Chairman Haurycki stated this will be my last acceptance speech as Chairman. Thank you for re-electing me as your Chairman for another two-year term. I am very proud of the Legislature that I have had the opportunity to work with over the past few years.
When I look back at the years that I have been Chairman, I am somewhat surprised by what we have been able to accomplish. Not all Legislatures are so fortunate. We have been able to make the hard choices by working together, sharing our opinions and ideas for a better county government. When we have disagreed, we come to a mutual consensus and move on.

As we ring in 2018, here is a look back at some the highlights from 2017. It was two years ago this month when we learned that the milk plant in Campbell was going to be closed by Kraft Heinz. The Steuben County IDA worked very hard to secure a new owner, and in the end of 2017, we were able to announce that Upstate Niagara would be the new owner. At the same time, we have had successes in Hornell with the Alstom expansion and in Corning to the new Nursing Facility for Corning Community College. We approved a New Office Building and Long-Term Records Storage Facility. Both projects are on schedule and on budget for opening this year. We moved the DMV office from the Old Courthouse in Hornell to a new, more modern and accessible office. We are currently closing on the sale of the Old Courthouse. We hired a Data Collector for the Real Property Tax Office to assist local assessors in obtaining sales data and lastly, we established a Land Bank for the County to improve neighborhood blighted properties.

Looking ahead to 2018, I am looking toward the successful completion of our building projects, with an opening in late summer or early fall. We will need to look at the need for additional office space in the County to better accommodate the additional attorneys for the Indigent Defense requirements. This will also involve a review of court space needs as required by the State.

I foresee budgeting at the County level becoming more and more difficult as more State mandates or constraints are placed upon us. This will also be happening at the local level; towns, villages and cities will be facing the same thing. We need to begin working together to find areas where savings can be found. For example, as assessors retire, can we help with the consolidation of their assessing functions, share an assessor, and achieve a common level of assessment. Besides the obvious municipal cost benefits related to consolidation, it reduces the number of assessment officials who need to be trained and certified, and reduces the number of individual equalization rates that need to be established.

Finally, as it has been my practice, I would ask that each Standing Committee set a goal that they would like to achieve this year, and I would ask that the Department Heads do the same, and provide them to the County Manager. I want to thank each of the Department Heads and all the employees for their work and dedication to the taxpayers of the County. Have a great year!

**AUTHORIZING THE COMMISSIONER OF FINANCE TO APPROPRIATE $50,000 FROM THE ROOM TAX RESERVE TO FINGER LAKES WINE COUNTRY IN SUPPORT OF THE TBEX NORTH AMERICA CONFERENCE.**
WHEREAS, the Travel Bloggers Exchange (TBEX) North America conference will be held in the Finger Lakes Region of New York in September 2018; and

WHEREAS, the TBEX North America conference will bring upwards of 500 travel bloggers from all over the world; and

WHEREAS, Finger Lakes Wine Country and the Corning Museum of Glass will serve as destination hosts for the conference; and

WHEREAS, the TBEX sponsorship committee is seeking support contributions from local counties, and regional and national businesses; and

WHEREAS, Corning Enterprises and Finger Lakes Wine Country approached Steuben County to become a presenting partner; and

WHEREAS, this is a unique opportunity for Steuben County to generate future sales and room tax revenue as well as a great deal of worldwide exposure from the travel bloggers; and

NOW THEREFORE, BE IT

RESOLVED, the County Manager is authorized to execute an agreement between Steuben County and Finger Lakes Wine Country to support the Finger Lakes Region hosting the TBEX North America conference in Corning on September 11 through September 13, 2018; and be it further

RESOLVED: that the Commissioner of Finance is authorized to appropriate $50,000 from the Room Tax Reserve to fund Steuben County’s contribution to Finger Lakes Wine Country; and be it further

RESOLVED, that certified copies of this resolution shall be forwarded to the County Manager and Commissioner of Finance.

Mr. Mullen asked is there a financial benefit to doing this? Mr. Wheeler replied this is a significant investment, but the exposure will be worth it. We will receive money from room stays from the 300 – 500 people that will be attending the conference. We will also receive sales tax. This is really about the exposure and promotion of our area. The financial benefit is tough to estimate.

Mr. Mullen asked what will this money be used for? Ms. Poland stated she was privileged enough to be able to attend the October TBEX Conference that was held in Ireland when they made the announcement that the North America TBEX Conference would be held in the Finger Lakes. The education component of the conference will be held at the Corning Museum of Glass. Additionally, about 65 – 75 percent of the participants will be staying in Steuben County. The last TBEX Conference held in Huntsville, Alabama resulted in them receiving more than 1 billion social media hits since last May. We will receive coverage during the conference and two to three years after the conference. Many of the participants will stay for two to three weeks and they will help sell the Finger Lakes Region, including Steuben County, to the world.

Ms. Poland explained, with your support, you will help us pay for the VIP bloggers that will come and speak at the conference. A portion will be used for food and meeting rooms that will need to be prepared. There will also be an opening night party at Watkins Glen International. The VIP event will be held at Heron Hill Winery. She stated they have asked Mrs. Lando to represent Steuben County on the Executive Board. Mr. Wheeler commented transportation will also be a significant cost.
Mrs. Lando stated there will be an information session tomorrow morning at the Harbor Hotel in Watkins Glen. Ms. Poland added the session will be from 8:30 a.m. to 10:30 a.m. and will include presentations by bloggers.

Mr. Mullen asked are other counties sharing costs? Ms. Poland replied Steuben is the primary investor, but she will also be contacting Chemung and Schuyler. Mr. Nichols asked have Chemung and Schuyler agreed to contribute? Ms. Poland replied she has not met with them yet.

Mr. Weaver asked will we be joining the lawsuit against the manufacturers and distributors of opioids?
Vice Chair Ferratella replied we can take that issue up at another time.

Motion to Adjourn made by Mr. Malter, seconded by Mr. Roush and duly carried.
The County Legislature of the County of Steuben convened in Regular Session in the Legislative Chambers on Monday, the 26th day of February, 2018 at 10:00 a.m. and was called to order by the Chairman of the Legislature, Joseph J. Haurski.

Roll Call and all members present except Legislators Lando, Lattimer, Nichols and Ryan.

Mrs. Ferratella provided the Invocation and the Pledge of Allegiance was led by Mr. Van Etten.

Chairman Haurski asked Craig Hammond to come forward. Mr. Hammond is an employee in the Department of Social Services. He presented him with a Certificate of Appreciation and a clock in recognition of his retirement with 25 years of service to Steuben County.

Mr. Gallagher introduced the 2018 Spring Youth in Government Interns. He thanked the Legislature for their continued support of the Youth in Government Program.

Chairman Haurski opened the floor for comments by members of the public.

Wayne Wells, Cameron, provided his opinion on the 2nd Amendment and gun violence. Weapons of war, assault weapons, have no business being in the hands of civilians. We should repeal the Dickey Amendment of 1996. We also need to ban the sale of assault weapons and accompaniments. We need to place the responsibility and accountability on the owners of such weapons.

There being no further comment, Chairman Haurski declared the opportunity for public comment closed.

Dr. Katherine Douglas presented a PowerPoint presentation on the State of Corning Community College. In the fall of 2017, we opened our new Health Education Center in downtown Corning and welcomed new faculty and students to the Community and Public Health Program. We also welcomed our largest entering nurse class ever. Dr. Douglas informed the committee that the college had a graduation rate of 35.7 percent in 2017.

Dr. Douglas stated that they will be participating in the “Guided Pathways” model for 2018 and 2019. This is in conjunction with Columbia University’s Teachers College. This model will help us to improve both our retention and graduation rates. We need to be a future forward college. She reviewed their “compass” model which focuses on traditional STEAM courses which included the typical STEM courses and the addition of the arts. They will be focusing on a varied delivery mode which includes stackable modules, an expanded range of time periods beyond the traditional semesters, more technology and expanded active learning.

Dr. Douglas announced they are celebrating their 60th Anniversary this year, and thanked the Legislature for their continued support. As part of our celebration, we will be renaming the academic buildings on the main campus; Chemung, Steuben and Schuyler. She stated the Legislators will receive a formal invitation for the renaming ceremony which will be held on May 15th.

Mr. Van Etten asked do you anticipate seeing a difference in funding from the State estimate? Dr. Douglas replied our State representatives support this change. We believe this is the right model for the right reason; however, we would be willing to discuss a phased in model. We believe this is the
responsible way to fund community colleges in New York. Chairman Hauryski thanked Dr. Douglas for her presentation.

The Clerk of the Legislature read the Official Notice of Public Hearing and submitted for filing Proofs of Publication and Proofs for Posting Upon Local Law Tentatively No. One for the Year 2018, Authorizing Purchase and Service Contracts to be Awarded on the Basis of Best Value Methodology pursuant to New York State’s General Municipal Law and Finance Law. Chairman Hauryski opened the floor to comments by members of the public. There being none, he declared the public hearing closed.

Mr. Mullen stated he has a question on the process. Essentially, if we wanted to go back to a private contract, would that go through committee? Mr. Wheeler replied yes, it would go through Committee and the motion would be to issue an RFP for Assigned Counsel Administrator Services.

Mr. Mullen commented that he has faith that Mr. Reed will do an excellent job.

Mr. Weaver asked will the Law Department have enough personnel? Mr. Reed replied yes. Mr. Wheeler clarified we did add one position to fill this role. After doing a cost benefit analysis, this seems to be a good deal for us.

RESOLUTION NO. 060-18

Introduced by J. Haursky and F. Potter. Seconded by R. Weaver.

MEMORIALIZING THE GOVERNOR AND NEW YORK STATE LEGISLATURE TO FULLY FUND EARLY VOTING OPERATIONS.

WHEREAS, under state law, counties in New York State manage, operate, and fund elections in New York State; and

WHEREAS, in his State of the State Address and Executive 2018-19 State Budget proposal, Governor Andrew M. Cuomo has proposed requiring every county to offer residents early voting opportunities through at least one early voting poll site during the 12 days leading up to Election Day; and

WHEREAS, the proposal will require counties to offer at least eight hours on weekdays and five hours on weekends to cast early ballots; and

WHEREAS, counties must have one early voting poll site for every 50,000 residents, at a location determined by the bipartisan county board of elections, and subject to standards of accessibility and convenience; and

WHEREAS, county boards of elections will designate at least five polling places in each county, geographically located so as to provide all voters in the county with an equal opportunity to cast a ballot; and
WHEREAS, these proposals will significantly increase costs to county boards of elections for staffing and securing early voting locations, printing and counting additional ballots, and meeting other legal elections requirements associated with maintaining polling stations over an extended period of time (rather than one day); and

WHEREAS, under New York State law, counties have the authority to pass elections costs on to their municipal counterparts, which is done by more than half of counties; and

WHEREAS, the cost of early voting has been estimated at $6.4 million per year; and

WHEREAS, the state-imposed property tax cap makes it difficult for local governments to absorb new costs of any kind.

NOW THEREFORE, BE IT

RESOLVED, that the Steuben County Legislature calls upon the State to fund all costs associated with early voting; and be it further

RESOLVED, that the state consider removing the early voting requirement unless they are able to provide full funding; and be it further

Chairman Hauryski stated the District Attorney and Sheriff are here to provide a presentation on the opioid epidemic. This is something that the Legislature has been very concerned about. Mr. Wheeler stated the District Attorney, Sheriff and other departments have worked together to develop an innovative program to battle the epidemic. This is something that we have to deal with. We have had a 300 percent increase in deaths from opioids. The impact is tremendous and the District Attorney and Sheriff will be presenting you with the next steps in the process.

