hearing.

*Motion adopting the minutes of the July 26, 2010 meeting made by Mr. Farrand, seconded by Mr. Nichols and duly carried.*

RESOLVED, certified copies of this resolution shall be forwarded to the Personnel Officer, the County Administrator and the County Treasurer.
Mr. Alger explained the purpose of this is to allow for a deputy appointed by the County Administrator. This is being done to satisfy the State Civil Service Commission. This will be a procedure by which they would authorize a deputy for the department and allow that individual to serve at the discretion of the County Administrator.

Mr. Swackhamer asked how will the powers correspond between the Chairman of the Legislature and Deputy County Administrator in the absence of the County Administrator? Mr. Alger replied there is a section that defines the roles for an Acting County Administrator. This was not intended to change that.

Mr. Swackhamer asked how can we have two laws on the books that don’t agree with one another? One states that the Chairman of the Legislature will take over and this local law says that the Deputy County Administrator will take charge. If the County Administrator leaves, who will be in power? Mr. Alger replied that is up to the Legislature. Currently it states that the Chairman of the Legislature will be acting County Administrator for no more than six months. The Deputy County Administrator does not automatically succeed to the position of County Administrator as that is still within the purview of the Board. We need to clarify that language.

Mr. Weaver stated if you read the Local Law, it is saying that the Deputy County Administrator and the Chairman of the Legislature are to do the same thing at the same time. That is conflicting and we need to clear that up at once.

Mr. Swackhamer asked is there a certain date this has to be done by? Mr. Alger replied no. Mr. Swackhamer asked can we table this? Mr. Alger replied that he would prefer if they withdraw this resolution and we could rewrite it.

Mr. McAllister and Mr. Schu withdrew their motion and second and the resolution was withdrawn.

RESOLUTION NO. 126-10

Introduced by P. McAllister. Seconded by D. Farrand.

PRESENTING LOCAL LAW TENTATIVELY NO. SIX FOR THE YEAR 2010, RELATIVE TO RESIDENCY REQUIREMENTS FOR THE OFFICE OF DEPUTY CLERK OF THE LEGISLATURE FOR THE COUNTY OF STEUBEN.

Pursuant to Article 5 of the County Law of the State of New York.

RESOLVED, there is hereby presented to each member of this Steuben County Legislature of the County of Steuben Local Law Tentatively No. Six for the Year 2010, relative to residency requirements for the Office of Deputy Clerk of the Legislature for the County of Steuben, as follows:

COUNTY OF STEUBEN
LOCAL LAW TENTATIVELY NO. SIX FOR THE YEAR 2010

A LOCAL LAW relative to residency requirements for the Office of Deputy Clerk of the Legislature for the County of Steuben.

Be it enacted by the Legislature of the County of Steuben as follows:

SECTION 1: LEGISLATIVE INTENT
It is the intent of the within Local Law to modify the qualifications to hold the Office of Deputy Clerk of the Legislature, by dispensing with the requirement that they reside in the County of Steuben.

SECTION 2: QUALIFICATIONS OF OFFICE

In the County of Steuben, no provision of law, New York State or otherwise, requiring a person to be a resident of the political subdivision or municipal corporation of the State for which he/she shall be chosen or within which his/her official functions are required to be exercised, shall prevent a person from holding the Office of Deputy Clerk of the Legislature for the County of Steuben, provided that such person resides in the State of New York and in a county contiguous to the County of Steuben.

SECTION 3: EFFECTIVE DATE

This Local Law shall become effective immediately upon passage.

BE IT FURTHER RESOLVED, before said Local Law is adopted by the County Legislature, a Public Hearing shall be held on September 27, 2010, at 10:00 A.M. in the Steuben County Legislative Chambers, 3 East Pulteney Square in the Village of Bath, New York; and be it further

RESOLVED, the Clerk of the Legislature shall cause a notice of said Public Hearing to be posted at the Courthouses in the municipalities of Bath, Corning and Hornell, have said notice published for one insertion in the two official newspapers of the County, and shall cause such posting and publication to be completed at least five (5) days prior to the date heretofore set forth for the Public Hearing, with proof of posting and publication to be filed in the Office of the Clerk of the Legislature; and be it further

RESOLVED, certified copies of this resolution shall be forwarded to the Clerk of the Legislature and the Personnel Officer.

Mr. Hanna asked how often does this happen? Mr. Alger replied the last time was four years ago. We don’t do this routinely. This is something that requires consideration by the Board and we don’t do it lightly.

Mr. Nichols stated that he is in favor of this. Is this just for the one individual or would it carry over after that? Mr. Alger replied this is only for the person appointed to the position.

Mr. Farrand commented when we had this request for the Deputy Treasurer position my complaint was that if something happened to the elected official, the Deputy Treasurer would not be able to take over that position. In this particular case, the individual has held a position within the department for quite some time and now is being promoted. The person they report to is appointed by us, not elected. He stated that he is more concerned when this happens for a deputy of an elected position rather than this one.

Mr. Hanna stated I understand that we are doing this because of retirements. Do you foresee any other positions where this may happen? Mr. Alger replied not in the immediate future. This is an individual, case by case discussion. We have had a few over the years, but generally the Legislature is reluctant to do it.

Mr. McAllister stated at the Administration Committee, what went into consideration was that this person started out being a resident in the County, married and then moved across the County line. This individual also has quite a bit of experience with the County, and is most qualified for the position.

RESOLVED, that in accordance with Section 303-a of the Agriculture and Markets Law of the State of New York, this Legislature does find as follows:

(1) Within the district as recommended to be modified, the number of participating farms and farm acreage thereof is consistent with and substantially furthers the objective of encouraging and protecting viable farming in the area, for which the district was originally created; and,

(2) The district has since its creation been of substantial assistance to a majority of participating farmers in maintaining an active farm economy in the area; and

(3) Continuation of this district is consistent with the County's important agricultural economy and predominantly rural pattern of development; and

AUTHORIZING THE COUNTY ADMINISTRATOR TO ENTER INTO A CONTRACT WITH RELPH BENEFIT ADVISORS FOR HEALTH BENEFIT MANAGEMENT SERVICES.

WHEREAS, with growing complexities of new health care regulations and the increasing cost of providing quality health insurance options to employees, the management of these benefits has grown progressively difficult; and

WHEREAS, to confront these issues, Steuben County solicited proposals (RFP #GC-10-010-P) for health benefit management services to assist the County in brokering administrative costs of private insurance companies, developing effective claims management practices and reviews, and establishing a framework for employee wellness; and

NOW THEREFORE, BE IT

RESOLVED, the County Administrator is hereby authorized to enter into an agreement with Relph Benefit Advisors for health benefit management services; and be it further

RESOLVED, certified copies of this resolution shall be forwarded to the County Administrator, Deputy County Treasurer, and Relph Benefit Advisors, 1150 Pittsford-Victor Road - Suite G, Pittsford, NY 14534.

Mr. Weaver asked what is the term of this agreement? Mr. Alger replied this is a one-year agreement that we can renew annually.

Mr. Swackhamer asked when they make a recommendation, does that still have to be negotiated? Mr. Alger replied yes. That is set by contract and is negotiated by the Union. There are some things that we could do administratively, for example, providing a wellness program that would be optional. That would not change the benefit. We hope to be more aggressive negotiating with Excellus on the administrative cost of the program.

(No – Mr. Weaver, Absent – Mrs. Ferratella)

The Clerk of the Legislature read the following Memoriam:

**IN MEMORIAM**

**DEWITT T. BAKER, D.V.M.**

1921 – 2010

The death of our former colleague, DeWitt “Doc” Baker, who passed away on September 3, 2010, is acknowledged by this Legislature with deep sadness.

