I. CALL TO ORDER

Chief Mullen called the meeting to order at 9:00 a.m.

II. APPROVAL OF MINUTES

MOTION: APPROVING THE MINUTES OF THE DECEMBER 16, 2016, MEETING MADE BY JUSTICE ROUSE-NICHOLSON, SECONDED BY MRS. DLUGOS AND DULY CARRIED.

III. NEXT MEETING

The next meeting will be held on Friday, June 30, 2017, at 10:00 a.m. and will be held in the South Conference Room.

IV. DEPARTMENT/AGENCY/MEMBERSHIP REPORTS

A. Corning Police Department
   • Chief Spaulding reported all is quiet, and currently there is no construction.

B. Planning
   • Mrs. Dlugos informed the committee that they are applying for a new public transportation grant. Over the past several years they have implemented safety features which include the addition of fare boxes so that the drivers are no longer carrying cash
   • The new bus shelter on Liberty Street is working very well.

C. NYSDOT
   • Mr. Martin announced construction season is starting and there are a number of paving projects in the County:
     o SR 248, Greenwood
     o SR 415, Bath
     o I390 – I86, Wallace
     o SR 414, Corning City line to Hurd Hill
     o SR 415, Campbell – Savona
Traffic Safety Board
Friday, March 31, 2017

- I-86 from Howard to I-390
- SR 54, Bath
- Paving project for the City of Hornell
- They also will be working at all of the rest stops doing sidewalk work and ADA compliance work.
- Work will continue on various bridge projects.
- Goff Road and 352 – they have been working with Quik-Fill/Dandy Mart to look at one of their exits that leads to Route 352 and leads traffic across a yellow crosshatch area that is not safe. People are cutting through the parking lot if there is a backup on Goff Road.

D. Magistrate’s Association

- Justice Rouse-Nicholson commented the Traffic Diversion Program is on hold, for at least a year, due to their association raising concerns.

Mr. Terwilliger stated the District Attorney is contacting the Attorney General’s Office, as well as State Counsel to get a written determination on this. Depending on what they determine, next February the program will either start back up or be discontinued.

Justice Rouse-Nicholson stated when the Sheriff pulled out because of the County Attorney not agreeing with the interpretation of the program, the Magistrate’s Association looked at this program and determined that people were not getting in-person training. There was a question as to who was actually taking the online course. We felt that part was taken away. Sometimes the online information is not up-to-date. With the Sheriff providing the training, if something is incorrect in the books, they can address it during the training.

Justice Rouse-Nicholson commented the other issue was ethical. It looked like if they could afford to pay, they could take the course, and if they could not pay, they could not participate. Additionally, the judges had noticed that some people had taken the course numerous times. Undersheriff McNelis commented that is an interesting point; if individuals are taking the course multiple times, there is no enforcement value to it.

E. Sheriff’s Office

- Undersheriff McNelis announced that they will be applying for the Police Traffic Services Grant, Child Passenger Safety Grant and Bike Safety Grant.

Chief Mullen asked that the police departments email the grants they are applying for, and the amounts, to him and Mrs. Chapman no later than April 20, 2017. Mrs. Chapman will then send out a summary email on April 21, 2017 for the committee to approve. Once we do that, then he will be able to electronically submit those grants.

- Undersheriff McNelis stated that they are looking at doing multi-agency checkpoints in Bath, Hornell and Corning. We are going to team up with the Chambers of Commerce and Hornell Partners for Growth. If an individual’s vehicle is in compliance, they will receive a complimentary coupon or something similar highlighting area businesses. If they are not in compliance, they will receive a ticket.

Chief Mullen stated that the Bath Chamber of Commerce is interested in doing this. Undersheriff McNelis stated that he is still waiting for a response from Hornell.

F. NYSP

- Sgt. Feeley informed the committee that they are continuing with their traffic safety program. Our grant year runs from October through September.
He noted there has been a change in supervision of the Traffic Incident Management Detail. The new supervisor is Sgt. Jim Wilkinson who is out of Canandaigua.

G. Governor’s Traffic Safety Committee

- Ms. Kozakiewicz announced submission deadline for grants is May 1, 2017.
- She stated that she would like to come and train agencies on how to apply for the PTS (Police Traffic Safety) grant. The intent is to make the grant process easier and your submission should be able to be done in five sentences or less. You are rated on a score, and if you do not meet certain criteria, you lose points. This information could also cross over to your CPS and HS1 grants.