Mr. Baker presented a PowerPoint presentation on the Comprehensive Opioid Prevention Effort (COPE). He stated that enforcement, treatment, prevention and culture change within the community are all necessary components to a cure for this public health crisis. Prevention, treatment and education components would include the following: 1) Create a victim impact panel for “drug related” crime, 2) Youth Courts, 3) Youth Prevention Program Competition, 4) Creation of an “incarcerated-patient” treatment program, and 5) NARCAN/OD Reporting and Contact Local Law. Law Enforcement components would include 1) Creation of a multi-County drug initiative intelligence sharing group, 2)
Interdiction Increase, and 3) Increasing the number of dedicated drug investigators in Steuben County. Considerable discussion followed.

_Secretary’s Note: A copy of the PowerPoint presentation is available in the Clerk of the Legislature’s Office._

BE IT FURTHER RESOLVED, a certified copy of this resolution shall be forwarded to the Commissioner of Social Services and the Commissioner of Finance.

Mr. Van Etten commented the resolution references that the report will be prepared on or before April 1, 2018. Is that report already finished? Mr. Wheeler replied no. The State language says that we can submit it on April 1st or later. We want to get it in as soon as possible. Should the Legislature approve this resolution, we will start next week to interview those departments involved with Raise the Age. Whatever we are spending on doing the report, we will put into the plan for reimbursement.

Mr. Van Etten asked is $6,000 enough? Mr. Wheeler replied that will be the maximum that we would spend.

Mr. Van Etten asked will you be creating a department that just deals with Raise the Age? Mr. Wheeler replied Raise the Age involves multiple departments. We could do an internal tracking and perhaps create line items within the departments that will be involved with Raise the Age. We will develop a medium to track the information.

Mr. Mullen asked what is the background of Treahy Consultation Services? Mr. Wheeler replied he has an extensive background in youth detention protocols, particularly in the Rochester area. He also was the director of Glove House. When the State OCFS was developing their standards, they were consulting with Mr. Treahy.

Mr. Weaver asked the cost of new software is $350,000? Mr. Wheeler replied it looks like it will be. We will be issuing an RFP when the time comes. This money is the federal share that we have been able to draw down. Now that we have the money, we felt it would be better to capitalize it so we have the money for the software.
Mr. Weaver asked where will this software be implemented? Mr. Wheeler replied this is the software that Mental Health uses.

Mr. Mullen asked since this is coming from the 2017 budget year, are we changing something? Mr. Wheeler explained we are receiving revenue, some of which was booked as receivables from the federal government in previous years. We are collecting the revenue that we had accounted for receiving earlier and did not. Mr. Malter commented it was back money that was due.

Mr. Nichols asked what is the life expectancy of the software? Mr. Wheeler replied we have had the current software for over eight years. We will be looking at other systems. There will be the initial start-up cost and the ongoing maintenance costs.

RESOLUTION NO. 075-18

MEMORIALIZING THE GOVERNOR AND THE NEW YORK STATE LEGISLATURE TO PROVIDE STATE FUNDING TO SUPPORT THE TREATMENT AND TRANSITION SERVICES TO INDIVIDUALS WITH SUBSTANCE ABUSE DISORDERS (SUD) WHO ARE INCARCERATED IN COUNTY JAILS.

WHEREAS, New York State is engaged in a significant effort to address the rising rate of substance abuse disorders, including the epidemic of opioid and heroin addiction and the increasing number of deaths due to overdose; and

WHEREAS, the State is taking aggressive steps to address the heroin/opioid epidemic, including the rapid expansion of community-based treatment and support services to create a continuum of care to support the individual and family in their recovery; and

WHEREAS, there remains a significant gap in the treatment and support continuum of care being developed by the State and that is the local jail; and

WHEREAS, individuals who suffer from SUDs frequently come into contact with the criminal justice system; and

WHEREAS, the link between offending and SUDs is well established, bringing significant numbers of individuals suffering from addiction into NYS’ jails. Alcohol and drugs are implicated in roughly 80 percent of offense, including domestic violence, DWI’s, property offenses, drug offenses and public order offenses; and

WHEREAS, according to a report conducted by Police Research Associates on behalf of the NYS Conference of Local Mental Hygiene Directors, County Sheriff’s indicated that of the individuals detained in their jail on drug-related charges, 68 percent had been in their jail before; and

WHEREAS, jail incarceration provides a unique opportunity to offer treatment supports during periods when people are clean and sober; and

WHEREAS, in NYS, counties bear the sole burden for supporting SUD services in jails, and it is an ever-increasing burden with substantial unmet need; and

WHEREAS, fifty-one (51) percent of jails have no funding for substance use disorder treatment services despite strong evidence that these services reduce crime, save money, and save lives and fifty-three (53) percent of jails do not have the capacity to directly transition addicted inmates to community treatment programs upon re-entry; and

WHEREAS, a New England Journal of Medicine study found that in the first two weeks after release, former inmates with an opioid use disorder were 12.7 times more likely than other individuals to die of an overdose; and

WHEREAS, a comprehensive re-entry plan is critically important to minimizing the possibility of drug use, overdose and recidivism and for those jails that do have some treatment services, those services are far outpaced by the escalating need for them; and

WHEREAS, the benefits of providing effective SUD services in the jail setting have proven significant where they occur. A handful of localities in New York State have supported a level of service through local funding and are reaping significant benefits; and

WHEREAS, the Albany County jail-based Sheriff’s Heroin Addiction Recovery Program (SHARP) has seen the Albany County’s Heroin Addictive Recovery Program (SHARP) provides SUD treatment during incarceration and
support services after release. The program has resulted in a twenty-eight (28) percent reduction in the recidivism rate; and

WHEREAS, New York State’s own analysis of the costs and benefits of jail-based SUD treatment found that communities realized a savings of $2,846 per person served and that there are thirteen (13) fewer victimizations per 100 people served; and

WHEREAS, a dedicated State funding stream to counties is desperately need to provide SUD treatment services in the jails, including screening and assessment at entry, education and counseling services, peer support, medication assisted treatment and discharge planning to continue treatment post-incarceration; and

WHEREAS, counties are requesting funding of $12.8 million annually to the LGU’s to address the existing gap in the SUD treatment continuum and support efforts to reduce the human cost of the heroin/opioid epidemic on New Yorkers, and reduce recidivism and victimization.

NOW THEREFORE, BE IT

RESOLVED, that the Steuben County Legislature calls upon the State to help combat the heroin and opioid epidemic, save lives and reduce the rate of recidivism, by providing state funding for the treatment and transition of incarcerated individuals with substance abuse disorders in our county jails; and be it further

RESOLUTION NO. 076-18

Introduced by G. Swackhamer. Seconded by F. Potter.

MEMORIALIZING THE GOVERNOR AND THE NEW YORK STATE LEGISLATURE TO AMEND THE NEW YORK STATE ELECTRONIC EQUIPMENT RECYCLING AND REUSE ACT AND REQUESTING ADDITIONAL REIMBURSEMENT TO MUNICIPALITIES FOR EXPENSES INCURRED FOR COLLECTING AND RECYCLING ELECTRONICS WASTE.

WHEREAS, the New York State Electronic Equipment Recycling and Reuse Act (Act) was adopted by the State in 2010 in order to assist local governments with managing the fast-growing electronics waste stream by requiring electronics manufacturers to fund a recycling infrastructure and relieve municipalities from the recycling and end-of-life management costs; and
WHEREAS, the Act has succeeded in significantly increasing electronics recovery and recycling in the state, but the collection infrastructure is unstable and local governments and other collectors are faced with mounting fees in the absence of consistent manufacturer funding and limited markets for cathode ray tubes (CRTs); and

WHEREAS, while the Act intended to place the burden of electronics recycling on the manufacturers of electronic devices, the Act failed to stipulate adequate education requirements to inform the public of the process by which they could recycle their electronics with the manufacturers; and

WHEREAS, the Act created a ban on disposal of electronic waste in landfills, effective January 2015, which resulted in a growing number of waste stream planning units throughout New York's counties bearing more of the fiscal responsibility for continued e-scrap collection in their communities; and

WHEREAS, the Act requires, and the state relies on, electronics manufacturers to fund e-scrap recycling programs that are effective, continuous and reasonably convenient to all consumers across the state; and

WHEREAS, once manufacturers have met their performance standard (goal), which, in many cases, is midway through the year, they no longer provide financial support to continue their collection programs, thus shifting management costs to cash-strapped local governments; and

WHEREAS, while the NYS Department of Environmental Conservation (DEC) indicates there are no longer performance goals, some manufacturers continue to dodge their legal responsibility to accept electronic waste; and

WHEREAS, the Act empowers the DEC to promulgate regulations that could address many of the shortcomings in the law, and, in 2016, the DEC began the rulemaking process by holding preliminary workshops and accepting comments via email; and

WHEREAS, the issue is exacerbated by the fact that electronics sold today weigh much less than the obsolete CRT devices that make up approximately 70% of the weight of e-scrap generated, which are cost intensive to responsibly manage; and

WHEREAS, this has resulted in many local governments across the state having grappled with the burden to fund or cease e-scrap collection, which has been particularly difficult in rural communities that do not benefit from retail collectors or economies of scale; and

WHEREAS, the Fiscal Year 2016-17 appropriation for the Environmental Protection Fund assists municipalities by making $3 million available to reimburse up to 50 percent of expenses incurred for the collection/recycling of e-waste.

NOW THEREFORE, BE IT

RESOLVED, Steuben County in collaboration with the New York State Association of Counties (NYSAC) and New York State Association for Solid Waste Management (NYSASWM) calls upon Governor Andrew M. Cuomo, the New York State Assembly, the New York State Senate and the State Department of Environmental Conservation to improve the current law intended to create a more stable and comprehensive manufacturer-implemented electronics recycling infrastructure; and be it further

RESOLVED, that Steuben County calls on state lawmakers to help alleviate the financial and administrative burden on municipalities who are dealing with these electronics, by continuing to fund the reimbursement of expenses incurred collecting and recycling e-waste; and be it further

RESOLVED, Steuben County calls on state lawmakers to implement actions to strengthen communication among stakeholders, clarify key statutory provisions in their present rulemaking efforts, and promote the adoption of changes to the
Act that will provide for year round, no-cost collection of electronics, consistent with convenience standards for both rural and urban populations that help alleviate the immediate financial pressures faced by local governments; and be it further

RESOLVED, certified copies of this resolution be sent to Honorable Andrew M. Cuomo, New York State Governor, New York State Capitol Building, Albany, NY 12224; Honorable Thomas M. O’Mara, New York State Senator, 307 Legislative Office Building, Albany, NY 12247; Honorable Philip A. Giglio, New York State Assemblyman, 439 Legislative Office Building, Albany, NY 12248; Honorable Joseph A. Errigo, New York State Assemblyman, 527 Legislative Office Building, Albany, NY 12248; Honorable John Flanagan, NYS Senate Majority Leader, 330 State Capitol Building, Albany, NY 12247; Honorable Carl Heastie, Assembly Speaker, 932 Legislative Office Building, Albany NY 12248; Honorable Andrea Stewart-Cousins, Senate Democratic Conference Leader, 907 Legislative Office Building, Albany, NY 12247; Honorable Jeffrey D. RESOLUTION NO. 077-18

Introduced by B. Schu. Secended by F. Potter.

MEMORIALIZING THE NEW YORK STATE LEGISLATURE TO OPPOSE GOVERNOR CUOMO’S PROPOSAL TO CHANGE THE LAW REGARDING TAXATION OF STATE FOREST PRESERVE LANDS.