Doc was born on March 1, 1921 to Harry and Ina Baker. Doc married Yvonne Furey on February 22, 1946. He was a graduate of Ithaca High School and the Cornell University of Veterinary Medicine. Doc was a staff member at the New York State Veterinary College of Cornell University from 1944 until 1955. During World War II, while attending college, he earned the rank of Lieutenant in the U.S. Army. In 1955, he moved to Corning to join Dr. John D. Murray’s veterinary practice. Together they built the Corning Animal Hospital, where he practiced until his retirement in 1986.

Doc proudly served on the Board of Trustees of Corning Community College and as a member of the Corning-Painted Post School Board. He was elected Town of Corning Supervisor and held that position until 1993.

In 1988, Doc was elected as Steuben County Legislator representing the residents of Caton, Corning and Hornby in District 13. During Doc’s tenure on the Legislature he held leadership positions as Chair of the Agriculture, Industry & Planning Committee, Public Safety & Corrections Committee and Finance Committee; Vice Chairman of the Legislature from 1994 to 2000, and Chairman of the Legislature from 2000 to 2004.

Doc additionally lent his expertise and leadership to a wide variety of ad hoc committees, advisory boards and outside associations during his tenure on the Legislature. He served as a member of the Fish & Wildlife Management Act Board from 1990 to 1993; Southern Tier Central Regional Planning & Development Board member from 1993 to 2007; Air Service Task Force member from 1994 to 2005; member of the Steuben County Conference & Visitors’ Bureau Board of Directors from 1994 to 2000 serving also as a member of their Executive Board from 1998 to 2000; member of the Cooperative Extension Board of Directors from 1996 to 2005; member of the Local Emergency Planning Committee from 2001 to 2007; Alternatives to Incarceration Advisory Board member from 2004 to 2007; 911 Advisory Board member from 2003 to 2007; Voting member of the InterCounty Association of Western New York from 1988 to 2007; and also served on the New York State Association of Counties’ Standing
Committee on Public Safety from 2003 to 2007. Doc always served with honor and distinction, and represented the Legislature with dignity and professionalism.

Doc will be remembered as a member of the Legislature who was always fair-minded. He considered the impact of his decisions on all of the residents of the County, not just the few. He worked tirelessly to find balance in the most difficult of situations. He was a dedicated public servant who was always generous to his community with his time, talents and support. His dedication to the County was so apparent, that he was nominated and inducted into the Steuben County Hall of Fame in 2004.

The members of this Steuben County Legislature respectfully move that the above “Memoriam” be spread upon the minutes of this meeting and that the Clerk of the Legislature forward a copy of this Memoriam to his wife Yvonne, and daughters Margot Doucette and Kathleen Bliss, as an expression of the sympathy felt by this Legislature on the passing of their loved one.

Adopted by rising silent affirmation.

Chairman Donnelly asked Anne Collson to come forward. Ms. Collson is an employee in the Law Department. He presented her with a Certificate of Appreciation and a pin in recognition of her 20 years of service to Steuben County.

Chairman Donnelly asked Michelle Mills to come forward. Ms. Mills is an employee in the Department of Social Services. He presented her with a Certificate of Appreciation and a pin in recognition of her 25 years of service to Steuben County.

Chairman Donnelly asked Frederica Smith to come forward. Ms. Smith is an employee in the Department of Social Services. He presented her with a Certificate of Appreciation and a plaque in recognition of her retirement following 25 years of service to Steuben County.

Chairman Donnelly opened the floor for comments by members of the public.

Fred Lewis of Howard, NY, stated that the retirement of Fred Ahrens couldn’t go unnoticed by The Leader, and it did not. He raised his eyebrows when he read that the County was contracting with his law firm. Mr. Lewis stated that he finds it hard to believe that this has taken place. I questioned, and thought there would be some explanation in the paper, as to why this Board took the stance they did on the $15.00 lunch issue. He has searched the minutes and the papers. I don’t understand why the Board did not make a response to the public. When the issue was salary raises, low and behold, Mr. Ahrens received a raise. For what? It seems to me that the Board has lost their way with regard to communicating with the public.

Chairman Donnelly thanked Mr. Lewis for his comments. As there were no further comments by members of the public, he declared the opportunity for public comment closed.

The Clerk of the Legislature read the Office Notice of Public Hearing and submitted for filing Proofs of Publication and Proof for Posting for the Public Hearing Upon Steuben County Local Law Tentatively No. Six for the Year 2010, relative to residency requirements for the Office of Deputy Clerk of the Legislature for the County of Steuben. Chairman Donnelly asked if anyone wished to address the Legislature relative to the Public Hearing. There being no comments, he declared the Public Hearing closed.

Motion approving the minutes of the previous month’s meeting made by Mr. Van Etten, seconded by Mr. Farrand and duly carried.
Mrs. Mori announced the student interns will be observing the October Legislative meeting and lunch will follow.

Mr. Isaman stated that Mr. Peaslee has asked him to help with the United Way campaign this year. On your desks, you will find a packet including a pledge card. Last year we raised over $31,000 and we are asking all employees and Legislators to help. The campaign runs from October 4th – October 22nd. Thank you for your help.

Mr. Creath stated that he is the County representative on the Corning Community College Board. The college is doing fairly well. With the downturn of jobs, college enrollment has increased and our enrollment has peaked. The college has a capital budget of $100 million to complete their five-year master plan. This is a 50-year old campus that is not energy efficient, does not have air conditioning and is in need of upgrades. Now community colleges will be allowed to borrow through the New York State Dormitory Authority, which will be another source of capital funding. The college has raised $12 million from scholarships and endowment funds to maintain their athletic programs. For the next couple of years, the college appears to be stable and is not facing any dire financial problems.

Mr. Donnelly reminded everyone that a special Public Safety & Corrections meeting will be held today at 1:30 p.m. for the purpose of taking public comments on the proposed Local Law with regard to secondhand dealers.

Mr. Weaver asked if the Local Law could be distributed to the Legislators so that everyone knows what the law says? Mr. Alger replied we discussed this quite extensively, but we can distribute it.

Mr. McAllister commented this was discussed at length during the Administration Committee meeting. If the County Administrator is absent or out for any reason, then the duties will fall upon the Assistant Administrator. If both the County Administrator and Assistant Administrator are out, then the duties of the position will fall upon the County Chairman. This clears up ambiguities that were in the previous proposal.

RESOLUTION NO. 138-10

AUTHORIZING THE CLOSING OF CAPITAL PROJECT ENTITLED RPT NAD83 CONVERSION AND TRANSFERRING THE BALANCE TO THE CAPITAL PROJECT ENTITLED RPTS CITRIX SYSTEM.

WHEREAS, the Mainframe Replacement Capital Project has been completed and contains an unexpended balance; and

WHEREAS, the ongoing Capital Project for the RPTS Citrix System will need additional funds.

NOW THEREFORE, BE IT

RESOLVED, the Steuben County Treasurer is hereby authorized to close and transfer funds to the following capital projects:

Close:
1355H2 RPT NAD83 Conversion $32,148.05

Transfer to:
1355H3 RPTS Citrix System $32,148.05

AND BE IT FURTHER RESOLVED, a certified copy of this resolution shall be forwarded to the County Treasurer and the Director of Real Property Tax Service Agency.

Mr. Van Etten stated that he is going to vote no on this resolution, and he has nothing against the Citrix project, because it is a good project to centralize assessments. His problem with this is that it never seems like we have the complete scope and cost of a project before we vote on it. We find the money from another project and transfer it over. He would like to know that the project will cost $55,000 in the beginning. It seems like we move money around and he doesn’t like that, so for that reason he will be voting no.

AND BE IT FURTHER RESOLVED, a certified copy of this resolution shall be forwarded to the County Treasurer.

