**Steuben County Public Health, County Management, and the Office of Emergency Services have been working together closely and with the New York State Department of Health, CDC, and other local and regional partners to monitor and respond to the COVID-19 pandemic.**

As of press time, there have been NO cases of COVID-19 in Steuben County. Our early actions have been taken in the hopes of reducing the potential spread of the disease and limiting the impact on our community.

We know that the situation and guidance can change daily, sometimes even more often, and appreciate your understanding during this quickly evolving situation.

**COVID-19: A Common Sense Approach**

Are you prepared to stay home if needed? Think about what you would need and how you can get it: delivery or friends/family members?

- Food & Pet Food
- Baby Supplies
- Medications
- Entertaiment
- Medical Supplies
- Water

Symptoms include fever, cough and shortness of breath. Masks for the general public are not needed at this time. Follow good health practices.
COVID-19
CORONAVIRUS

Public Health Advisory

SYMPTOMS
FEVER
COUGH
SHORTNESS OF BREATH

HOW IT SPREADS
CLOSE CONTACT WITH PEOPLE WHO ARE SICK

SYMPTOMS MAY SHOW UP 2-14 DAYS LATER
THERE IS NO VACCINE YET

For the latest guidance for returning travelers visit www.cdc.gov

If you have recently traveled outside the US and are exhibiting symptoms, call your health care provider for instructions.

PREVENTION
WASH HANDS WITH SOAP & WATER FOR AT LEAST 20 SECONDS
AVOID CONTACT WITH SICK PEOPLE
DON'T TOUCH EYES, NOSE OR MOUTH WITH UNWASHED HANDS

IF YOU ARE SICK
STAY AT HOME
AVOID CONTACT WITH OTHERS
COVER YOUR NOSE AND MOUTH WHEN COUGHING / SNEEZING
KEEP OBJECTS AND SURFACES CLEAN
WEAR A MASK ONLY IF SICK

Most at risk: elderly and those with underlying health conditions.

TRAVEL ADVICE
AVOID TRAVELING TO AFFECTED AREAS UNLESS NECESSARY
DON'T TRAVEL IF YOU HAVE FEVER AND COUGH
IF YOU BECOME SICK WHILE TRAVELING SEEK MEDICAL CARE IMMEDIATELY

For more information visit www.cdc.gov or call the NYS Dept. of Health at 1-888-364-3065
What is Social Distancing?

What is social distancing and why is it important?
Social distancing is a way to keep people from interacting closely or frequently enough to spread an infectious disease. Schools and other gathering places such as movie theaters may close and religious services may be cancelled. Social distancing protects you and your community from getting and spreading COVID-19.

What supplies should I have at home?
Nonperishable and ready-to-eat food, including special foods, such as nutrition drinks and ready-to-feed formula for infants. People with dietary restrictions, food sensitivities, allergies, and medical conditions such as diabetes should be mindful. Other personal care items may be needed such as hygiene products, medications, medical supplies, and baby diapers. Remember to plan for your pets.

I feel fine, but I’m bored. Can I go out?
Everyone has a role to play in keeping the community healthy. Shopping, eating out, or gathering in large groups increases the risk of spreading COVID-19. For more info on staying mentally healthy during social distancing events, please visit: https://store.samhsa.gov/system/files/sma14-4894.pdf

What do I do if I have symptoms?
If you have a high fever, cough, and shortness of breath stay home and call your healthcare provider for instructions. If you need an ambulance tell the dispatcher that you have COVID-19 symptoms. Call the Emergency Department prior to arriving.

Get the facts!