WHEREAS, New York State-owned lands are currently assessed by each local municipality substantially the same way as is private land and current law provides that this is the exclusive province of the municipality and its local assessors; and

WHEREAS, the Governor’s 2018 Budget Review Bill proposes to change the local assessment of state forest preserve lands in New York State from the current locally assessed system to a Payment in Lieu of Taxes (PILOT) method capped at 2 percent per year, or the increase of the level of assessment by means of an allowable levy growth factor, whichever is lower; and

WHEREAS, this method will be centrally controlled by the state and be based upon a formula rather than increases or decreases in the actual market value of the lands as is the current methodology; and

WHEREAS, the proposal would undermine the ability of local municipalities to assess and tax real property within their jurisdictions to raise revenue upon which the rely in order to provide important and necessary services to their constituencies; and

WHEREAS, this proposal will result in the loss of revenue by the local municipalities and will shift the tax burden to local tax payers; and

WHEREAS, in Steuben County, the state owns approximately 18,823 acres of land over 14 Steuben County municipalities representing a taxable value for municipalities of $17,869,933; and
WHEREAS, the State of New York has increasingly saddled its municipalities with mandates, expecting them to find ways to fund these mandates with little or no help from the State, and has placed a two percent tax cap on municipal budgets; and

WHEREAS, NYS Real Property Tax Law has required the state to pay taxes on forest preserve lands, in part, in recognition of the negative impact of “Forever Wild” forest preserve lands on the economies of municipalities.

NOW THEREFORE, BE IT

RESOLVED, the Steuben County Legislature opposes the proposal to convert forest preserve taxation from the current municipal based assessment method to a capped Payment in Lieu of Taxes (PILOT) program and urges the New York State Legislature and Governor Cuomo to continue the current means of assessment of state forest preserve lands by the local municipalities; and be it further

Chairman Hauryski stated that representatives from Addiction Awareness of Steuben County and Friends of Recovery – Steuben, are here today to provide a presentation on addiction awareness.

Mr. Wheeler stated he is pleased to have the folks from Addiction Awareness of Steuben County and Friends of Recovery - Steuben here today. They have attended the drug forums and other community events. Teresa Haight has really been great with doing all of this. She has taken on a lot of responsibility to help us with this.

Ms. Haight thanked the Legislature for having them here today. We meet every Wednesday at the Addison Fire Hall. She stated she is a member of the Board of Directors and participates as a facilitator at the weekly meetings. In addition, she also assists with Treasurer and Administrative duties. Our meetings are open to support addicts, recovering addicts and anyone else who wants to attend. Many people did not believe that there was a problem, but we knew there was and we continued to hold our meetings.

Ms. Haight stated they have brochures available at various locations including the Victory Highway Church. We have 501-C.3 status and have done a few fundraising events. We publish a monthly newsletter, which includes a photo and a short write up of individuals in recovery. She stated they help people with their speeches so they can share their stories.
Ms. Haight stated she is a mother of a 25-year-old daughter who is in recovery. She began attending the group meeting in 2015 when her daughter was in her second stint in recovery. It has been a journey for us. Her daughter has been clean from opioid pills since December 2015. Addiction is a family disease; one person uses and the whole family is affected. She informed the Legislature that there is a movie on Netflix called “Take Your Pills”. She highly suggested they watch it. We need to work together to get drugs off the streets and rehabilitate people with addiction.

Mrs. Lando commented she attended one of the meetings at the Addison Fire Hall and it was amazing. You do great work.

Mr. Ryan commented opioid abuse has resulted in 65,000 deaths nationwide last year. Nationwide there were less people killed with a gun and a small percentage of those were from gun violence. Do you have an opinion as to why the Governor is focusing on gun control when this is much more important? Ms. Haight replied that is an interesting question. She watched the “March for Our Lives” in Washington, D.C. and her thought is she is so glad to see students finding something they are passionate about and maybe that will keep them off the path of drugs and addiction.

Mrs. Lando asked Mr. Wheeler to present the statistics that he shared at the drug forums. Mr. Wheeler replied in Steuben County for the period 2010 – 2012 there were 2 – 4 deaths from opioid overdose each year. Over the past year, almost all overdose deaths involved some form of opioid. In 2016 we had 16 deaths from opioid overdose and in 2017 we had 17 opioid overdose deaths with a few more pending final autopsy results. So far, in 2018 we had 2 deaths in the Corning area from opioid overdose in a two week period alone. We saw a 400 percent increase in the number of deaths that does not include overdoses that are not fatal. On a per capita basis, Steuben trails only behind Monroe County in the Finger Lakes region in opioid overdoses.

Ms. Haight commented drugs have been around for a long time. Anything the County can do to help support and provide education will make a big difference.

Mr. Wheeler stated he would also like to introduce Jaime Dyke from Friends of Recovery – Steuben. She too has also been great to work with.

Ms. Dyke stated the County has been very supportive. Our group is a supporter of people who are in recovery. She stated that her oldest nephew is a heroin addict. No family should have to be alone in this battle. She attended her first every recovery meeting at the Addison Fire Hall on April 8, 2015. She decided to pursue a career in substance abuse counseling and is now a certified Narcan trainer. In May of 2017, she was invited to participate in a conference call with Friends of Recovery - New York and was amazed by what all of the organizations are doing within their counties. The mission of Friends of Recovery – New York is treating and sustaining recovery. They bridge the gap between professional treatment and increase visibility to the community by engaging in education, advocacy and peer recovery support services.

Ms. Dyke stated we hold monthly meetings on the second Tuesday of each month. She would like to see this expanded out to other areas of the County. Mrs. Lando stated she and Mrs. Ferratella attended their last meeting. Mrs. Ferratella stated it is a great communication tool. Mrs. Lando commented there is grant money available and we just have to know about it.

Nicole, a recovering addict, shared her testimony with the Legislature and members of the audience. She had a great childhood and excelled in school and sports. She enrolled in college where partying became a priority and started skipping classes. She had to have surgery and received a prescription for pain medication. All of her money went to buying pills and she dropped out of school. At the time, she had a $100 per day habit. She went to three different inpatient treatment programs to please her family and
relapsed each time. During that time, she also was involved in numerous car accidents. In 2008 she was pulled over and received a DUI, however, she never went to Probation and a warrant for her arrest was issued. In an attempt to not have to go to jail, she entered an inpatient rehab where she received Suboxone. When she was released, she ended up serving a jail term of 5 ½ months. Nicole stated she was certified in phlebotomy and got her nursing license. Her life had changed. However, her doctor gave her a prescription for anxiety medications and she became addicted once again. In September 2015, she was taking Xanax and had a severe car accident that she had no recollection of which resulted in six felonies. Drug court saved her life and she is active in Addiction Awareness of Steuben County. She loves being a part of these types of events where she can share her story. She stated her life is so good right now and she has enrolled to become an addiction counselor. On February 27, 2018, she celebrated one year of sobriety.

David, a recovered addict, shared his testimony with the Legislature and members of the audience. He stated we are good people that have been consumed by something. He had a great childhood and at the age of 15 starting using alcohol and marijuana. By the time he had graduated from high school, he had experimented with several other drugs including mushrooms and acid. When he was 22, he broke his ribs in a car accident and was prescribed pain medication. He became addicted to the medication. He had a girlfriend and two young children at home. The pain medicine was expensive and he started buying heroin because it was cheaper. A friend was injecting it and told him that was cheaper yet, so he started doing that. He started selling and running drugs to support his habit. When his girlfriend packed up the children and left, he decided to use all the money he had to buy his drugs, and if after he was done using them, if he was still alive, then he would seek help. He went to his father, asked him to help him, and spent two weeks at his father’s house going through withdrawal. As of March 2, 2018, he has been sober for three years.

The Legislature thanked everyone for sharing their stories.

Legislators Lando and Roush were excused from the meeting.

The Clerk of the Legislature read the following Memoriam:

IN MEMORIAM

JOHN W. YOUNG

1936 - 2017

The death of our former colleague, John W. Young, who passed away on April 10, 2018, is acknowledged by this Legislature with deep sadness.

John was born in Wayland to John and Edna (Page) Young. He was a 1953 graduate of Cohocton Central School and a 1955 graduate of Alfred State College with an Associate’s Degree in Accounting. He was the husband of Doris (Dexter) Young for 40 years and the stepfather of Michael Stone; Sonja and husband Harney Thomas; and Lisa and husband Patrick Vimislik. He was predeceased by stepson Leo Stone, Jr.

John began his career with Steuben County in 1955 in the County Treasurer’s Office. He worked his way up through the ranks in the office until finally being sworn in as the Steuben County Treasurer in 1981. One of his proudest contributions as Treasurer was assisting with the early stage development of what is now the County’s IT Department. John served as Steuben County’s Treasurer until 1994 when he retired with over 39 years of service.

During his career with the County, he also served 23 years in the US Air Force Reserve, retiring as a Senior Master Sergeant.

Not having enough of public service, John was elected as Steuben County Legislator in 1996 representing the residents of District 4 in Cohocton and Wayland. During his tenure on the Legislature, he held the various leadership positions of Chair of the Health and Education Committee and Vice Chair of the Finance Committee. He also served as a member of the Public Works Committee and the Public Safety Committee.

REVISING THE LANGUAGE IN THE DEPUTIES ASSOCIATION 2017-2020 COLLECTIVE BARGAINING AGREEMENT.

WHEREAS, it has become increasingly difficult to recruit and retain Deputy Sheriffs in the Sheriff’s Office; and

WHEREAS, the Personnel Officer, County Manager, County Sheriff, and the Administration Committee of the County Legislature have recommended the changes in the current contract contained in the attached Proposed Memorandum of Agreement be approved.

NOW THEREFORE, BE IT

RESOLVED, the proposed changes to the language in the current contract contained in the proposed Memorandum of Agreement between Steuben County, the County Sheriff and the Deputies Association of the County of Steuben are hereby approved; and be it further

RESOLVED, the changes will become effective the pay period following the signing of the Memorandum of Agreement; and be it further

RESOLVED, a certified copy of this resolution shall be forwarded to the County Manager, County Attorney, Personnel Officer, County Sheriff, Clerk of the Legislature, Commissioner of Finance and to the President of the Deputies Association of the County of Steuben.

Memorandum of Agreement

By and Between, the County of Steuben and the Deputies Association of the County of Steuben (DACS)

Whereas, the above parties have met and conferred in regards to starting wages/salaries for lateral transfers into the Steuben County Sheriff’s Office, and

Whereas, the parties have agreed to establish and agree to a definitive understanding of such wages/salaries for lateral transfers, and
Whereas, the parties have agreed, that said agreement and understanding will take effect the next full pay period following the full execution of this Agreement and will remain in effect until negotiated otherwise.

Now therefore, the parties herein agree as follows:

1. All Deputy Sheriffs who are hired as a lateral transfer by the County of Steuben and were previously employed as a Deputy Sheriff with the Steuben County Sheriff’s Office shall be entered into the salary grid system with full credit for years of service up to the maximum step on the salary grid.

   Example: Deputy Y had 2 years prior SCSO full time Deputy Sheriff experience before transferring to Anywhere PD and worked at Anywhere PD for 5 years. Deputy Y starting salary will be placed at the top step of the salary grid.

2. All Deputy Sheriffs who are hired as lateral transfers by the County of Steuben with prior full-time law enforcement experience as a Deputy Sheriff or Police Officer with this or another law enforcement agency in the State of New York, shall be inserted into the salary steps as follows:

   For every year of New York State full-time law enforcement experience a lateral transfer has acquired, he/she shall be credited with (1) one year on the SCSO salary grid. The maximum salary grid step for any outside lateral transfer covered in this category shall be step 5. All subsequent movement in the salary grid will be in accordance with the provisions of the current collective bargaining agreement.

   Example: Deputy X completes a lateral transfer from Anywhere PD to the SCSO. Deputy X has no prior SCSO full-time Deputy Sheriff experience, but has 8 years full-time experience with Anywhere PD. Deputy X’s starting salary will be at step 5. Deputy X will then continue to climb the salary grid as years of service are completed.