Mr. Farrand asked what is the total cost? Mr. Donnelly replied $225,000. Mr. Farrand asked how long has this project been going on? Mr. Alger replied since 1995.
Mr. Nichols asked are we coming to closure on this or not? Mr. Alger replied we think so. We are waiting for the Department of Environmental Conservation (DEC) to give their final authorization to end this project. We have cleaned it up, tested it and as far as we know, the project is finished.

Mr. Spagnoletti commented for a number of years we were directed to use a method of extracting gas from the soil and re-circulating it to clean up the contamination. We convinced them that was not a good idea and went to the excavation process. He believes we are in the final stages of cleaning this up.

Mr. Alger explained with the excavation process, all of the contaminated soil has been removed.

Mr. Farrand asked once we get a clean bill of health, will we be able to sell this property? Mr. Alger replied it is currently County property. The Town of Pulteney is interested in the property and has been for the entire time it has been under remediation. There may be other interest as well.

Mrs. Ferratella asked did we receive any funding from the Brownfield Program? Mr. Alger replied yes, we did receive a Brownfield grant. Mr. Orcutt stated we received 90 percent funding of the cleanup and 50 percent funding for the demolition of the building.

Mr. Alger explained we have had this property in our possession and have a considerable amount of money invested. When we acquired this particular property, we did not realize that it was contaminated.

Richard McCandless stated this semester there are 21 students participating in the Youth in Government Program. He introduced this year’s Student Interns.

Chairman Donnelly opened the floor for comments by members of the public. There being none, he declared the opportunity for public comment closed.

Susan Payne, consultant to the Steuben County Industrial Development Agency, stated that she is here today to present the 2011 – 2013 Steuben County Economic Development Plan. This is the first time in County history that a County-wide economic development plan has been assembled by the efforts of partners throughout the County, region and State. The goal of the plan is to increase support of existing businesses, attract new businesses, develop and enhanced business environment, and promote regional collaboration. The following five strategic priorities were identified: 1) Retain and grow Steuben County’s economic base, 2) Enhance Steuben County’s economic infrastructure, with an emphasis on existing population centers, to support the expansion of existing businesses and new business development, 3) Proactively manage the development of the natural gas industry and leverage the County’s natural and agricultural resources for the development of other green energy sectors such as wind and biomass, 4) Leverage the innovation and creativity taking place among entrepreneurs, area businesses, college and universities to stimulate both new product development and the commercialization path for innovation and technology in areas ranging from ceramics and high-level technology to value-added agricultural products, and 5) Expand the service sector industries such as tourism, call centers, and professional services. Ms. Payne stated the continued success of this plan relies on the continued participation of the Steuben County IDA and all of the partner organizations. We will now finalize the implementation plan and it will begin January 1, 2011.
Mr. Creath asked do you expect this plan to be self-funded through the IDA? Chairman Donnelly replied for the foreseeable future, this will be funded through the IDA. Mr. Creath commented this is a great plan. Do you anticipate this to be a merging of efforts? Ms. Payne replied this will be a merging of efforts, but not the merging of agencies. We will have a central location for information for all of the agencies to work with.

Mrs. Ferratella asked have you identified any roadblocks with regard to being able to accomplish this plan? Ms. Payne replied potential roadblocks are being able to secure financial resources and locating physical infrastructure. Another thing that was recommended is to facilitate and make the process easier in the area of regulatory compliance. It is our recommendation that the economic development agency work closely with businesses and regulatory agencies directly. That will be one of the most difficult challenges.

Mr. Hanna asked how do you measure the success of this plan? Ms. Payne replied we will have an annual performance progress report that will be prepared and distributed. When you receive your copy of the plan, you will see that for each strategy there is a responsible lead agency.

Mr. Nichols commented if funding is not secured for projects, then nothing will happen. You have to have funding to build infrastructure. The main thing is that if there is no funding to expand infrastructure for industry and agriculture, our youth will leave after they are trained. Ms. Payne stated the key is for groups to continue to work together. Everyone understands that they need to be proactive and those partnerships will be the key to the success of this plan. Chairman Donnelly thanked Ms. Payne for her presentation.

The Clerk of the Legislature read the Official Notice of Public Hearing and submitted for filing Proofs of Publication and Proofs of Posting for the Public Hearing Upon County of Steuben Local Law Tentatively No. Seven for the Year 2010, Relating to the Powers and Duties of the County Administrator and Designating the County Administrator as Unclassified for Civil Service Purposes. Chairman Donnelly asked if anyone wished to address the Legislature relative to the Public Hearing. There being no comments, he declared the Public Hearing closed.

**Motion approving the minutes of the September 27, 2010 meeting made by Mr. Weaver, seconded by Mr. Ryan and duly carried.**

Mr. Alger presented the NYSAC 9 for 90 presentation. The premise of this is that there are 9 mandated activities that account for 90 percent of the County level property taxes statewide. Those 9 programs are Medicaid, Public Assistance/Safety Net, Child Welfare Protective/Preventive Services, Special Education/Pre-K, Indigent Defense, Probation, Pension, Early Intervention and Youth Detention. Mr. Alger explained, a percent of a county’s budget is dedicated to Medicaid. Being such a large program, that is shared differently by the counties as well as the services that provided in the county. For example, we have the largest road/bridge program and our share is much higher than that of other counties our size. One of the messages that the counties are getting across is that it is very easy to cap property taxes, but the State needs to realize they have control over the things that control county budgets. We are the preacher of the State; we implement State programs. The State could cap State programs which would help reduce property taxes. In 2009 Steuben County’s share was $30 million and in 2011 it will be $42 million. Considering the amount of taxes we have raised over that period of time, we are cutting local programs to fund State programs.

Mr. Sherer stated that Steuben County was chosen as the sole recipient of the 2010 New York State Excellence in Government Records award. He and Mrs. Hunter had the honor and privilege of attending a banquet in Albany to accept this award. He stated that he would like to thank the Legislature for the
unending support during his 22 years as Records Manager. Mr. Sherer thanked Mr. Alger for his support of the department and presented him and the Legislature with the award.

AMENDED

RESOLUTION NO. 157-10

Introduced by D. Creath. Seconded by J. Hauryski.

MEMORIALIZING FEDERAL AND STATE REPRESENTATIVES IN OPPOSITION TO THE CHESAPEAKE BAY TOTAL MAXIMUM DAILY LOAD REGULATORY PROPOSAL BY THE UNITED STATES ENVIRONMENTAL PROTECTION AGENCY; DOCKET ID NO. EPA-R03-OW-2010-0736, AND REQUESTING A MORATORIUM ON REGULATORY IMPLEMENTATION OF THE CHESAPEAKE BAY TOTAL MAXIMUM DAILY LOAD IN NEW YORK STATE.

