

Early Voting in Steuben County

Early Voting will be held at the New Steuben County Annex

Located at 20 E. Morris Street, Bath NY

Early Voting will be available to all voters in Steuben County at the 20 East Morris Street location in Bath. There will be Early Voting for election that is run by the Steuben County Board of Elections. The dates and hours for early voting are listed below.

The ballots used for early voting will look the same as the ballots that have been used for the past ten years. Voters will complete their ballot and scan it into our regular voting machines. Ballot marking devices for voters who require assistance marking their ballot will be available, along with Election Inspectors.

None of the votes cast during Early Voting will be counted until Election Day. Standards for protecting ballots and memory cards are extensive. A daily audit will be required to establish and ensure that records of both blank and cast ballots match the number of voters that voted daily.

Affidavits (provisional ballots) available on Election Day will also be available during early voting to make sure everyone gets to complete a ballot even if for some reason they are not in our records. The Early Voting poll site will function much like a normal polling site on Election Day.

Voters are only allowed to vote once. Voters may either cast a ballot during Early Voting or on Election Day but not both.

The State Board's detailed regulations will make sure New York's elections remain as secure as they always have been. New York is recognized for its extensive procedures that ensure every vote is counted and counted accurately.

Early voting results will be posted on our website election night when we post the Election Day results.