IT IS ALSO AGREED THAT,

B. Any Deputy Sheriff hired as a lateral transfer, regardless of their years of full-time service with the SCSO or any other law enforcement agency, shall not be given preference in “in-house” seniority in regards to any seniority based assignment or any other benefit other than those described in the current collective bargaining agreement. “In-house” seniority for any Deputy Sheriff hired as a lateral transfer shall be the lateral transfer’s new date of hire.

C. Civil Service seniority and probationary periods for any Deputy Sheriff hired as a lateral transfer shall be set by the Steuben County Civil Service Rules.

D. Any Deputy Sheriff hired as a lateral transfer, may use their years of prior full-time service with the SCSO as service requirement established for any competitive position as outlined in the current collective bargaining agreement. Any Deputy Sheriff hired as a lateral transfer with only outside agency experience must complete the years of service requirement established for any competitive position as outlined in the current collective bargaining agreement, from their date of hire with the SCSO. Years of service needed for any position in the collective bargaining agreement are to be determined in the Civil Service Job Description and shall include any appointment from a competitive civil service list or as a provisional appointment.
The parties herein acknowledge that during the course of resolving this matter they were fully and fairly represented and all parties had the unlimited right and opportunity to propose any terms to this Agreement.

All parties acknowledge that they voluntarily and knowingly enter into this agreement and have read and understood the terms as outlined above.

The parties acknowledge that this Agreement constitutes the entire Agreement and understanding between the parties and this Agreement supersedes all prior agreements and understanding, whether written or oral. This agreement replaces Art. 18 Section 2 of the current Agreement.

The parties acknowledge that this signed Agreement, represents the entire Agreement between the parties on the Salaries/Wages for Lateral Transfers that became effective January for those employed as of January 1, 2018 and thereafter, and shall be added to the collective bargaining agreement during the next contract negotiations.

Any alleged violation of this MOA can be submitted for resolution through the contractual grievance arbitration procedures.

IN WITNESS WHEREOF, the parties hereto have caused this Agreement to be executed on the date shown after each of the signatures below.

For the County of Steuben; For the Deputies Association of the County of Steuben;

________________________________                            ________________________________
Chairman of the Legislature                                                      President, DACS

________________________________                            ________________________________
Sheriff of Steuben County                                                     DACS Representative

This Agreement shall take effect on the _______ day of _________________________, 2018.

Mr. Mullen stated he needs a little more clarification on this. What are we trying to accomplish with this change and what is the difference in the position? Mr. Wheeler explained after discussion with the Deputies Association, there are issues of recruitment and fairness when bringing individuals in who had previous experience with us. Due to decisions you have made financially, it is more feasible for us to bring people back. We would like to recognize the experience of the individuals who are coming back to the agency. The first category is for someone who had previous experience with us as a Deputy Sheriff and is transferring back to us. We will count their previous years of experience and they will be placed in the grade that is commensurate with that experience. The second category is for an individual who has never worked for the Sheriff’s Office, but has worked with a different agency. We would cap them at a Step 5. This is a recruitment tool for us. If an individual worked for us in the past, we would have shouldered the cost of their training. If we are bringing in individuals from other agencies, we will save a significant amount of money as they would have already gone through training with another agency.

RESOLUTION NO. 091-18

Introduced by R. Lattimer. Seconded by S. Van Etten.

CONCURRING WITH THE COMMISSIONER OF FINANCE’S ABILITY TO ENTER INTO AN AGREEMENT WITH AIRBNB, INC.

WHEREAS, pursuant to Local Law No. 3 of 1987, and all amendments thereto, Steuben County imposes a tax on the occupancy of hotels as defined therein; and

WHEREAS, the tax imposed by this Local Law is administered and collected by the Steuben County Commissioner of Finance; and

WHEREAS, there is support by the Legislature in the collection of occupancy taxes for online booking platforms such as Airbnb, Inc.; and

WHEREAS, Airbnb, Inc. has agreed to a voluntary collection agreement to collect occupancy taxes for online booking in Steuben County through their platform, which would be remitted to the Steuben County Commissioner of Finance.

NOW THEREFORE, BE IT

RESOLVED, that the Steuben County Legislature hereby memorializes its support for the County Commissioner of Finance to enter into a voluntary collections agreement with Airbnb, Inc. to pay occupancy taxes as set forth in Local Law No. 3 of 1987, and all amendments thereto; and be it further

RESOLVED, that certified copies of this resolution shall be forwarded to the County Manager, County Attorney, and Commissioner of Finance.

Mr. Hanna asked what is the anticipated revenue from this? Mr. Wheeler replied that is yet to be seen, but we are conservatively projecting $30,000 - $40,000. Mr. Hanna asked will this apply to any rental? Mr. Wheeler replied yes.

Mr. Weaver asked will we be pursuing others like VRBO? Mr. Wheeler replied yes. A lot of the relationship with Airbnb was coordinated through the New York State Association of Counties (NYSAC). We have talked with NYSAC about other entities.

Mr. Mullen asked why do we need an agreement? Mr. Wheeler replied we currently do not collect room tax through Airbnb. This is a voluntary agreement. Mr. Mullen asked why did we not have a discussion about doing this by Local Law? Mr. Wheeler replied this is a voluntary agreement without going the route other counties have with a Local Law and defining short-term rentals. This is a way to capture that revenue.

MOTION: REQUESTING PERMISSION TO ASK ADDITIONAL QUESTIONS REGARDING THIS ISSUE MADE BY MR. MULLEN, SECONDED BY MR. WEAVER AND DULY CARRIED.

Mr. Mullen asked what legal ability do we have to collect this? He does not want a situation where we have money that we cannot collect legally.

Mr. Reed explained under a Local Law, it is ultimately the responsibility of the people staying at the facility to pay the room tax. Currently, our ability to audit platforms like Airbnb is nonexistent. This is
entirely voluntary for them to collect the tax where otherwise we would not have the ability to require them to do it in the first place.

Chairman Hauryski asked Lisa Baker to come forward. Mrs. Baker is an employee in the Department of Social Services. He presented her with a Certificate of Appreciation and a clock in recognition of her retirement with 33 years of service to Steuben County.

Ms. Muller stated good morning and thank you for the opportunity to take a moment to recognize Lisa Baker, and her over 33 years of service to Steuben County. For anyone interested, we are having a going away gathering at The Center in Corning on May 30th. Please call Donna Evingham in our department if you are interested in attending. Lisa began with the Department of Social Services in October of 1984 as a Social Welfare Examiner. Over the years, she advanced through the ranks and was appointed as Director of Temporary and Disability Assistance in February of 2007.

Ms. Muller stated Lisa has had the oversight responsibility for public welfare programs including Temporary Assistance, SNAP, Medicaid, HEAP and Child Care. When Lisa began her employment with Steuben County, there were upwards of 3,000 Temporary Assistance cases with over 6,000 individuals.
Today, we have approximately 800 cases with just over 1,000 individuals. Lisa was at the table when Welfare Reform passed in 1996. Not only was Lisa at the table, she embraced the reform. Under Lisa’s direction, she not only reformed services to help people when they were down on their luck, but also to help long-term clients obtain self-sufficiency and get off a system that can often impose a vicious cycle. This is only one example of Lisa’s exemplary work and leadership. She managed her work with a collaborative style and worked diligently to enhance communication, strategies and teamwork across all divisions within the department. She represented the department on multiple committees with community partners to address poverty, housing, transportation and other needs across our county. Lisa worked tirelessly. She was available 24/7, including weekends, holidays and vacations. I cannot remember a time when Lisa Baker called in sick. She has been a key member of the executive team and served Steuben County with excellence. Her institutional knowledge is irreplaceable and insuperable. As you might expect, her shoes will be very hard to fill. I have had the pleasure and distinct honor of serving with Lisa. Her professionalism, her leadership and her unwavering dedication have not gone unnoticed. She was firm, yet fair and maintained a great sense of humor! We will miss you Lisa. I will miss you. You have left your mark. You will always be remembered. Thank you for your 33 plus years and on behalf of the department, we wish you all the best in your next chapter.

Chairman Hauryski opened the floor to comments by members of the public.

Wayne Wells, Cameron, provided his comments about political infrastructure, or the lack thereof. Local officials should have some impact on the availability of infrastructure services such as phones and internet.

Kristin Klemenz, Painted Post, stated T&R Towing has acquired Carpenter’s and in her opinion now have a monopoly. She is just trying to do the right and fair thing. Recently a letter was sent out and it appears to put towing requests by Fire and EMS over those of the public. She suggested that some clarification of that letter may be a good thing.

Chairman Hauryski thanked everyone and declared the opportunity for public comment closed.

Ms. Muller stated good morning and once again, thank you for the opportunity to represent the Prevent Child Abuse Steuben, formerly known as the Child Abuse Task Force. Prevent Child Abuse Steuben while still a task force, was formed 24 years ago in an effort to promote and prevent child abuse. In April, we celebrated Child Abuse Prevention Month with many activities, most notably the Pinwheels and Promises campaign.

Ms. Muller stated she would like to take this opportunity to thank Chairman Hauryski and Vice Chair Ferratella for attending the kickoff, and for the Chairman’s remarks recognizing the efforts and work of the Task Force. Again, many thanks to this Board and County Manager Jack Wheeler for your continued support of the services provided by both the Youth Bureau and the Department of Social Services. Many thanks go out to Bill Caudill, the Director of the Steuben County Youth Bureau, who also chairs the Task Force. Bill has spearheaded and expanded so many activities and programs throughout the County. His efforts are appreciated. He brings community partners together and demonstrates results. Finally, a multitude of thanks goes out to all the members who serve on the Task Force.

Each year as part of National Child Abuse Prevention Month, we recognize an individual, a program or an organization that has significantly contributed to the prevention of child abuse in Steuben County. This years’ recipient was nominated by Linda George and Wendy Robards from the Family Development Team at ProAction. This years’ award recipient is Tawnya Hughes. Tawnya is a Family Development Home Visitor employed by ProAction. If I could ask Tawnya to please join me at the podium.
Before I begin, I have to say this is one of the more comprehensive nominations I have read over the years. In the interest of time, I had to condense and paraphrase her nomination, but let me tell you it was overwhelmingly full of compliments. Tawnya Hughes has been quite a leader in the effort to prevent child abuse in Steuben County. She has 18 years of experience working with at-risk families, 12 years of which were providing services in a home-based setting. Tawnya is certified to facilitate multiple, multiple trainings and workshops. She has over 10 years of training experience using several teaching models and training curriculums to assist children and families across our county. She is a member of Prevent Child Abuse Steuben. She is a visible volunteer at prevention events. To name a few, she assists at the annual Family Fling, Strong Kids Safe Kids, the Pinwheels and Promises Campaign as well as other prevention activities throughout the year. Tawnya led the charge on two initiatives implemented in our county. She was instrumental in bringing the annual Color Walk to life and creating a successful event for families and community members to participate in. Tawnya again brought her passion forward to bring awareness to our community for the prevention of child sexual abuse. She took the lead in starting a new campaign initiative called “Enough Abuse Steuben”. Tawnya led this effort by applying for funding through Prevent Child Abuse New York, and Steuben was one of seven counties across New York State to receive this community-wide campaign. The Enough Abuse Campaign is an evidence-based model that works to create public awareness and community-based responses to the issue of child sexual abuse. The campaign provides training in the prevention and recognition of child sexual abuse, and further to develop community prevention efforts to address root causes of abuse for caregivers.

Without saying, Tawnya remains committed and busy. Her nomination also included numerous comments offered by colleagues. She is obviously well known as demonstrated by the sheer volume of remarks. Words to describe her throughout this nomination include dedication, collaboration, passion and partnership. Partnership with colleagues, community members and especially families. Tawnya goes above and beyond in her work. Her energy and positive attitude are contagious. She is motivated, inspirational and comes with limitless energy. It is without hesitation this year’s recognition belongs with Tawnya Hughes and it is my privilege on behalf of Prevent Child Abuse Steuben, to present this award to you Tawnya Hughes.