WHEREAS, clean water and healthy watersheds are a priority for New York farmers, which play a critical role in proven and successful local efforts to conserve and protect New York’s natural resources; and

WHEREAS, the United States Environmental Protection Agency, Region 3, is implementing a Chesapeake Bay Total Maximum Daily Load (TMDL), which imposes new and costly federal regulations on approximately 19 counties, 650,000 residents and 2,000 New York family farms within the New York portion of the Chesapeake Bay Watershed area; and

WHEREAS, New York accounts for 10 percent of the total watershed area, which is 76 percent forested and home to 4 percent of the total population in the watershed with agriculture representing 21 percent of the business sector; and

WHEREAS, while the federally-designed TMDL was intended to limit nitrogen, phosphorous and sediment discharges into the Chesapeake Bay Watershed, it is now projected to cost New York State as much as $250 million over the next 15 years without being able to satisfy the Environmental Protection Agency’s (EPA) regulatory goal; and
WHEREAS, the EPA’s proposed TMDL regulation imposes disproportionately heavier restrictions for water quality in New York in order to help other states meet their overall TMDL goal, while ignoring New York’s excellent record of environmental accomplishments over the past 25 years using State and Local conservation efforts and forces unrealistic costs on the businesses, governments and residents within the Watershed area; and

WHEREAS, even if the other states achieve their EPA mandated allocations by 2025, their water would still contain higher nutrient loads per acre than New York’s current 2010 load per acre because of progressive natural resource management programs like New York State’s Agricultural Environmental Management Program; and

WHEREAS, even with the elimination of animal agriculture and utilizing every best management practice available in the Watershed area, New York would still not be able to meet EPA’s TMDL allocation; and

WHEREAS, the EPA’s discriminatory, regulatory process disproportionately burdens our farm communities with costly mandates, weakens our rural economies, disrupts local food systems and provides no additional water quality protection for the Chesapeake Bay Watershed; and

WHEREAS, we oppose the EPA increasing its federal regulatory control and usurping state and local jurisdiction and authority in order to impose their TMDL, instead of working collaboratively with State agriculture and environmental protection agencies, Soil and Water Conservation Districts and local communities to address the Chesapeake Bay Watershed water quality concerns; and

WHEREAS, in order to satisfy EPA’s regulatory goals without confirmation of water quality improvement, the EPA has not ensured realistic delivery of needed funding and technical assistance and has not provided regulatory flexibility to allow for implementation of continually improving on-farm practices in response to site-specific environmental variables; and

WHEREAS, each and every day farmers across New York work to improve their environmental sustainability, recognizing that appropriate natural resource management is critical to maintaining success of their businesses for future generations; supporting farmers in these endeavors is how government can best aid agriculture in protecting water quality; and

WHEREAS, the County supports state and locally driven collaborative initiatives which effectively use federal environmental funds and specifically address areas of high environmental risk and employ a farm-specific focus, such as NYS Department of Agriculture and Market’s Agricultural Environmental Management Program; and

WHEREAS, EPA is requiring each State within the Chesapeake Bay Watershed to develop a Watershed Implementation Plan (WIP), and

WHEREAS, the New York State WIP, as dictated by EPA allocations, will impose new limits on the Waste Water Treatment Plants (WWTP) within the Watershed, and

WHEREAS, New York State does not benefit economically from recovery of the Bay, yet will be required to spend an estimated $250 million to retrofit and rebuild WWTP’s to meet EPA required allocations, and

NOW THEREFORE, BE IT

RESOLVED, that while Steuben County fully supports responsible efforts to improve water quality in the Chesapeake Bay Watershed and protect our State’s environment and natural resources, we object to the unfair and unattainable mandate the Chesapeake Bay TMDL forces upon our local governments, local communities and family farms; and be it further
RESOLVED, Steuben County urges Congressional and State representatives to intercede with EPA and enact superseding legislation, if required, to delay implementation of the Chesapeake Bay TMDL and request the EPA report to them on their response and adaptations regarding the aforementioned concerns; and be it further

Mr. Creath stated the AIP Committee held a special meeting this morning relative to this and they recommended making an amendment to the resolution to include a paragraph relative to waste water treatment.

Motion to amend Resolution No. 157-10 to include a paragraph relative to waste water treatment made by Mr. Creath, seconded by Mr. Farrand and duly carried.

Mark Alger, County Administrator, presented the following 2011 Budget Message.

PRESENTATION OF BUDGET MESSAGE

INTRODUCTION

Today I am here to present the Tentative 2011 Steuben County Budget. Once again we are including Federal Stimulus Funding (ARRA) for Medicaid. As you know, Congress extended the Federal Medicaid Assistance Percentage (FMAP) increase until June 2011. As a result, Steuben County will receive approximately $1.4 Million in ARRA Medicaid Funding for 2011. The funding is a benefit for 2011 but results in a net loss of a like amount in 2012, resulting in an estimated $1.9 Million increase in Medicaid for 2012 when the annual $500,000 increase is added to it.

Other highlights include a net reduction of 100 positions from the 2009 & 2010 budgets. We have been holding all vacancies outside the mandated staffing areas for the last two years. With the 2010 early retirement incentive, we reduced forces by 85 people that coupled with 15 other vacant positions ended with a net reduction of 100 positions from the budget. Some of the remaining vacancies are budgeted for 2011. The estimated budget reduction from the retirement program is $4.2 Million.

The construction budget for Public Works is set at the same level as 2010 ($5,392,000). Also, we are seeing significant increases in the Jail and Sheriff departments, Community Colleges, Department of Social Services; particularly Medicaid and Child Care; and Retirement Costs.

The largest increases for 2011 are the Department of Social Services and the Retirement costs. The Department of Social Services increase is $2.7 Million or 9.6%. While Retirement rates increased from 11% to 16.3% resulting in a $1.5 Million gross impact. What needs to be recognized is these two impacts will be with us for some time. We can project at least a $2.0 Million increase next year in the Department of Social Services’ budget with everything except Medicaid remaining the same. The expectation is retirement rates are likely to increase a like amount next year resulting in another $1 Million to $1.5 Million impact. Additionally, we need to continue to closely monitor events in Albany, as the new Governor is facing a large state budget deficit.

I want to thank all of those who once again have made this budget process work. The Finance Committee with Chairman Larry Crossett, Vice Chairman Gary Swackhamer and committee members, Don Creath, Gary Roush, and Scott Van Etten, as well as the Legislative Chairman, Pat Donnelly, are to be commended. I would also like to recognize the committee chairmen for their assistance, Pat McAllister, Joe Haurski, Tom Ryan, Don Creath, and Brian Schu, all contributed to the success of the process. I would point out the key role the Deputy County Treasurer, Tammy Hurd-Harvey has had in the preparation of this budget. Without the Treasurer’s Office, this would be a much more difficult task. I would also be remiss if I didn’t recognize Assistant Administrator, Jack Wheeler for his help and analysis.
of various items. We also called upon the Personnel Officer, Nancy Smith for assistance with the personnel impacts. I want to once again acknowledge the efforts of the Commissioners of Social Services and Public Works, Kathy Muller and Vince Spagnoletti. Every County department has cooperated to arrive at this budget. I should also note every department was cut in the preparation of the 2011 budget.

The first look at the budget in May of 2010 contained over a 25% tax increase. That is the reason we began early in 2010 to prepare the 2011 budget. I suggest we continue early budget discussions and closely monitor 2011 expenditures. As a result, we have already begun preparations of the 2012 budget. An early start on budget discussions provides direction to routine activities throughout the year. Spending constraints and funding availability dictate how we view each expenditure. Budget information and management is an ongoing team effort. The department heads are key to its success. This year the budget provides for 2.5% to 3.4% salary increase for managers based upon performance. The total cost is approximately $173,772 or 0.3% of the tax levy. The department heads are the individuals making the day-to-day decisions on how to save or how to improve operations.

**Budget Goals**

The Budget Goals that have been established for 2011 are as follows:

1. Minimize any property tax impact through careful review of expenditures and maximizing alternative revenues
2. Provide sufficient funding for Public Works Construction
3. Provide sufficient funds for State mandated Medicaid and Social Services’ programs
4. Meet the County’s retirement payment obligations

**Total Budget**

The total proposed budget for 2011 is $182,530,569, representing a decrease of $725,773 in total expenditures. The areas of increase include your Enterprise Fund, Health Care Facility up 3%; DSS up 9.64%; Community Colleges up 7.8%; and Public Safety up 6.01%; General Government decreased 5.25%; Health 1.6%; Public Works 6.58%; Culture and Recreation 6.5% and Home and Community Services 1.48%.