She stated that she could provide a training to Steuben, Allegany, Schuyler, Yates and Livingston on April 17th from 1pm – 3pm. This training is appropriate for law enforcement or anyone who will be a grantee. Mr. Forenz confirmed the training could be held on April 17th at the Civil Defense Fire Training Center.

Justice Rouse-Nicholson suggested contacting the Addison, Canisteo, Painted Post and Wayland police departments.

Undersheriff McNelis asked if the HS1 go off to cover SRO’s? Ms. Kozakiewicz replied it could. If you do not have funding from the Superintendents, then if may be a good opportunity to get half of that funding. However, they can only use that funding to do traffic safety outreach education. This training will give you best practices and discuss how much funding is available.

- There is a tremendous amount of funding available for pedestrian and bicycle safety. There are 20 localities within 10 counties that have been targeted as high-risk. She assumes that many will not apply, so there may be extra money available.
- ESLETS (Empire State Law Enforcement Traffic Safety) symposium will be held in Albany April 6th – 7th.
- Fall Symposium will be held in Niagara Falls October 15th – 18th.
- ARIDE and DRE trainings are still available. Those individuals that are ARIDE certified, are the ones that you want to take for DRE. Applications for DRE training in July are due April 3rd.

**MOTION: TO ADJOURN MADE BY UNDERSHERIFF McNELIS, SECONDED BY MR. TERWILLIGER AND DULY CARRIED.**

Respectfully Submitted by

Amanda L. Chapman
Deputy Clerk
Steuben County Legislature
I. CALL TO ORDER

Chief Mullen called the meeting to order at 10:10 a.m.

Secretary’s Note: Due to there not being enough members present to constitute a quorum, this was an informational meeting with no official actions taken.

II. NEXT MEETING

The next meeting has been scheduled for September 29, 2017 at 10:00 a.m. in the South Conference Room.

III. DEPARTMENT/AGENCY/MEMBERSHIP REPORTS

A. NYSDOT

- Mr. Butler reported there are numerous road projects occurring in Steuben County:
  - I-390 – Concrete Overlay; this is a new treatment in which concrete is poured over asphalt. Should hold up longer.
  - I-390 Paving from Wallace to I-86
  - I-390 Interchange Paving
  - SR 415 Paving Over Harris Hollow Bridge
  - SR 54/SR 415 in Village of Bath
  - SR 415 Lake Salubria
  - SR 415 Campbell-Savona
  - SR 414 Corning to Kerrick Hollow Road
  - Exit 46 – this is a night job
  - SR 248 Paving in Town of Greenwood
  - SR 417 Paving Greenwood to Jasper

- Mr. Butler commented most of these jobs will be done late summer or fall. Chief Mullen commented that the work they did in the Village of Bath was quick and he was very impressed.

B. Magistrate’s Association

- Justice Rouse-Nicholson commented that when the juvenile age changes, the misdemeanors under Vehicle & Traffic will remain the same.
C. NYS Governor’s Traffic Safety Committee

- Ms. Kozakiewicz announced there are a couple of very important activities that they are planning in Watkins Glen during the first week of August. They have received Federal funding to support the Protect Your Melon campaign which is part of the Buckle Up NY campaign for occupant protection. We have a huge issue with unrestrained occupants and the number keep ticking up. We are also seeing an increase in unrestrained occupants in the 60 and older group. Ross Chastain a NASCAR Xfinity driver will have our “Protect Your Melon” campaign colors on his car during the race at Watkins Glen, as will have his crew members. She brought a number of posters for distribution.
- They will also be holding a car fit event at Watkins Glen. This is the program for older drivers. If Steuben County has an interest, please let her know and they will come down and do an event. She stated that she is a certified tech, however, she will not run the program. This is a three-hour program and she would be willing to help get it set up and running.
- Pedestrian Safety – there are 20 counties/communities that have a huge problem with pedestrian safety. Usually it is in more metropolitan areas such as Buffalo, Rochester, Syracuse, Albany, Broome, New York City.
- STOP-DWI – this weekend is an enforcement crackdown. There is a free app available for having a plan: www.stopdwi.org/mobileapp. You can go on the app and contact folks if you need a ride.
- Law Enforcement Partnership Forum – will be scheduled on a date to be determined in September 2017. The purpose is to bring law enforcement together to identify community challenges and as a group come up with potential solutions. This will be held in Geneva and will be a three to four hour summit. As the details are finalized, we will send out an announcement.
- Save the Date – Annual Highway Safety Symposium – October 15th – 18th in Niagara Falls. She commented that this year many agencies wrote the registration fee for this into their grant requests. For more information, please visit www.itsmr.org.
- Grants
  - HS1 – Highway Safety Grant – denial letters have been sent out.
  - PTS – Enforcement – the grant reviews are just about done.
  - CPS – are currently being review. This year you will be receiving more money because the Federal requirements are changing.