5. There is no minimum bid requirement.
6. The Commissioner of Finance retains the right to establish the auction with or without reserve.

23. All parcels purchased by a purchaser must be paid for in full, selective closings are not permitted. Failure to remit full payment on all parcels purchased at the auction will result in a forfeiture of all deposits paid, which will be retained by the County as liquidated damages, and the cancellation of all sales to the purchaser.

24. Failure of the purchaser to complete the purchase within the required time limits shall result in the forfeiture of both the down payment and the buyer’s premium as liquidated damages. In the event of default of the highest bidder, the County reserves the right to offer the property to the second highest bidder, or to dispose of the property by any means as may be authorized by the Steuben County Legislature.

In the event a sale is cancelled by Court Order, the purchaser shall be entitled to a return of the purchaser’s payment of the purchase price, together with any deposit paid, “deposit” being those sums paid under #20. The purchaser shall not be entitled to any special or consequential damages, attorney fees, reimbursement for any expenses incurred as a result of ownership or improvements of the property, nor for taxes paid during the period of ownership.
31. All Buyers agree to accept title according to these terms and conditions. In the event the Successful Bidder nominates a third party to receive title, such nominee will be required to execute an acknowledgment of the said terms of sale prior to receiving title.
32. In the event that any recited term herein or part thereof is determined to be unlawful, then in such event, the remaining terms of sale and unaffected portion(s) thereof shall survive and remain in full force and effect.

WHEREAS, the Steuben County Legislature sponsors a Steuben County Hall of Fame through its Steuben County Hall of Fame Committee for the purpose of honoring those persons who have enhanced the County of Steuben and presenting and opportunity for the public to learn more about these persons; and

WHEREAS, the Steuben County Hall of Fame Committee has solicited nominations from citizens of Steuben County for the induction of three (3) persons into the Hall of Fame, selected this year; and

WHEREAS, nominations were allowed to be made by anyone; there were no limits on the number of nominations; the nominees could be living or dead; male or female; could have been born elsewhere as long as they enhanced the name of Steuben County; may have helped developed the County; may have been Steuben County natives who gained fame elsewhere, or those who should especially be remembered; and

WHEREAS, the Steuben County Hall of Fame Committee is authorized to be comprised of seven (7) persons representative of the people of Steuben County, has reviewed the nominations submitted and has recommended the names of three (3) persons to be inducted into said Hall of Fame this year.

NOW THEREFORE, BE IT

RESOLVED, that this Steuben County Legislature does hereby receive, approve, ratify, and confirm the selection and recommendation of the Steuben County Hall of Fame Committee for honoring and inducting into the Steuben County Hall of Fame the following named persons:

1. **Clara Comstock** – Clara Comstock was born July 5, 1879 in Hartsville, NY. She graduated from the Canisteo Academy in 1895 and went to continue her education at the Academy’s Teacher Training Course. Her teaching career began in the fall of 1898 in Hartsville at the weekly salary of $7.00. After moving to New York City in 1911, she began working as an agent for the Children’s Aid Society. Her work there would earn her the nickname “The Orphan Train Lady”, which stuck with her for the rest of her life. Clara’s job was to select adoptable children from New York City and take them by train to destinations further west. She escorted seventy-four groups of children herself between 1911 and 1928. She escorted her last group of orphans in 1928 and then worked as the superintendent of the Children’s Aid Society until she retired in 1944 to Collier Street in Hornell. She was a member of the Daughters of the American Revolution and is credited with founding the Canisteo Valley Genealogical and Historical Society.

2. **Mark R. Alger** – Mark Alger was born and raised in Hornell, graduating from Hornell High School in 1972 and earning a Bachelor of Arts in Geography from SUNY Geneseo in 1976, as well as a Master of Arts in Geography from Western Illinois University. After beginning his career in public service as a Research Assistant, he returned to Steuben County and became the Senior Planning in the Steuben County Planning Department. He served in this position until 1981 when he was appointed Planning Director, a position he held until 1984. In September of that year, he was appointed as the first Steuben County Administrator. In that position, Mr. Alger was responsible for the daily oversight of county operations on behalf of the Steuben County Legislature. Mark also served as Deputy Commissioner for Administration for the New York State Department of Agriculture. In 1999, he returned to Steuben County to serve as the Commissioner of Social Services before again being appointed Steuben County Administrator in 2000. With a change in the form of government resulting from the adoption of the Steuben County Charter, Mr. Alger was named the first County Manager in January of 2014.

3. **Anna Cadogan Etz** – Anna Etz was born in Hornell in October 1864. She graduated from Fredonia Normal School and took advanced training at Alfred University in English and graduated from the University of
Michigan. Her newspaper column “Suffrage Notes and Comments” appeared in 40 newspapers from 1912 to 1917 when women in New York State were given the right to vote. She was active in the New York State Women’s Suffrage Association and was a founder of the Hornell Equality League of Self-Supporting women. She was also widely known as a civic leader. Following the death of her son David, she and her husband donated funds to the Hornell Library for a room that became New York State’s first Children’s Room. Anna and others also founded a Children’s Home and an open mark in Hornell. After World War I, she taught Americanization in the Hornell School District for a number of years.

BE IT FURTHER RESOLVED, the Agriculture, Industry and Planning Committee and the County Historian, for an on behalf of the Steuben County Legislature, shall take all necessary steps and ceremony to appropriately enroll and enshrine the names of the inductees into the Steuben County Hall of Fame; and be it further

RESOLVED, a certified copy of this resolution shall be forwarded to the County Historian and to any other persons as may be directed by the County Historian.

Ms. Lattimer commented she serves on the Hall of Fame Committee and with the new Historian, we took a look at the whole process to see what might be updated and to make the process more simple and edifying for the public. We did not put any restrictions on how many nominations, although we agreed it could be one or as many as three. This year we came up with three nominees and we had a total of 8 nominees. She stated over the course of the past twenty years, we have always held a luncheon. They thought the Legislature should be a more inclusive part of the ceremony surrounding the presentation of the nominees to the Hall of Fame and we decided to do that presentation at the next Legislative session so that the Legislature and the public can be included with a short reception immediately following. In the past we have had a few Legislators who have participated, but thought it was important to include the Legislature since they are confirming the nominees.

Vote: Roll Call – Adopted.

Motion to Adjourn made by Mrs. Lando, seconded by Mr. Malter and duly carried.

Mr. Hauryski stated prior to adjourning into Executive Session, he would like to take the time to recognize and honor those individuals who have been selected for this years’ Hall of Fame.

Ms. Lattimer stated we are here today to have the Legislature honor the 2018 inductees into the Steuben County Hall of Fame. She stated she is a member of the Hall of Fame Committee by virtue of being the Legislative representative as well as the Chair of the Agriculture, Industry & Planning (AIP) Committee. We transitioned this year to a different process for nominations as well as moving from a luncheon to a reception for the inductees and their families. We wanted to draw more Legislators into this process. She stated she would like to take a moment to recognize Emily Simms, our new County Historian, who has handled this transition so well.

Ms. Lattimer stated there may be some people here who are not familiar with the process and how the Hall of Fame came about. The former Board of Supervisors, in 1976 wanted to commemorate the County’s 200th birthday and it was also an opportunity for the public to learn about Steuben County, the people and the history. This vision of Everett Kilmer and Charles Oliver resulted in the creation of the Hall of Fame. The Board of Supervisors supported this and assigned it over to the AIP Committee. Since that time, nominations for 341 individuals have been received, with 142 being inducted into the Hall of Fame. Pictures of the inductees are located on the third of the County Office Building next to the Legislative Chambers.

Ms. Lattimer explained the selection committee members represent various areas of the County. Nominations are received from individuals, service organizations, church groups and school districts. All of the biographies of nominees are distributed to the selection committee for review and each member makes a decision and votes. Once the committee determines the nominees, the names are presented to the
AIP Committee and then to the Full Legislature for confirmation. Forty years later, this same process is occurring and we are inducting three more nominees.

Ms. Lattimer stated in 1976, 10 individuals were inducted, in 1987 that number of inductees was reduced to 3. Then the Hall of Fame took a five-year hiatus. When they restarted in 2005, 5 individuals were inducted, and today we are honoring 3. Two of those inductees lived rich and productive lives and the third inductee continues to have a productive life. These individuals have each enhanced the quality of life for Steuben County residents in different ways. Our inductees for this year are Clara Comstock, Anna Cadogan Etz, and Mark R. Alger.

Mr. Wheeler stated he would like to welcome Mark Alger, his wife Pat, and their son, and Deputy County Manager, Mitch. It is an honor and he is personally thankful to see Mr. Alger inducted into the Hall of Fame. He has been a tremendous friend and mentor and really was the glue that held this organization together for over three decades. Welcome, and congratulations.

Mr. Haursky announced there will be a reception in the third floor lobby following this morning’s meeting, which is a change from what we have done in the past. He would encourage the Legislators and everyone in attendance to join the families. All of the Hall of Fame committee members have done a great job in changing up the process and he appreciates their efforts.

Motion to Adjourn Executive Session and Reconvene in Regular Session made by Mrs. Ferratella, seconded by Ms. Lattimer and duly carried.

RESOLUTION NO. 126-18

Introduced by R. Lattimer. Secended by F. Potter.

REVOKING THE AUTHORITY TO TRANSFER THE FORMER COUNTY COURTHOUSE IN THE CITY OF HORNELL TO THE CITY OF HORNELL.

WHEREAS, through Resolution No. 166-17 adopted by the Steuben County Legislature on October 23, 2017, the County of Steuben authorized the transfer of the former County Courthouse in the City of Hornell to the City of Hornell; and

WHEREAS, on or about January 4, 2018, the County executed transfer documents for the former Courthouse and delivered the same to the City of Hornell for the transfer; and

WHEREAS, the City of Hornell has since communicated they have not accepted said transfer documents; and

WHEREAS, the City of Hornell has not recorded said transfer documents with the Steuben County Clerk.

NOW, THEREFORE, BE IT

RESOLVED, the Steuben County Legislature hereby rescinds Resolution No. 166-17 dated October 23, 2017, authorizing the transfer of the former County Courthouse to the City of Hornell; and be it further

RESOLVED, certified copies of this Resolution shall be forwarded to the County Manager, County Clerk, Director of the Real Property Tax Service Agency, the Commissioner of Finance and the City of Hornell.
Mr. Mullen asked why are we taking the transfer back? Mr. Wheeler replied to clear up the issue of ownership. He explained, the resolution the Legislature adopted in October allowed for the transfer of the Courthouse to the City of Hornell, however, the City never recorded the deed. A couple of issues have come up in the AdHoc Office Space Committee that require clarity of ownership. Essentially, the City of Hornell has indicated they do not want the building unless they have a developer ready and willing to go in. Without the revocation of the transfer, the County cannot control the disposition of the property.

Vote: Roll Call – Adopted.

Motion to Adjourn made by Mr. Weaver, seconded by Ms. Lattimer and duly carried.

The Clerk of the Legislature read the following memoriam:

IN MEMORIAM

THOMAS H. HOPPER, JR.

1921 – 2018

The death of our former colleague, Thomas H. Hopper, Jr., who passed away on July 19, 2018, is acknowledged by this Legislature with deep sadness.

Tom was born in Painted Post to Thomas H. Hopper, Sr. and Jenny B. Campbell, and lived in Addison for most of his life. A member of the Greatest Generation, Tom married Wilma Burlingame in 1942. Soon thereafter, he joined the U.S. Army and served in Europe in World War II. Upon returning home, he worked at the Corning Glass Works. He became a pioneer in first generation computer systems, leading the team that installed the first mainframe computer in Corning. He wrote some of America’s earliest systems and spent his career helping to bring Corning’s systems to maturity, retiring in the late 1980’s.