The County budgets for the past five years are as follows:

<table>
<thead>
<tr>
<th>Year</th>
<th>Budget Amount</th>
</tr>
</thead>
<tbody>
<tr>
<td>2007</td>
<td>$164,889,796</td>
</tr>
<tr>
<td>2008</td>
<td>$180,880,633</td>
</tr>
<tr>
<td>2009</td>
<td>$179,497,241</td>
</tr>
<tr>
<td>2010</td>
<td>$183,256,342</td>
</tr>
<tr>
<td>2011 (Proposed)</td>
<td>$182,530,569</td>
</tr>
</tbody>
</table>

The average increase in expenditures between 2007 and 2011 is 2.1%. The 0.4% decrease anticipated from 2010 to 2011 is a result of a decrease in various segments of the budget, contractuals, personal services and fringe benefits to offset the large increase in Social Services and retirement costs. The majority of the decrease is directly attributed to cuts in staffing. The 100 less budgeted positions results in a payroll decrease of approximately $3.00 Million compared to 2010’s salary schedule. With fringe benefits, the total reduction is $4.18 Million. Without the actions the Legislature took earlier in 2010; we would be facing a very large tax impact.
MAJOR CHANGES BY DEPARTMENT

Highways
The total proposed budget for transportation stands at $24,530,612 compared to $25,919,413 in 2010, with a County cost decrease of $1,236,961 or -6.6%. The Finance Committee is proposing that we budget $900,000 next year to replace key pieces of major equipment and $14,600 in small equipment funding. My recommendation again for 2011, is that only replacement equipment be purchased. The budget contains $285,000 in capital projects for the Bath Landfill. This year the Highway Construction Projects totaling $5,392,000 have been set up as capital projects totaling $4,215,000 and $1,177,000 within the general repairs budget. This is a robust program for the County considering the difficult budget times we are facing.

Department of Social Services
The total 2011 County cost for the Department of Social Services increased as a result of the loss Medicaid FMAP Stimulus funding. The Medicaid appropriation has increased from $19.9 Million to $20.3 Million for 2011; which reflects the increase of $500,000 in local cost for Medicaid and the IGT. Additionally, we are budgeting an $828,000 increase in Child Care for children in custody of the County. This represents a 33% increase in this cost. We’ve seen our number of children in custody increase by approximately 50% in the current year.

I would also note several concerns with the major welfare programs. TANF and SafetyNet are both decreased in 2011 to appropriations of $3.3 Million and $3.4 Million respectively. While the current expenditure rates and caseloads indicate these amounts are sufficient further erosion of the local economy may impact these numbers. As is always the case, these are our best estimates at this time. With the other increases in Department of Social Services’ programs these reductions were taken.

Sheriff/Jail
The Sheriff’s Department and Jail budgets are both impacted by the increase in salaries and fringe benefits resulting in an 11.3% increase in the Sheriff’s department and a 5.4% increase in the Jail. The Jail budget anticipates approximately 50 federal or other county inmates at $90.00 per day rate. That totals approximately $114,500 in additional revenues. The increase helps to offset the increased costs of salary adjustments and fringe benefits. It’s critical the Sheriff continues his solid working relationship with the Federal Marshals to maintain the revenue stream. At this time, we are projecting $1.7 Million for boarding in prisoners.

Health Care Facility
The 2011 budget continues to be directly impacted by reductions in Medicaid reimbursement enacted by the state. The continuation of the Intergovernmental Transfer (IGT) allows the County to recover half of the Medicaid rate cuts. At this point, we have anticipated a total of $1 Million in IGT revenues. We have yet to receive the IGT for 2009 and anticipate the 2010 payments won’t be received until June of next year at the earliest. As the losses continue, it’s only a matter of time until a direct county tax levy subsidy will be required. There are still several unknowns in the future of the facilities finances. The first is the new base rate which will be established based upon the operations for the first year. That rate has not been set. We are currently engaging Freed Maxick & Battaglia to conduct the base year audit.

COUNTY REVENUES

Sales Tax
The 2010 sales tax receipts are up slight compared to 2009. While certainly not a full recovery, the modest growth is encouraging. We are only projecting a slight increase of $250,000 for 2011. A total collection after adjustments continues to grow in the 2-3% range.
Budgeted sales tax revenues for the last five years are as follows:

<table>
<thead>
<tr>
<th>Year</th>
<th>Revenue</th>
</tr>
</thead>
<tbody>
<tr>
<td>2007</td>
<td>$23,500,000</td>
</tr>
<tr>
<td>2008</td>
<td>$24,450,000</td>
</tr>
<tr>
<td>2009</td>
<td>$25,450,000</td>
</tr>
<tr>
<td>2010</td>
<td>$25,450,000</td>
</tr>
<tr>
<td>2011</td>
<td>$25,700,000</td>
</tr>
</tbody>
</table>

**Fund Balance**

The tentative budget includes a General Fund appropriation of $3.9 Million for 2011. The Fund Balance will be critical as we learn more about the impact of State decisions on our 2011 budget. We will be receiving about $1.4 Million in FMAP assistance in 2011 which will not be available in 2012. As a result, we should anticipate a $2.0 Million increase in Medicaid for 2012.

**Real Property Taxes**

The reduction in the County's share of Medicaid in 2011 has resulted in our ability to maintain the services to residents with a minimal increase in property taxes for 2011. The tax levy is proposed to increase 2.24% with the full value tax rate of $8.76 for 2011 representing a 1 cent increase for 2011. This translates to one dollar for a home assessed for $100,000.

The property tax collections and average full value rate for the last five years are as follows:

<table>
<thead>
<tr>

**CONCLUSION**

These are very difficult budget times. Federal and State level budgets are constantly changing. We must be ever vigilant in monitoring changes to our reimbursements and responsibilities. With the election of a new Governor, we can expect a new strategy in Albany for balancing the State Budget. The new Governor will inherit a 9 Billion dollar deficit. Cuts and shifts will likely be part of the State’s strategy.

Additionally, the continued discussion of a property tax cap must begin to include mandate relief or it will shift even more funds away from local priorities like highways. As I’ve presented before, the (9) State mandates NYSAC has identified account for over 90% of the County tax levy. When you look at the chart, 3 year’s growth from 30 Million local dollars to 42 Million it is obvious counties are sacrificing local priorities to pay for state programs. Residents need to realize they are paying property taxes for NYS programs, not County programs. I can’t emphasize enough the impact state requirements have on the County property tax levy and budget.

Our proposed 2011 budget accounts for these impacts and does it with as little disruption to residents as possible. We’ve begun our budget work every year in the first quarter of the year. Next year will be no exception. Facing a 2 Million dollar increase in Medicaid and potentially another 30% increase in pensions premiums, the 2012 budget will not be any easier to craft. In fact, it will likely be harder. In 2010 to prepare for the current proposed budget, we offered early retirement incentives in recognition of the need to reduce payroll. We had a total of 85 people retire with an estimated budgetary savings of approximately $2.2 Million. In the end, the retirements coupled with not having vacancies filled for the last 2 years we are removing funding for a total of 100 positions and payroll reductions of $2.99 Million. Without the reductions taxes would have been negatively impacted.
The plan also includes the consolidation of the Continuing Day Treatment Program with the Mental Health Clinic. The consolidation eliminates three positions which will result in layoffs next year. The continued erosion of state revenues for these services directly impacts our ability to afford the services. This represents in a small way what will be common once a property tax cap is enacted. Local programs will have to be cut to make up for the reduced local funds available.

We have continued our commitment to the Public Works five year Construction program. Once again, allocating approximately 5.4 Million to construction related lines for 2011. This is the second year we will be identifying the proposed highway construction projects within the capital projects. This is being done to provide a clearer picture of the project work anticipated to be complete in 2011.