D. Bath Village Police Department

- Chief Mullen stated that he would just like to thank the NYSDOT and Dalrymple for the phenomenal job they did in the Village o Bath.

IV. OTHER BUSINESS

A. Wineglass Marathon – Justice Rouse-Nicholson commented that we used to, at this meeting, talk about a committee from this board that was meeting to discuss the Wineglass Marathon. Mr. Martin replied we have had several meetings and meet about every three weeks or so. Chief Mullen stated the full and half marathon are already filled out with extensive waiting lists. They performed a detailed review of the map and signs on June 12th and the maps are in the process of being revised. They are close to finalizing the VMS Board locations. They also have finalized the Ham Radio operators on the map and everything else is status quo. Mr. Martin commented the committee had maps prepared by Hunt, and those can be changed if need be. The official set has been sent to the committee and the group setting up the cones.

Meeting was adjourned at 10:35 a.m.

Amanda L. Chapman
Deputy Clerk
Steuben County Legislature
I. CALL TO ORDER

Sheriff Allard called the meeting to order at 10:00 a.m.

II. APPROVAL OF MINUTES

III. NEXT MEETING

The next meeting will be held on Friday, December 15, 2017, in the South Conference Room.

IV. CORRESPONDENCE

A. Town of Caton – Speed Reduction Request on Ginnan Road/Whiskey Creek Road – Sheriff Allard reviewed the request submitted by the Town of Caton. Mr. Catherman noted that he found it nearly impossible to go much faster than 45 – 50 mph due to the vertical and horizontal curves, sight distance, road condition and width. This request was forwarded to NYS Department of Transportation. Mr. Butler commented they did conduct a study and their car showed that 40 mph was appropriate. Since the road is not posted, the speed limit is 55 mph. This is a self-regulating road due to the vertical and horizontal curves. Their recommendation will be coming out soon.

V. DEPARTMENT/AGENCY/MEMBERSHIP REPORTS

A. NYS Governors’ Traffic Safety Committee

   Sheriff Allard stated that Maureen Kozakiewicz, from the Governors’ Traffic Safety Board, sent an email stating that she was unable to attend today’s meeting; however, wanted to pass along information about the Coaches Care Program. This is a program/contest aimed at high school varsity level teams and the prize is a chance to win $3,000 for a large, medium, and small schools. Please spread the word. Information regarding the program can be found on the http://safeny.ny.gov/SRO-Toolkit.
Sheriff Allard stated the Undersheriff was looking at this and is sending it to the School Resource Officers. The program’s purpose is to get varsity coaches to speak to teens about safe driving, distracted driving and alcohol/substance abuse.

B. Sheriff’s Office

- Sheriff Allard stated that after some research, it was discovered that the STOP-DWI Plan needs to be presented to this committee for approval. This has been approved by the Steuben County Public Safety & Corrections Committee, and is also included in the County Budget, and gets approved during the budget process.

The total STOP-DWI budget is $223,600. That is broken down as follows: Enforcement - $86,600, Prosecution - $75,700, Court Related - $4,000, Probation - $25,000, Rehabilitation - $20,300, Public Information/Education - $12,000 and $0 for Administration. The total amount being reimbursed to various police agencies as well as the Steuben Council on Addictions is $86,600. The numbers for the police agencies are based on the number of arrests made the previous year.

MOTION: APPROVING THE 2018 STOP DWI PLAN AS PRESENTED BY THE SHERIFF MADE BY MR. MARSHALL, SECONDED BY MR. TERWILLIGER AND DULY CARRIED.

C. Magistrate’s Association

- Justice Rouse-Nicholson informed the committee that there have been discussions about creating a “hub court” where magistrates would take turns doing arraignments for the entire County. The Sheriff had graciously offered the use of the Public Safety Building for this purpose, however, it was not deemed to be a public place. Judge Renzi formed a committee of nine magistrates to discuss possible locations. The sub-committee came up with five recommendations which will be forwarded to the other stakeholders which include Law Enforcement, District Attorney, Public Defender and Probation. We have to have a plan in place by December.