Widowed after 25 years, Tom married Marilyn (Missy) Underwood in 1992. Like so many of his generation, he believed strongly in service to country, community and family. This belief led him to Steuben County government where he represented the residents of District 11 in Addison, Lindley and Tuscarora from 1994 through 1999.

During Tom’s tenure on the Legislature, he held the leadership position of Chairman of the Rules Committee, and also served as a member of the Public Safety and Corrections Committee and the Administration Committee.

During his tenure on the Legislature, Tom additionally lent his expertise and leadership to a variety of advisory boards, including the Ad Hoc Data Processing & Communications Review Committee; the 911 Communications Technology Task Force; the Records Management Advisory Board; and the Financial Strategy Ad Hoc Committee. Tom always served with honor and distinction, and represented the Legislature with dignity and professionalism.

Tom will be remembered as a member of the Legislature who always considered the impact of his decisions on all of the residents of the County, not just the few. He was a dedicated public servant who was always generous to his community with his time, talents and support.

The members of this Steuben County Legislature respectfully move that the above “Memoriam” be spread upon the minutes of this meeting and that the Clerk of the Legislature forward a copy of this Memoriam to his wife Missy, his son David Hopper (Elizabeth) and his daughters Karen Buckley

Mr. Swackhamer stated going back to the resolution approving the Contingent Fund transfer for the District Attorney’s Office, he stated that he would like to have Mr. Baker explain that so the voters understand what those costs are. Mr. Baker explained there are two components; a large piece, about one-third, is due to the additional grand jury presentations, which is related to the opioid epidemic. We now hold three grand juries per month instead of two and that has resulted in a 50 percent increase in costs that we did not expect. The second component which is about two-thirds of the request is directly related to the Neurauter trial. We have 70 people under subpoena and have a number of expert witnesses that will testify. We don’t budget for things like this as these types of trials do not happen very often.

REGULAR MEETING
Morning Session
Monday, September 24, 2018
Legislative Chambers

The County Legislature of the County of Steuben convened in Regular Session in the Legislative Chambers in Bath, NY on the 24th day of September, 2018 at 10:00 a.m. and was called to order by the Chairman of the Legislature, Joseph J. Hauryski.

Roll Call and all members present except Legislator Weaver.

Mrs. Lando provided the Invocation and the Pledge of Allegiance was led by Mr. Hanna.

Chairman Hauryski asked Kyle Zver to come forward. Mr. Zver is an employee in the Public Works Department. He presented him with a Certificate of Appreciation and a pin in recognition of his 10 years of service to Steuben County.

Chairman Hauryski asked Donald Hutches to come forward. Mr. Hutches is an employee in the Public Works Department. He presented him with a Certificate of Appreciation and a pin in recognition of his 10 years of service to Steuben County.

Chairman Hauryski asked James Warriner to come forward. Mr. Warriner is an employee in the Probation Department. He presented him with a Certificate of Appreciation and a pin in recognition of his 15 years of service to Steuben County.

Chairman Hauryski asked Eric Robarge to come forward. Mr. Robarge is an employee in the Probation Department. He presented him with a Certificate of Appreciation and a pin in recognition of his 15 years of service to Steuben County.

Chairman Hauryski asked Stephanie DuBois to come forward. Ms. DuBois is an employee in the Probation Department. He presented her with a Certificate of Appreciation and a pin in recognition of her 20 years of service to Steuben County.

Chairman Hauryski opened the floor for opportunity for public comment.

Dianna Poissant, Riverside, Rhode Island, stated she and her family are here today to advocate and speak for her deceased brother, Matt Cole. Her brother was found in a snow bank, in the median along State Route 36 in Hornell. We know where he was and what he was doing. No charges were filed by the District Attorney. We have retained the services of Attorney Schlather. We have called the District Attorney, the Sheriff and the State Police. The State Police have been very compassionate, but indicated that the District Attorney has to invite them into the case. What is wrong with inviting the State Police to come in and take a second look? Everyone makes bad decisions, and Matt did. The District Attorney is supposed to work for the people. It seems the alleged perpetrator is being protected and we would like answers.

Wayne Wells, Cameron, NY, stated several weeks ago we had a heavy rain and he had a conference call with physicians and he could barely understand due to the poor connection. He also provided commentary regarding President Trump and his nominee to the United States Supreme Court.

Chairman Hauryski declared the opportunity for public comment closed.

Motion approving the minutes of the previous meeting(s) made by Mr. Mullen, seconded by Mr. Nichols and duly carried.
Mr. Van Etten announced the first Budget Workshop will be held on Tuesday, October 9th at 10:00 a.m., or immediately following Finance.

Mr. Spagnoletti stated that he would like to provide an update on the rain damage we received Friday night. Woodhull and Tuscarora received 2 – 4 inches of rain in one hour. In Tuscarora, CR 85 is closed from Bland Road to Elkland, PA as there is 1,500 feet of pavement that is washed out. In Lindley, CR 127 to Osceola, PA has 700 feet of pavement that was washed out and road crews were able to fill that back in, however, the road is closed to local traffic only. He stated that represents a cost to us of about $150,000, not including labor and equipment, for 100 loads of rock to fill in the ditches and protect the walls on the bridges. Mr. Spagnoletti stated that they do have a shoulder project in Prattsburgh on CR 122 that will cost $189,000. He will be asking for committee authorization to cancel that contract and transfer those funds to the flood damage line. With regard to CR 85 in Tuscarora, the regional director of NYSDOT has been in contact with us. The Town of Lindley is in bad shape and NYSDOT has been helping them with the work that needs to get done.

Mr. Hauryski asked was there any bridge damage? Mr. Spagnoletti replied we are not aware of anything significant. Mr. Potter asked will we be able to receive FEMA funds for this? Mr. Marshall replied with a FEMA declaration we could. We have met our County declaration requirements, but in order to receive the funding, damages statewide need to be $25 - $26 million. From this storm, other counties were not seeing the damage. The only way we would be eligible for FEMA funding is if they group this storm with the other storms that occurred this summer; then there is a possibility. We have not seen FEMA do that in recent years. Most likely, this will be local cost. The Town of Lindley lost a couple of roads completely and they are working with NYSDOT and have declared a state of emergency.

Mr. Nichols asked how long will CR 85 be closed? Mr. Spagnoletti replied probably about a month.

RESOLUTION NO. 161-18

AUTHORIZING AN INTERMUNICIPAL AGREEMENT FOR EXPLORING DETENTION FACILITIES AND SERVICES FOR COMPLIANCE WITH “RAISE THE AGE”

WHEREAS, on April 10, 2017, Governor Cuomo signed into law “Raise the Age” legislation that was included as part of the State Budget; and

WHEREAS, under “Raise the Age,” no 16- or 17-year-old will be sentenced to or detained in a facility with adults; youth whose cases are heard in Family Court will be detained or placed in OCFS-operated, OCFS-licensed, or ACS facilities (including Close to Home), as Juvenile Delinquents currently are; while Adolescent Offenders who are detained pre-trial will be held in a specialized secure juvenile detention center for older youth, which will be certified and regulated by OCFS in conjunction with the state commission of correction; and

WHEREAS, these “Raise the Age” detention provisions will create challenges for the counties of New York State, with an anticipated shortage of available beds, specifically in the Finger Lakes region; and

WHEREAS, County Law § 218-a authorizes a contract between one or more counties providing for the joint establishment, operation and maintenance by such counties of a joint county detention facility; and

WHEREAS, eleven counties in the Finger Lakes region have met over the past several months to review options for detention; and

WHEREAS, these partner counties are desirous of beginning the process of forming a local development corporation for exploring detention facilities and services; and

WHEREAS, Steuben County is desirous of entering into an Inter-municipal Agreement with the consortium of counties to create a Local Development Corporation for the purpose of recommending how to develop, establish, operate, maintain and fund a new joint detention facility; and

WHEREAS, participation in this Inter-municipal Agreement will not bind the County to contribute funds or resources to acquire and/or construct any detention facility but will require a shared contribution to the cost of creating such corporation, already accounted for in the current contract with Treahy Consultation Services; and

WHEREAS, a draft Inter-municipal Agreement has been prepared by the various respective County Officials in the eleven counties in the Finger Lakes.

NOW THEREFORE, BE IT
RESOLVED, that the County Manager is hereby authorized to sign the Inter-municipal Agreement consistent with the recited draft Inter-Municipal Agreement to further the establishment of a local development corporation that will explore options for detention subject to Raise the Age requirements; and be it further

RESOLVED, that certified copies of this resolution shall be sent to the County Manager, County Attorney and Commissioner of Finance.

RESOLUTION NO. 162-18

Introduced by R. Lattimer. Seconded by G. Roush.

ESTABLISHING ENERGY BENCHMARKING REQUIREMENTS FOR CERTAIN STEUBEN COUNTY OFFICE BUILDINGS.

WHEREAS, buildings are the single largest user of energy in the State of New York. The poorest performing buildings typically use several times the energy of the highest performing buildings for the exact same building use; and

WHEREAS, collecting, reporting, and sharing building energy data on a regular basis allows municipal officials and the public to understand the energy performance of municipal buildings relative to similar buildings nationwide, and equipped with this information the County is able to make smarter, more cost-effective operational and capital investment decisions, reward efficiency, and drive widespread, continuous improvement; and

WHEREAS, the Steuben County Legislature desires to use Building Energy Benchmarking - a process of measuring a building’s energy use, tracking that use over time, and comparing performance to similar buildings - to promote the public health, safety, and welfare by making available good, actionable information on municipal building energy use to help identify opportunities to cut costs and reduce pollution in the County; and

WHEREAS, the County Legislature desires to establish procedure or guideline for County staff to conduct such Building Energy Benchmarking.

NOW THEREFORE, IT IS HEREBY

RESOLVED AND DETERMINED, that the following specific policies and procedures are hereby adopted;

§8. SEVERABILITY
The invalidity or unenforceability of any section, subsection, paragraph, sentence, clause, provision, or phrase of the aforementioned sections, as declared by the valid judgment of any court of competent jurisdiction to be unconstitutional, shall not affect the validity or enforceability of any other section, subsection, paragraph, sentence, clause, provision, or phrase, which shall remain in full force and effect.

Mr. Mullen asked who exactly are we indemnifying; Genesee County? Mr. Wheeler replied correct.

Mr. Mullen asked if some other county does something and causes harm to the collaborative, what is the extent of the indemnification? Ms. Prossick explained the indemnification is just to Genesee as they are accepting the money for the entire collaborative. There is a pro-rated amount that each County will receive. Genesee and Steuben are indemnifying one another.

Mr. Wheeler stated our hope was that the State would recognize the entire consortium. This is a way to clean it up so that Genesee County does not hold the entire liability.

Mr. Weaver asked how much property have we acquired since the new building project? Mr. Wheeler replied this is the only property we have acquired. We have a lease with Jay Dickson for approximately $3,500 annually for additional parking for the motor pool fleet during construction. We owned the two houses that were taken down. With this property acquisition, we have had conversations with the property owner for years. For long-term planning, it is a good idea for the County.

Mr. Ryan asked is the price fair? Mr. Wheeler replied you are paying a premium for this, however, we are the only buyer that would be able to purchase this from the owners. Mr. Reed commented this is not outside of the price you would have paid through eminent domain, but we would like to not go through that process.