Social Service Programs, particularly Medicaid and Child Care are tremendously impacting the 2011 budget. Medicaid was expected and must be anticipated to impact again in 2012. The Child Care was not anticipated, but is increasing over $828,000 in 2011. This is a direct result of taking more children into care and the severity of their problems. The caseload increased approximately 50% in the last year and the complexity of the cases has further impacted the cost of care and treatment. Additionally we reduced the two major Welfare programs TANF and Safety Net for 20011 from 3.7 to 3.3 and 3.8 to 3.4 respectively. These programs provide the safety net for families when unemployment runs out. Based upon current projections, these numbers are believed to be sufficient. If we have dramatic changes in employment locally that could change and change significantly.

The other major driver of the 2011 budget has been the continued increase in pension costs. The average pension rate is going up from roughly 11% to 16.3%. That represents about a 30% increase, or about $1.5 Million. We have been told there will likely be no stability in this rate until 2015. In the mean time, the rate continues to climb and has been projected to reach as high as 32% over the next several years.

Finally, I want to offer you some thoughts on the process we’ve been through this year. We planned and projected early. We implemented several changes, consolidating two departments, reducing staff in many departments, cutting expenses virtually in every department. Probably the least discussed but hard to overlook change is the number of long term department heads we lost in the last year. We have not replaced all of them at this point and the replacements will bring different strengths to the table. But the institutional knowledge and experience cannot be replaced. This is a very diverse organization which is dependent upon the knowledge, skills and abilities of its department heads. They make the County programs succeed or fail.

In conclusion, we’ve formulated a plan based upon the best information we currently have, knowing it will be subject to change. We must be ready for the change and react as quickly as possible, once we know what the changes are. The New York State Association of Counties has aggressively represented our interests in Albany and has to date, been successful in preventing shifts in mandated programs costs from the state to counties. In repeating what I said last year, we must stand ready to make reductions in non-mandated programs when the time comes. These will not be easy decisions; cuts will impact various interest groups and hurt constituents. But we must reduce programs that are not mandated to maintain a stable tax rate.

Mark R. Alger
County Administrator / Budget Officer

Chairman Donnelly asked does anyone have any questions about Mr. Alger’s presentation?

Mr. Creath asked how much money is available in the Contingency Fund? Mr. Alger replied we have $1.3 million. This year we have only spent $20,000, although we do have a couple of items upcoming for the November Legislative meeting.
Mr. Van Etten stated we are pulling out $3.9 million from the $39 million and that is higher than last year. Mr. Alger replied it is higher than last year, but not unsustainable. Mr. Van Etten commented that this morning he heard on the radio how Chemung County has $17 million in their General Fund and that is a record for them. Have we always been at $39 million? Mr. Alger replied that during 2003 – 2005 our Fund Balance went down to $12 million - $15 million at the most. The Medicaid cap helped us get back to where we are. The Fund Balance has been built up over the last seven to eight years.

Mr. Weaver commented that he noticed there are two who will be getting their increase mid-year. Will they continue to get increases mid-year? Mr. Alger replied when we make appointments early in the year we don’t like to do automatic adjustments. We do the salary adjustment in July following the appointment, then they are put on the January schedule.

Mrs. Ferratella asked why are some of the percentages of increase above the maximum? Mr. Alger replied there is an administrative adjustment. Mrs. Smith explained the individuals are rated on performance, however if they are below the midpoint, there is an administrative adjustment.

Mr. Hanna asked what is an administrative adjustment? Mrs. Smith explained if an individual’s salary is $1,000 below the midpoint, their salary is adjusted 1 percent. If they are $500 below the midpoint, then their salary is adjusted .5 percent.

Mr. Farrand commented that he is not in favor of any raises at all. He has senior citizens in his district who are getting a zero percent increase in their Social Security benefit. With the economic times in my area due to layoffs by Alstom and potential layoffs at St. James, he cannot justify giving raises to department heads and he recommends voting no.

Mr. Weaver stated that from a management standpoint it is difficult to retain good help. We are an employer and at some point the department heads need to be rewarded.

Mr. Ryan commented that he would credit our professionals with being just that, professionals. They will rise to the occasion even if they don’t get a raise.

Mr. Weaver commented it’s tough to work every day and not get a financial reward.

Mr. Van Etten stated that last year we gave a 1.6 percent raise because of the economic times. This year he pushed for a 2 percent increase. This proposal has 3.4 percent as the maximum based upon performance. The reason he agreed to that is by losing 100 employees from the payroll, we are expecting the people who are left to do more work with less people. The Union is getting an increase of 3.4 percent, as well as increments. You get a compression issue when the workforce gets closer and closer to management salaries. He is not in favor of handing out money when it is not necessary, but this year we need to make it right. Next year, we may not give again.

Mr. Farrand stated the average income in the County is $26,000. The department heads are making $45,000 – $80,000. Yes, they are good quality people; but when looking at the roads conditions in my area, my constituents think we don’t care about them. I welcome any Legislator to ride the roads in my area. Mr. Swackhamer called for a point of order; we are talking about raises, not roads.

**Vote:** Acclamation – Adopted. (Legislators Farrand and Ryan were opposed.)

**BUDGET WORKSHOP**

*Motion restoring the $100,000 in bridge funding to the cities of Corning and Hornell using surplus funds made by Mr. Swackhamer. Seconded by Mr. Ryan.*

Mr. Hanna asked why is the amount $100,000? Is this repetitive every year? Mr. Alger replied this was started back in 1999. Mr. Donnelly commented historically, town and village bridges have been taken over by the County for maintenance. Mr. Alger stated the $100,000 is split, 60 percent to Hornell and 40 percent to Corning.
Mr. Hanna asked what is the cost to repair a bridge? Mr. Weaver replied the City of Hornell is doing work on the Grant Street Bridge which is $2 million. The local share results in a $200,000 expense to the City. The 60 percent bridge funding that is designated for Hornell will go toward the cost of this bridge. The City does not have any county roads so we don’t receive the benefit of having our roads being taken care of by the County.

Mr. Roush stated he is opposed to giving $100,000 for the bridges. The Cities are funded differently than the townships and they keep a quarter of the sales tax that is generated. The Towns have to distribute the sales tax they collect.

Mr. Haurykski commented that each year the cities provide the Commissioner of Public Works with a bill that itemizes all work items and the cost associated with them. This is not money that we just hand over. They have to provide an itemized bill before the Treasurer will cut a check.

Mr. Crossett commented there are 14 villages that also do not have the benefit of the County doing their roadwork; not just the cities.

Mr. Nichols asked do bridges over a certain length get federal funding? Mr. Spagnoletti replied typically the larger bridges, over 25 feet, will receive federal funding. The County has taken over ownership of 135 town/village bridges. Mr. Nichols asked so if the cities have a bridge longer than 25 feet, the County pays the local share? Mr. Alger replied the cities would pay the local share.

Mrs. Ferratella stated that she has two issues with this. The first is that next year we need to study and review the details of this program to see what has changed. The second, is that she doesn’t think that it is fair to take the $100,000 away within a month or two of the cities doing their budgets.

Mr. Van Etten commented when this was started in 1999 it was assumed that it would be a temporary program. Last year Mr. Creath and Mr. Gehl had the vision to take the funding out and then we put it back in with wording in the minutes stating that it would be studied this year and more than likely would come up again. That is why we decided to take the funding out of the budget. He commented that he does not know enough about the history of this program, however, we need to stop doing things like this. We should not be handing money over to the cities to pay for a bridge that we don’t own.

Mr. Palmesano stated that he is asking for the Legislature’s support of this resolution. This is a tough economy and any money would be helpful. This funding is important to the cities. The cities contribute to the county with their sales tax and there are programs that the cities fund that are a benefit to people outside of the cities. We are just asking for a little bit.