- Justice Rouse-Nicholson stated that as a member of the Arkport Harley Davidsen Owners Group, she would like to thank the New York State Police for help during their Ride for the Red event. It was very well organized and your help was appreciated.

Sgt. Feeley commented it really helps us to have the route in advance so that we make every effort to provide coverage.

D. Legislature

- Mrs. Ferratella asked has there been any feedback on the East Corning pavement project? She stated she was curious since it was a night project. Personally, she thinks it has been running well. Mr. Butler replied he has not gotten any feedback, and that is a good thing. He thinks it is going quite well.

E. NYS Department of Transportation

- Mr. Butler stated they have a number of projects that are in the process of being completed. Many of them are vendor paving projects. We have been doing the following pavement overlay projects:
  - SR 415 Campbell to Savona
  - SR 417 Jasper/Troupsburg
  - SR 248 Greenwood
  - SR 415 Bath
  - I-390/I-86 to Wallace
  - I-86 Howard to I-390

- We are reopening the bridge on SR 415 over Harrisburg Hollow.
SR 54A we have been having issues with slope failures and the bank falling into the lake. This is something we deal with every year. We currently have a signal system that is putting traffic down to one lane.

Mrs. Dlugos commented that the meeting DOT had with local officials was very well done, well attended and informative.

F. Corning City Police Department
   - Chief Spaulding stated the I-86 project has been going well and they have not had any traffic or accident issues.
   - He stated he will be attending the GTSC event on October 4. Sheriff Allard stated they he also will be sending officers to the NTSB and GTSC Law Enforcement Symposium on October 4. That same day there is also civil school for Sheriffs and Undersheriffs in Geneva.

G. New York State Police
   - Sgt. Feeley stated there will be changes in their department. Captain Dauber has been here four years and is being transferred. His replacement will be George Denegro who is coming in from Canandaigua.
   - He stated October 1st is the beginning of their schedule and budget for traffic seasons. He will be reaching out during the holidays for outside agency involvement for DWI road checks. This past year we worked really well with other agencies and he would like to thank those that participated. There are times when Albany insists on knowing the dates, times and locations far in advance. He asked that the agencies be patient with their scheduling, as there will be times when something comes up quickly. He is not trying to exclude anyone.
   - Sgt. Feeley stated they have a contingent of officers that are being deployed to New York City, the Virgin Islands and Puerto Rico. We also have some new, incoming troopers.

H. Emergency Management Office
   - Mr. Marshall stated this is Wineglass Marathon weekend. We have been working with the Wineglass Marathon all year. There are over 6,000 runners this year for the half and full marathons. We will be activating the EOC at 7:00 a.m. September 30th. The half marathon will start at 7:45 and the full marathon will start at 8:15 a.m. There will be a slightly staggered start at the half marathon, but the stagger will not be lengthy.

   Sheriff Allard commented we are trying to funnel them so they don’t have a big group going down Main Street in Campbell. Mr. Marshall stated there will be some detours and closures. One addition for this year is we are closing CR 125 to southbound traffic. Additionally, Robert Dann on SR 415 all the way to Savona will be one way Northbound. Sheriff Allard stated they have four teams of NYSP and Sheriff Deputies on bicycles patrolling.

   Mr. Marshall stated the EOC will remain active until we open the course back up. We have designated specific times that we are closing the course and opening the road. Hopefully, this will make things easier. A lot of agencies have been involved in this process. Each year he thinks it gets better. The FBI are now involved and are conducting a threat assessment. Sheriff Allard stated this is the second largest marathon in New York State.

   Airport Exercise – Mr. Marshall stated last weekend they conducted an airport exercise. The FAA requires tri-annual exercises. We did set a vehicle on fire, so we had a live fire to work with. We had a fantastic number of volunteer victims. There was a big difference between last week’s exercise and the one we did three years ago. This year everyone took it very seriously.

   His office provided drug awareness training and focused on the human services agencies.
Mr. Marshall announced their new mobile app is out – Ready Steuben. This is available for smartphones and tablets. The app has the ability to send your GPS location to your points of contact. There is a shelter list that will pop up as we open and turn them on. There is a function entitled “I’m Okay” which allows you to set up a group and send a message to let them know you are okay, or to let them know you need help. Another option is a damage report which will allow you to take pictures and fill out a form. It sends the information as an email and it comes back to our office in the EOC. Also included is a link to 511, a link to NYSEG power outages, the Functional Needs Database and a link to build your emergency kit.