Mr. Wheeler, County Manager, presented the following 2019 budget message:

**PRESENTATION OF BUDGET MESSAGE**

**Executive Summary**
The proposed 2019 Steuben County Budget continues the spending framework set by this Legislature – to maintain core services and infrastructure while funding State-mandated programs. This budget achieves these goals, all while holding the tax levy flat, which is a feat that you as legislators should be lauded for. This is the third consecutive year that you have put forth a budget with no increase in the levy, which is extremely rare in local government. Your hard work and keen spending policies have made this possible.

While there are many positives, the 2019 Budget also marks the first year that Steuben County is forced to confront the fiscal and operational realities of two large State mandates – Raise the Age and Hurrell-Harring compliance. We have budgeted revenue to offset the significant increases in staffing, but these costs require consistent monitoring to ensure that New York State lives up to its promises in paying for the implementation of their policies.

For 2019, Public Safety continues to be an area of increased cost to the County. The investments made in personnel to combat the opioid crisis and other critical issues account for a large portion of this growth, and are paying great operational dividends. As always, this Legislature is judicious with spending decisions, but has made targeted investments for the safety of our communities.

The 2019 Budget is a fiscally responsible and realistic planning tool that will guide our departments in the year to come and is a fine example of thoughtful collaboration between our elected officials, department heads, staff, and stakeholders.

**Recognition**
As always, the development of this budget is a team effort, and many individuals deserve recognition for their assistance:

- All Legislators, Specifically the Finance Committee
  - Scott Van Etten, Finance Chairman
  - Gary Swackhamer, Vice Chairman
  - Kelly Fitzpatrick
  - Gary Roush
  - Brian Schu
In addition to these elected and appointed officials, it’s critical to note that it’s the staff of Steuben County that are responsible for implementing these spending plans and they do a tremendous job year in and year out.

**Total Budget**
The total proposed budget for 2019 is $191,041,355, representing an increase of $193,776 or .10% in total expenditures. Conversely, projected revenues are $141,052,240, an increase of $202,573 or .14%. The following chart details the five-year history of total budget figures.

There have been significant changes in both total expenses and revenues in recent years, primarily the result of capital projects in the Landfill and accounting for municipalities’ shares of sales tax, which do not impact the tax levy (net cost). As a result, this Legislature has held the line on taxes, with the levy virtually flat over five years.

**Budget Comparison By Category**
For 2018, we are projecting changes in the net (county) cost by operational category. The following chart displays the anticipated cost differentials in comparison to 2018, in descending order by change in net cost. A more detailed narrative of significant changes is provided in the next section.

Over the past five years, the County has steadily increased its investment in Public Safety, both due to state-mandated staffing in the Jail and to increase the number of law enforcement officers in the Sheriff’s Department. This cost category has grown on average $777,179 or 3.77% per year since 2015, as demonstrated in the graph below.

**Public Safety Cost History**

Fortunately, the County has largely been able to keep spending in Economic Assistance & Opportunity, our human services cost category, relatively flat over five years. The average expense increase in this category over that timespan has been $322,832 or 0.48%. The anticipated Medicaid cost was decreased $200,000 for 2019. We are not at the statutory cap yet, but over the course of the next few years, we will have to increase Medicaid about $500,000.
Finally, the County has been successful in maintaining its investment in our transportation infrastructure, specifically within the Department of Public Works. With the extensive road and bridge system in this County, it is necessary to commit significant funds to maintenance and upkeep to prevent more costly repairs in the future. The average cost increase over the past five years within the Transportation category has been $205,647 or 0.78%.

**Major Changes in the 2019 Budget**

**Raise the Age (RTA)**

October 1st, 2018 marked the implementation date of Raise the Age (RTA) in New York State. RTA was passed by the State Legislature and signed by the Governor in 2017, raising the age of criminal responsibility to age 18, with criminal cases for 16 and 17 year olds being handled in a new Youth Part of Superior Court, or Family Court. This law will have a dramatic impact upon staffing, operations, and finances of counties, as we are the service arm that will implement many of the changes. We will be enhancing community-based alternatives to detention for these 16 and 17 year olds, which will necessitate additional staff in Probation, Social Services, and Community Services. The County Attorney’s office will have increased caseloads for the Youth Part and Family Court, requiring more personnel. Criminal court attorneys on both sides of the isle have to prepare for separate and new hearings, especially off-hours, impacting the District Attorney and Public Defender. And finally, the Sheriff will be responsible for increased transportation of these youth until a viable detention alternative is found in the Finger Lakes region.

While all RTA costs in the 2019 are fully offset by anticipated state reimbursement, it is important to note the significance of this program and associated dollar value. The State has promised full reimbursement of RTA costs, as long as the County stays within the Property Tax Cap each year. We’ve been deceived by Albany many times prior, so it’s critical that the County monitor the costs and revenues of this program and hold Albany accountable for their end of the bargain.

Below, please find a summary of the RTA expenses included in the 2019 Budget, which are fully offset by budgeted State reimbursement. As our formal RTA plan has not yet been approved by the State, we have only included expenses and revenues that we are confident the State will approve. The specific figures will likely change via budget adjustments reviewed by this Legislature in 2019, with no County cost increase.

**Hurrell-Harring Compliance**

As discussed in recent years, the indigent defense system will be changing based upon the State's settlement in the Hurrell-Harring suit. The 2019 budget marks the first year that Steuben County will see a direct impact of these mandated changes in our spending plan. The NYS Office of Indigent Legal Services (ILS) has established three main areas that we as a County must focus our efforts toward and for which the State will reimburse our costs: Caseload Reduction, Quality Improvement, and Counsel at First Appearance. ILS has indicated that 2019 is the first year of a five year implementation plan, with reimbursements increasing each year, topping out at approximately $1.6 million in 2023.

The departments eligible for this enhanced funding are the Public Defender, Conflict Defender, and Assigned Counsel (administered by the County Attorney). Any fiscal impacts of this system change upon
the District Attorney, Sheriff’s Department, or any other County agency will be ineligible for reimbursement and therefore are a direct County cost.

Incrementally each year, the County will be required to increase staffing to meet caseload standards and improve quality. Our proposals will be brought before Legislative committees and this full body during the budget process.

As with RTA, we are relying upon promises made by the State for sustained funding, and will need to continue to monitor implementation. Below is a breakdown of the new expenses for Hurrell-Harring compliance, which are fully offset by anticipated State reimbursement in the budget.

**Sheriff/Jail**

The 2019 Budget includes significant increases in Public Safety, specifically in the Sheriff’s Department and the Jail. These escalations are not a surprise and are the result of policy decisions previously made by this legislature to invest in additional law enforcement officers to combat the opioid and drug epidemic, in addition to contractual salary increases to retain and recruit top talent. As such, this budget shows four additional Sheriff Deputy positions in comparison to 2018. The net County cost increase in the Sheriff’s Department budget is $512,915 or 16.93%.

For the Jail, we continue to experience the impact of mandated staffing levels, along with costs that are often difficult to predict such as medical expenses and outside housing of inmates based on court orders. For 2019, the County cost increase in the Jail is $278,545 or 3.88%.

**Public Works**

As previously mentioned, the 2019 Budget continues the Legislature’s commitment to maintaining roads, bridges, and machinery in Steuben County. The County is responsible for the maintenance of approximately 680 miles of roads and 189 bridges on County roads, in addition to the support for Town and Village roads. As such, the Legislature continues the practice of dedicating millions of dollars to
ensure our transportation infrastructure is top notch. This is not only a benefit to our residents, but to economic development and quality of life initiatives. For this department, the 2019 budget includes a cost increase of $355,862 or 1.37%.

**Equipment & Capital Projects**
The draft budget includes a County cost of $240,157 for Minor/Small Equipment (less than $3,000) per item, with significant portions allocated to the Sheriff’s Department ($93,670), Public Works ($59,200), and the Jail ($45,730).

As in previous years, the proposed budget includes a large allocation for Major Equipment (more than $3,000 per item), most of which are replacement of vehicles, equipment, and infrastructure. The total County cost for Major Equipment is $2,129,441, with the majority of funds going to Public Works ($1.2 million), the Sheriff’s Department ($246,610), and the Jail ($166,913).

The 2019 Budget also includes $1,485,930 in general fund Capital Projects, including $329,000 of projects for Buildings & Grounds and $250,000 for the Office Space Utilization project, both of which will be funded via the Building & Renovation Reserve. Requested projects also include standard items for Information Technology, continuing projects at the Jail, and an additional $200,000 for the Caton Shop Replacement Project.

**County Revenues**

**Sales Tax**
In 2018, Steuben and the majority of upstate counties have experienced strong sales tax growth, pending fourth quarter collections. While we are always concerned about a prior period adjustment that could negatively impact this trend, our year to date sales tax collections are up 7.4%. As such, the proposed budget anticipates an additional $715,000 in sales tax for 2019, for a total of $29,022,000. The Legislature continues to be appropriately conservative with sales tax forecasts, as downturns can arise quickly and with little warning, creating a structural budget deficit. With this in mind, the sales tax estimate for 2019 is responsible in all ways to the taxpayer. The following chart displays budgeted sales tax revenues for the last five years:

**Fund Balance**

The tentative budget includes a General Fund appropriation of $6.34 million for 2019, which is level in comparison to 2018. In addition, there is an appropriation of $620,000 in D Fund balance (Highway). All of these appropriations are reasonable and assist in the overall management of funds.

**Interest Earnings**

With interest rates climbing in 2018, the County has begun to earn more on its investments, which significantly benefits the development of this budget. As such, we have anticipated an additional $710,000 in interest earnings for 2019.

**Property Tax Levy & Rate**

With careful review and oversight by the Finance Committee and the Legislature, and the hard work of our department heads and staff, the 2019 budget carries a tax levy decrease for the third consecutive year. The proposed tax levy represents a decrease of -$8,797, well within the parameters of the Property Tax Cap. It cannot be understated that in the public sector, particularly in New York, it is extremely difficult to hold the line, let alone reduce the tax levy of a municipality. Our Legislators and staff should be congratulated for doing so.

In addition, for the sixth consecutive year, the proposed budget shows a decrease in the average full value tax rate. The average rate for 2019 is estimated at $8.25 per thousand, representing a decrease of -2.25% from 2018 levels. Thus, in every sense, Steuben County has decreased taxes to its residents for three years running.

The property tax collections and average full value rate for the last five years are as follows:

**Conclusion**

With both the tax levy and tax rate decreasing, the 2019 Steuben County Budget is compliant with the NYS Tax Cap and is a reasonable and responsible fiscal blueprint for the coming year. We are fortunate to have talented Legislators and staff that have crafted this spending plan, along with positive trends in sales tax collections and interest earnings. These factors have created yet another successful budget for Steuben County.
While there are numerous positive aspects of this spending plan, 2019 marks the starting point of implementation of two significant state mandates – Raise the Age and Hurrell-Harring compliance. Should the State renege on their funding commitments, the County would be forced to absorb nearly $2 million in additional cost. As always, we will monitor the progress of these programs and State budgets and keep this Legislature informed.

Jack K. Wheeler, MPA  
County Manager / Budget Officer

Mr. Nichols asked under Raise the Age, what would be the cost to house a youth at the Monroe County facility? Mr. Wheeler replied it would be about $1,500 per day. If they have to be housed in the Albany area, that cost would be closer to $2,000 per day. Mr. Nichols commented this is significant. Mr. Wheeler replied yes, it is. We have been talking about building a facility with the eleven counties to help save that cost.

Mrs. Ferratella asked have you received any clarification of what the reimbursement will be for Raise the Age? Mr. Wheeler replied no. After a phone call yesterday, it appears that some reimbursement will flow through Social Services, the Office of Children and Family Services and the Department of Criminal Justice Services. He does not think they have it worked out in the State budget yet.