**Vote:** Roll Call – Adopted. Yes – 7444; No – 2428
*(Legislators Opposed: Nichols, Roush, Van Etten and Walsh.)*

**Motion increasing Legislator Salaries a Combined Total of $42,500 and decreasing Legislator Fringe Benefits by $115,000 made by Mr. Roush. Seconded by Mr. Ryan for discussion.**

Mr. Roush explained that because some Legislators take the health, dental and vision insurance, while others don’t, the taxpayers are funding eight Legislators at $25,000 per year and 9 Legislators at $11,500 per year and that is not fair. The taxpayers should not be paying for health insurance benefits for the Legislators. By increasing salaries, that will enable Legislators to pay for their health benefit if they choose to take it. The health benefits program the County has is very good. We really are volunteers as Legislators, and that is why our salaries are so low. We are part-time and temporary. Anyone who relies on the salary and health benefits is probably here for the wrong reason. This will make up the money for the management salaries. We can help the budget and lower taxes by accepting this proposal.
Chairman Donnelly asked if this could be done during the current term? Mr. English replied since the public hearing notice on salaries has already been published, it is out of order to raise Legislator salaries at this time. With regard to the health benefit, it has been interpreted in the past as compensation for Legislators, which cannot be changed mid-term without a Local Law. All of the Legislators are being compensated the same. If you are changing the compensation of the Legislators, it has to be done at a time when it could be effective for all Legislators at the same time. That would not happen for another two terms.

Chairman Donnelly ruled the motion out of order at this time.

Mr. Roush commented Legislators are not being paid the same now. Mr. English replied the total compensation package was including fringe benefits with respect to the frequency or capability of making changes.

Mr. Donnelly commented the benefit is available to you. Mr. Creath stated this issue needs further analysis and discussion.

Mr. McAllister stated this issue did come up in the Administration Committee and it was decided that it needs to be looked at. The issue was brought up late and the committee felt that it should not be tied together with the salary increase for management.

Motion decreasing the SPCA appropriation 10 percent made by Mr. Farrand. Seconded by Mr. Ryan.

Mr. Farrand stated the libraries request included a 10 percent reduction and I think the SPCA should also reduce their request.

Mr. Van Etten commented this was discussed at the Finance Budget Workshop and it was decided that just because one organization comes forward with a cut, does not mean others should be held to that. The SPCA did not ask for an increase.

Mr. Creath commented this is a necessary expense.

Mr. Hanna abstained from the vote due to a conflict of interest.

Vote: Motion Fails. Yes – 1218; No – 8053; Abstain – 601
(Legislators Opposed: Creath, Crossett, Donnelly, Ferratella, Hauryski, McAllister, Nichols, Palmesano, Roush, Schu, Swackhamer, Van Etten, Walsh and Weaver

Mr. Ryan commented that he thought it was admirable of the libraries to come forward and take action when they didn’t have to.

There being no further discussion, Chairman Donnelly declared the Budget Workshop closed.

Motion to Adjourn made by Mr. Weaver, seconded by Mr. Farrand and duly carried.
The County Legislature of the County of Steuben convened in Regular Session in the Legislative Chambers, Bath, NY on Monday, the 29th day of November, 2010, at 3:00 p.m. and was called to order by the Chairman of the Legislature, Patrick F. Donnelly.

Roll Call and all members present except Legislator Weaver.

Mr. Nichols provided the Invocation and the Pledge of Allegiance was led by Mr. Hanna.

Chairman Donnelly announced that Walter Feeley, an Investigator in the Sheriff’s Department is receiving a Certificate of Appreciation for 10 years of service to Steuben County. He was scheduled to be here this afternoon, however, duty called.

Chairman Donnelly opened the floor for comments by members of the public. There being none, he declared the opportunity for public comment closed.

Mr. Ryan stated that on behalf of the residents of the County and the members of the Legislature, he would like to recognize the following individuals who are currently serving on active duty:

Kurtis Bickle  Christopher Buckley  Andrew Holmes  Jack Marvin
Zacharias Ruter  Justin Stamp  Matthew Clark  Glen Jones
Dakota Goodrich  Steven Faith  John Zacyzk

Motion approving the minutes of the previous meeting made by Mr. Farrand, seconded by Mr. McAllister and duly carried.

RESOLVED, the County of Steuben requests that the final requirements for High-Volume Hydraulic Fracturing include the requirement “Road use agreement with local governing authority OR trucking plan and documentation of efforts to obtain a road use agreement.”; and be it further

RESOLVED, certified copies of this resolution shall be forwarded to Governor David Paterson, Executive Chamber, State Capitol, Albany, NY 12224; Senator George H. Winner, Jr., 228 Lake Street, PO Box 588, Elmira, NY 14902; Assemblyman James G. Bacalles, 105 E. Steuben Street, Bath, NY 14810; Peter Iwanowicz, Acting Commissioner, New York State Department of Environmental Conservation; Marcia Weber, Executive Director, Southern Tier Central Regional Planning & Development Board, 8 Denison Parkway East, Suite 310, Corning, NY 14830; Richard Calabrese, President, Inter-County Association of Western New York, Municipal Building, 20 Ontario Street, Canandaigua, NY 14424; and all others deemed necessary and proper.

Mr. Alger commented that his understanding is that currently, the permitting does not require the gas companies to enter into road use agreements. The Public Works Committee made the recommendation that it is desirable that they do. The purpose of this resolution is to suggest to the State that they include this requirement in the draft environmental impact statement.

Mr. Van Etten asked if copies of this resolution could also be sent to surrounding counties with Natural Gas Task Forces? Mr. Donnelly replied that would be appropriate.

Mr. Swackhamer asked can we do a local law requiring the gas companies to enter into road use agreements? Mr. Donnelly commented the DEC has jurisdiction. Mr. Alger stated we are talking about developing a local law requiring the gas companies to negotiate with us. We are in the process of developing a model. We think we know how we would do that, but this would make it clearer. If in fact the DEC does not incorporate this, then we will have to take other steps. The Commissioner of Public Works could post the roads if necessary.

Mr. Spagnoletti commented the key is that the drilling companies can run 100 legal loads across our roads and would not have to pay for the repairs as they were carrying legal loads. If this requirement goes through DEC, the gas companies would have to sign an agreement that if they break up the roads they will pay to repair them. We are also looking at a local law; and no other county has done this.

Motion to Adjourn made by Mr. Nichols, seconded by Mr. Farrand and duly carried.
The County Legislature of the County of Steuben convened in Special Session in the Legislative Chambers, Bath, NY on Monday, the 29th day of November, 2010, at 6:00 p.m. and was called to order by the Chairman of the Legislature, Patrick F. Donnelly.

Roll Call and all members were present.

Mr. Nichols provided the Invocation and the Pledge of Allegiance was led by Mr. Hanna.

Chairman Donnelly opened the floor for comments by members of the public.

Ristiina Wigg, Southern Tier Library System, stated thank you for your support of library services for the region. More and more people are coming to the libraries to do job searches, work on resumes, etc.

Karen Deutch, Wayland Free Library, stated the libraries are important to the communities in the county as there are few places that offer free wi-fi services to residents. Many people are coming into the library with their own laptops and are using the services we have at our library. These services are also appreciated by people who are traveling through the area. The Wayland Library is one of thirty libraries in New York State that was granted a major funding opportunity to create a public computing center. The focus of the computing center is to help the unemployed fill out on-line job applications and resumes. Thank you for your support.

