Mr. Reed, County Highway Superintendent, reported on the snow and ice control contract with the state which was cancelled. As a result of the contract being cancelled the State of New York is revising their snow and ice control system, including equipment rental rates; paying for sand and chemicals when purchased; and protecting the county on insurance claims by assisting in the defense of the county. The committee is now requesting the resolution cancelling the contract be rescinded.

Mr. Reed also reported concerning bridge inspection. It is proposed this be taken over by the state in order that the inspections be uniform.

Regarding the Industrial Code for sand and gravel banks, Mr. Reed reported a permit from the Department of Environmental Conservation at an annual fee of $100 would be necessary and there has to be plans for restoring the land; every town would have to hire a licensed engineer to make an impact statement. This would make private individuals unwilling to sell to towns because they would have to furnish an impact statement by a licensed engineer. A resolution is to be proposed to delay implementation of these requirements for one year.

Mr. Parks stated he attended a meeting at the County Officers’ Convention regarding the Office for the Aging and will ask for the matter to be put on the agenda for next month.

Mr. Barker stated he has been in favor of the Office for the Aging, although he hates to see new departments created, and in discussing the matter with Miss Curtis, Social Services Commissioner, she stated it would be possible for her office to administer the program.

The Chairman introduced Mr. Sylvester Walker, Executive Secretary of the New York State Supervisors and County Legislators Association.

Mr. Walker stated it was a pleasure to have the opportunity to speak relative to the work of the Association and programs pertaining to assistance in furthering education for county officials and county government employees. He stressed the fact that the organization was willing to help county supervisors and requested the supervisors make more use of the organization.