Mr. Van Etten stated on page 5, the Budget Category chart, shows an increase of $1.1 million in Public Safety, but the Sheriff’s budget is $10 million of most of the increase is in his budget. That is an actual increase of 10 percent. He would point out that while we looked at the budget very closely; it is concerning that this will not be a trend going forward. Mr. Wheeler stated that is a great point. The main driver is the cost of the additional positions and the labor contracts; however that is something to monitor.

BUDGET WORKSHOP

Chairman Hauryski stated he would like to thank Mr. Van Etten and the Finance Committee for their diligent work, as always, of going through all the budget numbers. He would like to also thank Mr. Wheeler and Mr. Alger for their work with this and especially all of the department heads. I think you do a tremendous job helping us by trying to keep your budgets in line. It is something this year that we did not have to do a lot of number crunching.

Mr. Mullen asked under Capital Requests there are sniper rifles and specialty scopes listed for the Sheriff. Do we have a sniper in the department? Mr. Wheeler replies yes, we have four or five officers trained as snipers.

Mr. Mullen asked with the Child Advocacy Center, he understands the money for this is coming from the State. He is not sure on the underlying mechanism of how this is supposed to work and whether it is necessarily a good idea. He asked if Ms. Muller could explain practically how this would function on a day that it would be used.

Ms. Muller stated this is new to us, as well as the development of a stationary center. This is designed to provide an environment for kids and families during the investigation of allegations of abuse. The centers will be staffed with a member from the District Attorney’s Office, the Sheriff, Social Services, Mental Health (either Office of Community Services or Family Services), Law Enforcement and Medical (doctor and trained nurses). This is designed to make it safer for kids to disclose. Often we are conducting these interviews in schools, at home or at police stations. The design of the Child Advocacy Center is to create a better atmosphere for a better interview. Children will not be able to get coached from outside influences. Interviews will be conducted by each discipline at the same time. This will help to increase

Special Legislative Meeting – Presentation of Budget

prosecution rates for the District Attorney. This will work for child protective reports and criminal reports as well.

Ms. Muller explained with regard to the mobile unit, we are one of the pilot counties. There are six counties in the State where the funding is coming from the NYS Office of Crime Victims. They receive private donations and gifts which they then will pass through the Office of Children and Families to the counties. This money also consists of forfeitures, appearance bonds, criminal fees, etc. The State is advocating for counties to create a Child Advocacy Center and the mobile unit is an advantage for rural counties. This eliminates the need for six different people to travel to the victim to conduct multiple interventions. She stated we don’t know if it will be an advantage for us or not. In her 30 years at the County, she thinks it is worth a shot. We will have the advantage of being one of the pilots. If we find that this is not useful to us, we can give it back to the State. With the permanent facility, it will increase our outcomes with children and families. Steuben is one of six counties across the State that does not have a Child Advocacy Center.

Mr. Mullen asked can you explain how it will work? Will the unit go out after someone accused of sex crimes? Do all of the representatives from the various agencies ride in the unit? Ms. Muller replied the mobile unit will have an interview room, a medical examination room, video equipment, etc. The plan is for everyone to go together, but the details will need to be worked out on how that occurs. Having everyone there at the same time will provide continuity to the case. It also provides safety for the children and families. This is not mandatory.

Mr. Wheeler stated what we have discussed is over the three-year period we will track everything, including the costs. When the grant funds run out, the vehicle will still be ours at that point, but you would have the decision on whether to continue the mobile program. Mr. Mullen stated his concern is not necessarily the cost of the RV, but it seems like potentially a lot of money is being spent inefficiently. He stated he is also aware of cases in the last year where more people should have been better involved in the front-end, so he thinks that it will be good for that.

Mr. Van Etten stated he has a question for Mr. Spagnoletti regarding the Major Capital Equipment. At a town meeting, they approved the purchase of a backhoe through State bid, however, they have to purchase it by the end of this month as there will be a 20 percent increase in pricing due to the steel tariff. We have $700,000 set aside for the purchase of a grader and an excavator. Were we aware of that potential increase in pricing and should we, or could we, do anything about that? Mr. Spagnoletti replied that he has not heard anything about that, but he will check into it. Mr. Hauryski stated he had heard the prices on State bid are changing at the end of the month. Mr. Van Etten commented it is worth looking into.

Mrs. Hurd-Harvey stated they have a correction with regard to the sales tax credit listed on page 191. The budget shows the sales tax credit to the levy of $7,466,628, however the actual real property tax levy will be $25,268,575. The total does not change the budget. Mr. Wheeler commented this is the last month’s correction that we discussed with regard to the Town of Bath.

There being no further questions, Chairman Hauryski declared the Budget Workshop closed.

Finger Lakes Trail Conference, Inc. – Re: 2019 Budget request in the amount of $7,000. Referred to: A.I.P. Committee; Finance Committee; Jack Wheeler, County Manager; and Amy Dlugos, Planning Director.

Ms. Fitzpatrick asked with regard to the correspondence received on November 15, 2018, from the Finger Lakes Trail Conference; was their budget request in the budget? Mr. Wheeler replied no. We received that request very late and sent their request to the Chairs of the AIP and Finance Committees. You certainly, during the Budget Workshop, have that option, however, he was not going to recommend including it in the budget. The way we typically handle that is we thank them for their letter and ask them to resubmit their request for the following year.

Mr. Van Etten commented his recommendation was not to include it in the budget since their request was so late in the budget process. If necessary, we could take the funds out of room tax next year to cover it.

Vote: Acclamation – Adopted.

He would echo Mr. Van Etten’s comments and he appreciates the work that was done by the Finance Committee during the Budget Workshops, the department heads and all of the staff involved, including Mr. Wheeler and Mr. Alger.

Upon being honorably discharged, Steve became a New York State Trooper and served in that capacity for 22 years, primarily in the Hornell, Bath and Canisteo area. He retired in 1987.

Steve had been a member of Our Lady of the Valley Parish and a communicant of St. Ann’s Church. A true outdoorsman, he was an avid hunter and fisherman who enjoyed these sports not only locally, but throughout the United States including Alaska, Wyoming and Nebraska. There was no place on earth Steve would rather be than outdoors enjoying all that Mother Nature had to offer.

Having a lifelong interest in government, Steve pursued the position of Steuben County Legislator where he represented the residents of District 7 in Avoca, Fremont, Howard and Wheeler from 1993 through 2002.

During Steve’s tenure on the Legislature, he held the leadership position of Chairman of the Public Safety and Corrections Committee, and also served as a member of the Public Works Committee, Administration Committee, Health & Education Committee and the Rules Committee.

Steve additionally lent his expertise and leadership to a variety of county advisory board, including the Fish and Wildlife Management Act Board, Traffic Safety Board, Fire Advisory Board, Jury board and the Solid Waste Ad Hoc Committee. Steve always served with honor and distinction, and represented the Legislature with dignity and professionalism.

Steve will be remembered as a member of the Legislature who always considered the impact of his decisions on all of the residents of the County, not just the few. He was a dedicated public servant who was always generous to his community with his time, talents and support.

The members of this Steuben County Legislature respectfully move that the above “Memoriam” be spread upon the minutes of this meeting and that the Clerk of the Legislature forward a copy of this Memoriam to his family as an expression of the sympathy felt by this Legislature on the passing of their loved one.
Chairman Hauryski asked Brenda Campbell to come forward. Ms. Campbell is an employee in the Buildings & Grounds Department. He presented her with a Certificate of Appreciation and a pin in recognition of her 20 years of service to Steuben County.

Chairman Hauryski asked Amanda Chapman to come forward. Mrs. Chapman is the Deputy Clerk of the Legislature. He presented her with a Certificate of Appreciation and a pin in recognition of her 25 years of service to Steuben County.

Mr. Wheeler stated it is with sadness that he would like to recognize Mitch Alger. Mr. Alger will be leaving us at the beginning of next year. He has done a fantastic job and we wish him well.

Chairman Hauryski opened the floor for comments by members of the public.

Mark Alger, Bath, stated he came back to see if he could get the fruitcake back. In all seriousness, he is here to discuss two things. First, he would like to offer Mr. Wheeler a public apology. He hit send on an email that he composed to the Chairman and he is sorry about that. He stated he does not want that to diminish the respect that he has for Mr. Wheeler or the Chairman and he apologizes for that. His intention was not to create or cause additional angst at a time when he knows that you have a full plate with Raise the Age, Counsel at Arraignment and the Deputy County Manager leaving, as well as other day to day issues. Mr. Alger stated the second reason he is here is that when he sent the email, he was concerned about the Raise the Age issue that deals with the location of a State facility to house youthful offenders for the 11-county consortium. He feels as a community member, an obligation to at least voice his opinion. He really does not think we need to have this in Bath. He knows that it needs to go somewhere and there are issues involved. Everyone is trying to do the best for the county and the residents while trying to maintain some type of rational control over the costs. There will be a significant cost to the taxpayers. We are only dealing with the front-end costs in the county. There are significant systemic changes happening. He had expressed his concern and apologizes to Mr. Wheeler. He does not know any more than what he read in the paper.

There being no further comments, Chairman Hauryski declared the opportunity for public comment closed.

Mr. Alderman stated that he would first like to thank Mr. Alger for the honor of being the keeper of such a big piece of county history. He did take the opportunity add his own personal touch; a Corvette insignia. It has been a daunting task to keep the fruitcake safe and frozen for an entire year. However, he is pleased to announce that the fruitcake remained frozen and in his custody. As Personnel Officer, he did attempt to write a job spec for the fruitcake, but it turns out the fruitcake is really not qualified for anything. Mr. Alderman stated that he believes for the coming year the only individual qualified enough to do a good job keeping the fruitcake safe is…Sheriff Allard.

Motion Adopting the Minutes of the Previous Meeting(s) made by Mr. Van Etten. Seconded by Mrs. Lando and duly carried.

Mr. Ryan stated that he would like to recognize Caylea Lautner and Josh Hammond who are currently serving, or have served in the military.

Mr. Hauryski commented the Legislative Flower Fund is getting low and he would appreciate any donations the Legislators could make.

Mr. Mullen stated over the last few years I have had concerns about the manner in which the Commissioner has exercised her authority in relation to different members of the community. I was previously a foster parent and had a very good experience with the Commissioner and the department with that. However, I am aware of people who have had very negative experiences with that, and experiences that I think were handled wrongly by the department. Because of that, I am no longer a foster parent. I think that we should do something other than a five-year appointment, and I understand that is not going to happen today, but I just wanted to voice that concern and note that we have also heard from former employees of the department with concerns. I’m not sure exactly what has been done with that.

RESOLVED, Kathryn A. Muller of Bath, New York, is hereby appointed by the Steuben County Legislature as Steuben County’s representative on the board of the LDC being created by the 11-county consortium; and be it further

RESOLVED, that certified copies of this resolution shall be forwarded to the County Manager, County Attorney, Commissioner of Finance, Sheriff, Probation Director, District Attorney, and the Commissioner of Social Services.
Ms. Fitzpatrick asked what is the purpose of this? Mr. Wheeler explained this is an issue not without controversy. There is an 11-county consortium that is responsible for examining detention alternatives for 16 year old offenders and starting in 2019, for 17 year old offenders. Currently, the closest option is Albany County at a cost of $2,000 - $3,000 per day. That would require deputies for transport. With no local option, the consortium was talking about forming an LDC (Local Development Corporation). As Mr. Alger alluded to earlier, there was a newspaper article that was written presenting that a site was already selected in Bath and that is where the facility would be. That is wholly incorrect; the discussion was rehabbing Camp Monterey or building a new building somewhere within the 11-county consortium. Each county was asked to provide a location. The LDC could purchase property to do that. There are a number of options. The next step is the creation of the LDC. We are recommending Ms. Muller to serve as our representative on that board. The other 10 counties will also be appointing their DSS Commissioners. Anyone is welcome to attend those meetings. This is a topic we need to stay on top of.