This app was launched about a month ago and we already have about 1,500 downloads. Notifications from the National Weather Service also automatically go out. In addition, it is linked to the Code Red system. He encouraged everyone to share this information with their family and friends.

Justice Rouse-Nicholson asked can you share that information on the Sheriff’s Facebook page? Mr. Marshall replied yes, we tend to share our information with the other departments that have Facebook pages.

I. Bath Police Department

Sgt. Hawley commented they have been using the Traffic Enforcement Grant fairly heavily this month.

J. Sheriff’s Office (Cont.)

Sheriff Allard stated they will begin working on the Crackdown Grant with Bath, Corning and Hornell. The requirement is that they have to partner with other agencies and is typically done around the holidays.

They have been partnering with Bath Police Department to do road checks and when the drivers are fully compliant, they receive discount cards for local businesses. This is something that we have been doing and we are trying to reward those who are doing everything they are supposed to do. We also did this with the boat patrol last year and handed out ice cream sandwiches.

Sheriff Allard stated they put together an interview panel and today are interviewing for the Lieutenant position on Road Patrol. He explained that they were able to reclassify three positions as Lieutenant to act as second line supervisors. Within a couple of weeks we should have three new Lieutenants in charge of the traffic detail.

Sheriff Allard stated there is a process through the State where we can receive free EMT training for our deputies. We expect to have classes starting at the end of the year.

Mr. Marshall commented the EMT course is 150 hours. He had a meeting with EMS agencies two weeks ago to brainstorm about how to get ambulances out the door quicker. We are working with the County Manager to come up with a solution. Anything we do right now will be short-term, but we need to look long-term. Volunteerism is dropping. The biggest thing is the changeover in the hospital care system. It takes the transport rigs farther out and they are gone longer. Considerable discussion followed.

MOTION: TO ADJOURN MADE BY MR. MARSHALL, SECONDED BY MRS. DLUUGOS AND DULY CARRIED.

Respectfully Submitted by

Amanda L. Chapman
Deputy Clerk
Steuben County Legislature
**MINUTES**

**PRESENT:**
- Chief Chad Mullen, Bath Village Police Department
- Chief Jeffrey Spaulding, Corning City Police Department
- Tim Marshall, Director, Steuben County Emergency Management Office
- Noel Terwilliger, Steuben County District Attorney’s Office
- Martin Butler, NYS Department of Transportation
- Justice Cathy Rouse-Nicholson, Magistrate’s Association
- Lorelei Wagner, Steuben County Public Health Educator
- Steve Catherman, Steuben County Public Works
- Carol Ferratella, Legislator, District 13
- Matt Sousa, Senior Planner, Steuben County Planning Department
- Jim Allard, Steuben County Sheriff
- Sgt. Jim Feeley, NYSP

I. CALL TO ORDER

Chief Mullen called the meeting to order at 10:00 a.m.

II. APPROVAL OF MINUTES

**MOTION:** ADOPTING THE MINUTES OF THE SEPTEMBER 29, 2017, MEETING MADE BY JUSTICE ROUSE-NICHOLSON, SECONDED BY MR. MARSHALL AND DULY CARRIED.

III. NEXT MEETING

The next meeting will be held on Friday, March 30, 2018, in the South Conference Room of the Steuben County Office Building.

IV. CORRESPONDENCE

A. **Town of Addison** – A request was received from the Town of Addison on September 18, 2017, to reduce the speed limit from the start of Goodhue Lake to the end of Goodhue Lake. The NYSDOT replied on November 27, 2017, granting approval of a speed reduction to 45 mph.

B. **Town of Thurston** – A request was received from the Town of Thurston on September 21, 2017, to reduce the speed limit on County Routes 24, 11 and 333; as well as Hanrahan Road in the Town of Thurston. The NYSDOT replied on November 22, 2017 denying that request. Mr. Butler commented there is sufficient warning signs in place and generally those roads are self-regulating.

C. **Town of Caton** – NYSDOT issued a letter on October 19, 2017, approving a speed reduction request to 45 mph on Ginnan Road from its beginning on CR 34 to its end on CR 34 in the Town of Caton.