David Hardy, Hornell, stated he is a member of the Board of Trustees for the Hornell Library. Thank you for your continued support of the library system. It is a unique position that the libraries hold. The Hornell Library offers a variety of services, one of which is a number of reading programs for children. In addition we offer computer services as well as a large selection of large-print books. This year the Hornell Library will be celebrating its 100th anniversary and as part of that, we will be undergoing a major renovation. This renovation is partly paid for by library construction aid and our capital campaign. Thank you for your continued support.

Lorraine Nelson, Director, Howard Public Library, stated we are a small community and the library really makes a difference. We have expanded our library and now are able to hold a children’s story hour in the upstairs of the building. Thank you for your continued generosity.

Sally MacDougal, President, CSEA Local Unit, stated she is concerned as she has heard that there will be four individuals laid off in the Office of Community Services. There are people in the community that need services and employees are taking on extra duties due to retirements. I am asking that you look at alternatives. She commented that she understands that you are faced with hard economic times. Usually, private businesses lay off people due to a lack of work; we do not have a lack of work in the County.

Ira Hale, Canisteo, stated he read about the proposed layoffs of three Mental Health counselors in the Day Treatment Program. I have family members that have used their services for years and I am also a county employee. We have had people retire and the remaining employees have had to pick up the slack. I ask that you put these three positions back in the budget and find cuts elsewhere. We have 17 Legislators and many years ago we had double that. Many times you have asked us to tighten our belts. You have two representatives in Bath, Corning and Hornell. Why not cut that down to one representative for each of those districts? Put those four positions back on the payroll. These are good workers and they work with
the community; with people that need services. Think hard before you vote on the budget tonight. I’m sure there are many other places to cut.

Valerie Lebak, Bath, stated I use the Continuing Day Treatment Program. A few years ago I had no hope and no future. After a few months of going to this program, I have received knowledge. They have taught me about my illness and how to deal with my symptoms. I don’t know where I would be without the Continuing Day Treatment Program; I don’t know if I would even be alive. Each one of our counselors is very important. There are many resources that are needed for each different illness. The knowledge we receive is just irreplaceable and gives us hope. Since going to Day Treatment, I have experienced many firsts; I have friends and I have learned how to contribute to the community. Take a second look and see if there is someplace else to cut.

Charles Coleman, Bath, stated I am a Continuing Day Treatment Program client. Since I have been in the program, I have learned a lot. I have learned to become peaceful and get along with myself. Prior to coming to the Continuing Day Treatment Program, I spent a lot of time by myself. I have lived in the County for twelve years and the counselors are sort of like a mother and father to us. All of us don’t have a voice, we are very sick, but we do cope and that is one thing we need to let you know. Look somewhere else to cut, because we really need our counselors. I need someone to talk to and they help me very much. I appreciate you looking at this.

Cheryl White, Bath, stated I am a Continuing Day Treatment client and I have been with them for four years. They helped me through the deaths of my mother and father which was a hard thing to do. I have many friends at Continuing Treatment and there are wonderful people there. They show you how things could and should be done. We are hoping you will look elsewhere so that we can continue to go to Continuing Day Treatment.

Yvonne Switzer stated I am a Continuing Day Treatment Program client and have attended for the last four years. It’s an alternative to hospitalization which is very expensive for the County. The program has taught me how to socialize and be a member of the community. The counselors are the best we could have in the County to help us. Cutting the Day Treatment Program will hurt the County more than it will benefit it.

Rick Davis, Corning, stated I don’t know how you can consider giving anyone a raise now. Is there anyone in the private sector in the last three years that has gotten a raise? Has anyone in private business made any profit? It is not that the employees don’t deserve it, but private business can’t do it because the money is not there. Think long and hard about giving anyone a raise at this time. It just doesn’t make any sense.

There being no further comments, Chairman Donnelly declared the opportunity for public comment closed.

Chairman Donnelly opened the floor for discussion on the proposed 2011 Budget.

Mr. Van Etten asked with regard to the salary schedule, he has a question on a salary increase for one specific position as it relates to all others. The percentage was the same for all, with the exception of one. Mrs. Smith explained whenever a salary is below the midpoint, there is an administrative adjustment.

There being no further comments, Chairman Donnelly declared the Budget Workshop closed.

Mr. Creath asked who will operate this Local Development Corporation? Mr. Alger replied it will be independent and the membership will be appointed by the counties and will represent various sectors such as business and utilities. This will be a wide-ranging group through Southern Tier Central and I expect this will be run as an independent corporation. The mission and purpose will be defined in the incorporation papers.

Mr. Swackhamer asked have the other two counties approved this? Mr. Alger replied the other counties are in the process of approving it and he believes that will happen this month.

RESOLUTION NO. 198-10

Introduced by B. Schu/L. Crossett. Seconded by D. Farrand.

RELATIVE TO COMPUTER AIDED DISPATCH FOR E-911.

WHEREAS, the Steuben County Legislature has been presented with an option to upgrade the E-911 systems CAD and phone systems at a reasonable cost; and

WHEREAS, the Steuben County Legislature finds it to be in the interest of the County for continuity of service and in order to avoid unnecessary and costly training expenses, that the proposals from Tiburon, the successor in interest to Positron for the CAD system, be accepted.

NOW THEREFORE, BE IT

RESOLVED, the Steuben County Legislature waives the County’s requirement for an RFP for CAD services finding that it is in the County’s interest for continuity of service and in order to avoid unnecessary and costly training expenses to select Tiburon, the successor in interest to Positron for CAD, as vendor to upgrade the E-911 Center’s existing CAD system; and be it further

RESOLVED, that the Steuben County Administrator is authorized to execute the necessary documents to enter into a lease with Tiburon, the successor in interest to Positron for CAD; for CAD services at the E-911 Center for a five (5) year term renewable, and be it further

RESOLVED, that certified copies of this resolution be forwarded to Tiburon, 6200 Stoneridge Mall Road, Suite 400, Pleasanton, CA 94588; David Hopkins, 911 Director; and Mark Alger, Steuben County Administrator.

Mr. Alger stated this resolution is proposing to continue the relationship that the County has with Tiburon, the successor to Positron, for the CAD system through a five-year lease with an option to renew for an additional five years. During that time, the software would be continually upgraded. The other component, integral to the decision, is the need to upgrade the telephone switch at a cost of $400,000.00. That would be subject to an RFP in the future and probably would occur in the first part of next year. The last piece relates to the MDT’s. Mr. Alger stated that he believes the solution that Mr. Hopkins has identified will provide us with hardware without the cost. The lease of the airtime will be $10.00 less than what we are currently paying. The cost per month for the Netbooks and the airtime will be $39.00. This is an issue to be worked out and we will work with the Sheriff and the local police agencies.
Mr. Alger stated the basic decision today is whether to upgrade the CAD to a more currently system which would consistently be updated. The cost is $16,000.00 per month for the lease of the software. Currently we are paying $15,000.00 per month for maintenance. Our recommendation is that this is a good buy and a good time to do it, as the maintenance on the current system will expire in May 2011.

Mr. Ryan commented that he still has concerns with the total costs and how this will develop from one stage to the next. We did hurry this and that concerns me. We don’t have the overall costs.

Mr. Van Etten stated he will support this at this time. What bothered me is the display at this morning’s special meeting when the two big stakeholders were not in agreement. That was very unsettling for me to vote on. I would hope that in the future the two parties would be brought into a room and have a discussion until everyone was in agreement.

Mr. McAllister asked how long is the lease? Mr. Alger replied the lease is for five years with an option to renew for an additional five years.

Mr. Weaver stated that he feels as though we are being pressured to do something. We are being asked to spend a lot of money and this should be held over for a month.

Mr. Hanna stated that he has the same concerns as Mr. Ryan and Mr. Van Etten, especially with regard to the interface with the Sheriff’s Department.
