

Kanakadea Cabin Rules

1. Check in by 1:00p.m.and check out by 11:00 a.m.
2. Cabin renters must be 18 years old.
3. For check in, the cabins will not be held past regular office closing times, unless prior arrangements have been made with the park staff.
4. Park quiet time is 11:00 p.m. – 7:00 a.m.
5. Park visitors must vacate the park property by 10:00 p.m.
6. 2 vehicles maximum per site.
7. No temporary tent shelters, or travel trailers are permitted on the site without prior park staff approval.
8. No cooking is allowed in the cabins.
9. No pets are allowed in the cabins, or on the cabin sites.
10. No smoking is allowed in the cabins.
11. Maximum overnight cabin occupancy is 6 people.
12. No littering is allowed at Kanakadea Park, or on cabin sites.
13. All trash/garbage shall be placed in dumpster near the campground entrance. Do not place garbage/trash in the fire rings.
14. The cabin interior and cabin site areas must be clean and orderly at all times.
15. Cabin renters shall sweep the cabin floor and empty trash prior to check out.
16. Keep heat at a low/moderate level when using a space heater. Turn the heater off prior to check out.
17. Return the cabin key to a staff member on check out. Cabin renters may drop the key in the overnight payment box, attached to the park office door, in the event that a park staff member is not available upon check out.
18. All other Kanakadea Park Rules and Regulations apply. Violation of any park rule/regulation shall be cause for eviction.

General Cabin Information

A Kanakadea Park Cabin is a 1-room structure. There are 2 bunk beds in each cabin (3 singles and a double), and they sleep 5 people. The cabins also feature electricity, lighting, 2 chairs, and a space heater. There are no plumbing, water, or toilets in the cabins. All cooking is done outside. Each cabin has a fire ring and picnic table. The cabin is located in a very shady section of the campground. Cabin renters will provide their own bedding. It is wise to consider bringing along a circulation fan during the hot days of summer. The cabins are frequently booked well in advance during the summer, especially on the weekends.

A note about pets

While pets are allowed on campsites, they are not allowed in the cabins, or the cabin sites. This rule is intended to help maintain a safe, clean and healthy environment for our customers, by eliminating the potential for the spread of animal fleas, pet accidents on the wood floor, etc. Unfortunately, the park staff has had instances in the past where cabin customers promised to keep their pet in their vehicle, or on the cabin sites, and the staff found the pets were snuck into the cabins at night. Therefore, the park determined that it is necessary to prohibit cabin renters from allowing pets on the cabin sites altogether.