D. **Finger Lakes Boating Museum** – NYSDOT issued a letter on November 29, 2017, regarding their re-evaluation of the speed limit on CR 88 from Cider Hill Road to the Hammondsport Village Line. The recommendation is the speed limit will remain at 45 mph.
V. DEPARTMENTAL/AGENCY/MEMBERSHIP REPORTS

A. Sheriff’s Office
   ❖ STOP-DWI Crackdown for the holiday season is underway. They did a crackdown even over Thanksgiving. They continue to work with the Hornell Partners for Growth to issue discount cards to motorist who are in full compliance during road checks.
   ❖ They recently did a complaint check across the County for the retail sale of alcohol to minors. Out of 43 establishments checked, 3 served to minors.
   ❖ Sheriff Allard stated that he sent in his grant applications and is waiting to hear the status.

B. Public Works
   ❖ They have completed their projects for the year. A public information meeting was held regarding the CR 22 bridge project; which will be replaced in 2019. There are two bridges in Cameron that are down to one lane; CR 22 and CR 119. Some residents expressed concerns about the way we have it down to one lane. There is a stop sign on each end with a delineator. It has been brought to our attention that this is a spearing hazard, however, he commented it would be hard to do if everyone came to a complete stop. We put the delineators up to slow people down. After the concerns expressed, we will replace those delineators with plastic delineators.
   ❖ Mr. Catherman commented they have had a number of speed requests come through and he has been impressed with NYSDOT’s quick response.

C. NYSDOT
   ❖ Mr. Butler stated they have been working on their regional traffic safety plan. Bath is one of the villages where we have been looking at both uncontrolled crosswalks and signalized crosswalks. We will be putting out some recommendations very soon. These recommendations will only apply to crosswalks on State highways.
   ❖ There have been some concerns raised regarding Goff Road. We did put up a camera system to view the area of concern and get a better understanding of what is going on. We did not see any of the things that had been mentioned, but we did see that tractor trailers are parked in such a way at the gas station that it does present some sight distance problems.

D. Magistrate’s Association
   ❖ Justice Rouse-Nicholson announced that their association recently held elections and Justice David Domm from Cohocton is the new president.
   ❖ There have been a number of retirements and at our last meeting we recognized those retiring justices with 15 or more years of service. Additionally, there will be two new County Judges next year.

E. Emergency Management Office
   ❖ Mr. Marshall stated we recently had the State come in and review our County Emergency Preparedness Assessment (CEPA). Representatives from most agencies across the County were in attendance and it went well.
   ❖ Our Ready Steuben mobile app has over 3,000 users. He asked everyone to keep spreading the words.
   ❖ Mr. Marshall announced they are getting ready to implement the Functional Needs Database. This is a database depicting the frail, elderly and disabled residents in our County that need assistance during evacuations or sheltering situations. This is a registry and gives us preliminary data to know where our vulnerable population is.

F. NYSP
   ❖ Sgt. Feeley stated they started their new calendar year and the traffic safety plans are underway. We have been conducting DWI road checks and will continue to do so for the upcoming holidays. They also do roaming DWI patrols every month.
   ❖ Speed Enforcement and Distracted Driving patrols are also done every month.
Sgt. Feeley commented with the Underage Drinking Initiative, we conduct those with whomever would like to be involved. If you know of a location where there is a problem, or a perceived problem that you would like us to check, please let us know.

G. Public Health

We are continuing the car seat distribution program through the Sheriff’s Office. We trained DSS employees who do transports on car seat installation. Additionally new case workers are also receiving that training.

H. Legislature

Legislator Ferratella commented that she is very grateful to have the East Corning project finished. That is a nice project.

I. Bath Police Department

Chief Mullen reported that he has received one request for a school speed reduction on Robie Street. That will go to our board and then will be forwarded to NYSDOT. This is a residential area but is also another entrance to the sports complex as well as faculty parking.

Chief Mullen stated he will be sending two officers to ARIDE training through the Sheriff’s Office on January 23rd and January 24th. He will also be sending two officers to Child Passenger Safety Technician School in February.

VI. OTHER BUSINESS

A. Trainings – Mr. Marshall stated that he has a list of trainings that will be available. If anyone has a specific training they are interested in, please let his office know. They are offering training for ICS 300, ICS 400 and the leadership training program.

MOTION: TO ADJOURN MADE BY MR. TERWILLIGER, SECONDED BY SHERIFF ALLARD AND DULY CARRIED.
